## FUTURE OUTLOOK OF THE FUND

The Indian economy continues to steadily build on its recovery that started to take shape since the establishment of the new government. Macro-economic parameters such as benign commodity prices, low inflation and declining interest rates though largely intact, have seen some recent challenges with commodity prices having come off extremely depressed levels of 2015 and recent readings on inflation having raised some short-term concerns particularly in the area of food inflation. Meanwhile, improvement in corporate earnings and expectation of an

# Trustees' Report for the financial year ended March 31, 2016

above average rainfall has raised the spirits of the market. After several quarters, corporate earnings in 4QFY16 have managed double-digit growth and looks like a trend that would continue into FY17. Benefits of other structural reforms such as financial inclusion, continued increase in govt spending towards the rural economy, DBT and Aadhar supports a possible recovery in the rural markets over the next 2-3 years. We reckon that the Indian economy after a very long time will likely enter a phase wherein both, the urban and rural parts of the economy will likely display strong growth simultaneously. A favorable monsoon will further bolster the demand outlook and strengthen the proposition for overall GDP to accelerate its pace compared to the past few years. Besides, implementation of fresh reforms such as the expected closure of GST and the strong drive to address the NPA situation of the banking sector will lay an important foundation for growth beyond 2016 and 2017.

While the above will likely provide a good backdrop for equity markets in general, MOAMC remains focused on its stated approach of long-term investing based on its QGLP investment philosophy. Seeking returns by buying exceptionally good quality growth businesses through a bottom up stock selection process for an investment horizon of atleast 3-5 years will in our view be the best way to deliver sustained outperformance.

Based on our internal estimates, we reckon that at an aggregate level the investment holdings across our different fund portfolios have the ability to grow earnings significantly ahead of the market, which in turn will drive the Funds to outperform their respective broader market benchmarks.

In order to ensure that an active role is played in better Corporate Governance of the Listed Companies where investment of Mutual Fund Schemes is made, we have framed this Voting Policy in compliance with SEBI Circular no. SEBI/IMD/CIR No. 18/198647/2010 dated March 15, 2010, clarificatory email received from SEBI on June 23, 2011 and SEBI circular no. CIR/IMD/DF/05/2014 dated March 24, 2014. This Policy shall be applicable to all equity holdings across all our equity mutual fund schemes.

#### Objective of Voting Policy

Broadly, the objectives of this Policy are as follows:

- To outline the role and obligations of Mutual Fund in ensuring better corporate governance of listed companies in which the funds of Schemes of Mutual Fund are invested.
- To exercise voting responsibilities at the general meetings of Investee Companies in the best interest of the unit holders of the Mutual Fund.
- To explain reporting and disclosure requirements with regards to proxy voting.

The principles and positions reflected in this policy are designed to guide us in exercising our votes with respect to the shares and not necessarily in making investment decisions. The Fund Managers of each of the schemes of the Mutual Fund base their determinations of whether their respective schemes should invest in the shares of particular company on a variety of factors at all times keeping paramount the best interests of the unit holders of such scheme, and while corporate governance may be one such factor, it may not be the most important consideration.

#### Policy Guidelines

MOAMC shall adhere to the following guidelines:

- This Policy will be effective for all listed companies, wherein equity schemes of Mutual Fund have invested.

The actual exercise of the proxy votes in the AGMs/EGMs of the Investee Company will cover the following matters and will be reported in the SEBI prescribed format:

#### A. Ordinary Business:

- a. Adopting the Annual Accounts (P&L & Balance Sheet)
- b. Declaration of Annual or Interim or Final or Special Dividend
- c. Appointment or removal or retirement of Directors
- d. Appointment or Re-appointment of Auditors

#### B. Special Business

Corporate governance issues are diverse and continually evolving. While it is difficult to provide an exhaustive list of such issues, the following guidelines/policies reflect what MOAMC believes to be good corporate governance measures and the stance it may generally take with respect to the below matters:

##### i. Corporate Governance Matters

MOAMC supports resolutions like change in registered office of the Company from one State to another State, merger and other corporate restructuring, which are in the interest of the unit holders of the Fund. MOAMC will analyze various economic and strategic factors in making the final decision on a merger, acquisition or any other corporate restructuring proposals. However, MOAMC will vote against resolutions pertaining to takeover by an acquirer, etc. which are against the interest of the unit holders. MOAMC will consider, on a case to case basis, proposals to rotate auditors, and will vote against the appointment of auditors when there is convincing evidence of accounting irregularities or negligence.

##### ii. Changes to Capital Structure

Changes in capitalization will generally be supported where a reasonable need for the change is demonstrated. MOAMC will review on a case to case basis, proposals by companies to change the capital structure by increasing/decreasing the authorized shares and the purpose for the same. MOAMC believes that a company's decisions pertaining to financing has a material impact on its shareholders, in particular when they involve the issuance of additional shares or the assumption of additional debt. However such changes resulting in excessive dilution of existing shareholder value will not be supported.

##### iii. Stock option plans and other proposals pertaining to management compensation

MOAMC would support such remuneration proposals, which are tied to achieving long-term performance and enhancing shareholder value. Stock option plans that are excessively generous or dilute other shareholders' stake value will not be supported.

##### iv. Social and corporate responsibility issues

In light of the increasing need for fair disclosures, a growing need for social and corporate responsibility, MOAMC's responsibility increases. MOAMC shall vote in favor of such matters which are believed to have significant socio-economic benefits.

# Trustees' Report for the financial year ended March 31, 2016

## v. Board of Directors

MOAMC believes in philosophy of having an independent board of directors as the same is key to comply with good corporate governance norms. MOAMC would support proposals pertaining to appointment of independent directors, and the key committees such as audit, IPO, CSR and remuneration committees etc. to be comprised of independent members.

## vi. Related-party transactions

In view of the increasing number of incidences of related-party transactions being seen in the corporate sector today which can have large-scale implications on the future of the underlying business of the Investee company and its valuation, MOAMC will ensure its active participation in voting on such transactions to safeguard the interest of its unit holders.

## vii. Any other issue that may affect the interest of the shareholders in general and interest of the Unit holder in particular.

## C. Investment in group companies of MOAMC and investment in companies that have subscribed to the units of schemes of Mutual Fund:

In cases where investments are in group companies of the MOAMC or where the Investee Companies have substantial investments in the schemes of the Motilal Oswal Mutual Fund, MOAMC shall specifically review all voting proposals and take decisions with respect to voting on such proposals in the best interest of the unit holders. MOAMC may decide to abstain from such voting, if it deems fit to do so in the best interest of the unit holders or if there is a conflict of interest.

### Exception to the above

MOAMC may also decide to abstain from voting in cases of any of the above stated Special resolutions, where it has insufficient information or there is a conflict of interest or MOAMC does not receive the communication in time.

Although MOAMC will vote in accordance with the Voting Policy, but it may act differently if, the relevant facts and circumstances so warrant. Hence, MOAMC may deviate from the Voting Policy guidelines when it determines that the deviation is necessary to protect the interests of the unit holders.

### Guidelines for Schemes which are Exchange Traded Funds and Index Funds

In relation to its Schemes that are exchange traded funds (ETFs) or index funds which are based on various indices, as the case may be, Mutual Fund invests in such ETFs / index based funds based on the index which is being tracked by such Scheme. These indices are developed, owned and maintained by independent index providers. The indices are maintained on a day to day basis by the index provider as per the policy laid down by the index provider and various parameters are used for inclusion and exclusion of stocks from the index. Mutual Fund obtains a license for using these indices to launch its ETFs. These Schemes then track such indices by investing in the stocks based on its weightage in such index. Mutual Fund carries rebalancing exercises based on the details of corporate actions, etc. and other relevant details received from the index providers. The Fund Manager of such ETF/Index Schemes do not play an active role in the selection the stocks for investment/ disinvestment. The Fund Manager's decisions are based solely on the notice of corporate actions received from the index providers. As Mutual Fund follows a passive philosophy towards investment in its Schemes that are ETF or index funds Mutual Fund would abstain from voting on any matters with respect to companies in which such Schemes that are ETFs / index funds have investments.

### Amendments/Updates, Internal Review and control

Any regulatory amendment/update etc. shall be carried out from time to time to the policy by Investment Committee. The Investment Committee will review the proxy voting required as per the voting policy and actual exercise of proxy votes.

#### 2. Significant Accounting Policies

##### 2.1 Basis of Accounting

The financial statements are prepared on the accrual basis of accounting, under the historical cost convention, as modified for investments, which are 'marked to market'. The financial statements have been prepared in accordance with the Regulations as amended from time to time.

As per the Securities and Exchange Board of India (SEBI) (Mutual Funds) (Amendment) Regulations, 2012, issued on February 21, 2012, the Eighth schedule to the regulations was amended to include "Principles of Fair Valuation" which required the mutual funds to value their investments in accordance with the specified overarching principles so as to ensure fair treatment to all investors including existing investors as well as investors seeking to purchase or redeem units of the mutual fund in all schemes at all points of time.

##### 2.2 Determination of net asset value ('NAV')

- The net asset value of the units of the scheme is determined separately for the units issued under the plans.
- For reporting the multiple net asset values within the portfolio, the scheme's daily income earned, including realized profit or loss and unrealized gain or loss in the value of investments, and expenses incurred, are allocated to the related plans in proportion to their respective net assets (net assets of previous day plus subscription less redemption for the day) of the plan.

##### 2.3 Unit Capital

Unit Capital represents the net outstanding units as at the Balance Sheet date.

Upon subscription and redemption of units, the net premium or discount to the face value of units is credited or debited respectively to the Unit Premium Reserve account, after adjusting an appropriate portion of the sale / repurchase price to the Income Equalisation account.

##### 2.4 Income Equalisation account

When units are issued or redeemed, the total undistributed income from the beginning of the accounting year to the date of the transaction is determined. Based on the number of units outstanding on the transaction date, the undistributed income associated with each unit is computed. The per unit amount so determined is credited and debited to the Income Equalisation account on issue and redemption of each unit respectively.

At the year end, the balance in the Income Equalisation account is transferred to the Revenue Account.

##### 2.5 Investments

###### a) Accounting for investment transactions

Purchase and sale of investments are recorded on the date of the transaction, at the cost and sale price respectively, after considering brokerage as per the applicable Mutual Fund Guidelines, commission, securities transaction tax and fees payable or receivable, if any. Capitalization of such brokerage and transaction costs incurred for the purpose of execution of trades is restricted to 12 bps in case of cash market transactions and 5 bps in case of derivative transactions. Any cost in excess of the specified limit is charged to the Revenue Account of the scheme as part of the total expense ratio. Front end fee receivable, if any, is reduced from the cost of investment. Bonus entitlements are recognised as investments on the 'ex-bonus date'. Rights entitlements are recognised as investments on the 'ex-rights date'. Other Corporate Action entitlements are recognised on the ex date

###### Repo

Instruments bought on 'Repo' basis are valued at the resale price after deduction of applicable interest up to the date of resale.

###### b) Valuation of investments

The Fund has valued its investments in accordance with the Regulations, as amended from time to time. All investments are marked to market and are stated in the balance sheet at their market / fair value. In valuing the Scheme's investments:

###### I. Valuation of Traded Securities

Traded Equity and Equity related securities are valued at the last quoted closing price on the principal stock exchange (NSE).

###### II. Valuation of Thinly Traded Securities/Non-traded and Unlisted Securities

Thinly Traded securities are valued "in good faith" on the basis of net worth per share and earnings capitalization as prescribed by the SEBI.

###### Investments in fixed income securities (other than government securities) are valued as follows:

All debt securities with residual maturity upto 60 days are valued based on yield to maturity derived from trades done by schemes managed by the AMC. If there are no trades done by schemes managed by the AMC for the said security then the securities are valued on the basis of amortized cost based on the purchase price or last traded market price, which includes discount / premium accrued on a straight line basis over the period to

maturity as long as the valuation is within a  $\pm 0.10\%$  band of the price derived as per the reference yields provided by the Rating Agencies (CRISIL). In case the amortized value is outside the above band, the YTM of the security is adjusted to bring the price within the  $\pm 0.10\%$  band.

Prior to November 29, 2013, all quoted debt investments other than thinly traded debt investments with residual maturity greater than 60 days, were considered at prices derived from the weighted average yield to maturity of the traded securities as at the valuation date as obtained from a public platform (FIMMDA / NSE WDM / BSE WDM) using traded volume thresholds or based on yield to maturity derived from trades done by schemes managed by MOAMC.

Prior to November 29, 2013, all non-traded / thinly traded money market securities, floating rate securities and debt securities with residual maturity greater than 60 days, are valued using the average of the yields released by CRISIL and ICRA, as suggested by AMFI.

All debt securities with residual maturity greater than 60 days are valued using the simple average of the prices released by CRISIL, as suggested by AMFI. In case of new purchases which are not a part of the list of CRISIL and ICRA security level pricing, such securities are valued at weighted average cost/yield on the day of purchase.

The net unrealized appreciation / depreciation in the value of investments are determined separately for each category of investments. The change in net unrealized loss, if any, between two balance sheet dates is recognized in the revenue account and net unrealized gain, if any, is adjusted in the unrealized appreciation reserve.

All investments are stated at their market / fair value at the balance sheet date.

#### III. Valuation of Units of Mutual Funds

Mutual fund units listed and traded would be valued at the closing traded price as on the valuation date. Unlisted mutual fund units and listed-but-not-traded mutual fund units would be valued at the NAV as on the valuation date.

All other investments are stated at their fair value as determined in good faith by the AMC in accordance with the SEBI Regulations and reviewed by the Trustee.

The change in market value on investments if any between two balance sheet dates is recognised in the revenue account and the change in unrealized appreciation if any is subsequently transferred to the unrealized appreciation reserve. The loss on investments sold/transferred during the year is charged to the revenue account.

#### 2.6 Revenue recognition

- Income on investments is recognized on accrual basis except where there is uncertainty about ultimate recovery / realisation. Such income is recognized when the uncertainty is resolved. When coupon bearing instruments are purchased, interest paid for the period from the last interest payment date up to the date of purchase is debited to Accrued Interest Account and interest received at the time of sale for the period from the last interest payment date up to the date of sale is credited to the Accrued Interest Account.
- Interest on fixed income securities is recognised as income on a daily basis over the period of holding.
- Profit or loss on sale of investments is recognized on the trade date and is determined on the basis of the weighted average cost method.
- For quoted shares, the dividend income earned by a scheme is recognized on the date the share is quoted on an ex-dividend basis.
- The discount or premium, if any, to the redemption value of debt securities is amortized and recognised as interest income or expense as the case maybe over the maturity period, on straight line amortization basis.

#### 2.7 Expenses

- All expenses are accounted for on accrual basis.
- In the case of new schemes launched during the year the NFO expenses are borne by the AMC.
- Accrual of expenses, in addition to TER, for distribution expenses incurred for bringing in inflows from beyond top 15 cities as notified by Association of Mutual Funds of India (AMFI) is accrued in accordance with regulation 52(6A) for MOST Focused 25, MOST Focused Midcap 30, MOST Focused Multicap 35 scheme and MOST Focused Long Term.

#### 2.8 Dividend Distribution

#### 2.9 Entry Load/Exit Load

As per regulation 51A of the Securities & Exchange Board of India (Mutual Funds) (Second Amendment) Regulations, 2012, exit load charged, if any, from 1 October 2012, shall be credited to the scheme. As per SEBI circular No. CIR/IMD/DF/21/2012, dated September 13, 2012, from 1 October 2012, service tax on exit load, if any, shall be paid out of the exit load proceeds and exit load net of service tax, if any, shall be credited to the scheme. Prior to this change, out of the exit load charged to the investors, a maximum amount of 1% of redemption proceeds was maintained in a separate account as load and utilized to meet selling expenses or expenses incurred for the benefit of the unit-holders and the balance was credited to the scheme.
