Rebalancing due to Active Breaches:

Subject to the Regulations, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view applicable regulations and political and economic factors. In the event that the asset allocation of the Scheme should deviate from the ranges as noted in the asset allocation table above, then the portfolio of the Scheme will be rebalanced by the Fund Manager to the position indicated in the asset allocation table above. Such changes in the asset allocation will be for short term and defensive considerations. In case of deviation, if any, from the asset allocation pattern, the AMC shall rebalance the portfolio within a period of 7 calendar days.

Portfolio Rebalancing due to Passive Breach

In case of change in constituents of the index due to periodic review, the portfolio of fund shall be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio of fund in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

Additionally, in the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 days from the date of allotment/listing.

Investment Strategy

The Scheme follows a passive investment strategy and seeks to invest in the constituents of Nifty MidSmall Financial Services Total Return Index. The scheme aims to achieve returns equivalent to the benchmark subject to tracking error. The scheme would also invest in units of Liquid/ debt schemes, debt and money market instruments as stated in the asset allocation table.

Securities Lending

Subject to the SEBI Regulations as applicable from time to time, the Scheme may, participate in securities lending.

Investment by AMC/Sponsor in the Scheme

For investments as may be required under Regulation 28(4) of the Regulations, the AMC may invest in the Scheme during the New Fund Offer (NFO) or continuous offer period subject to the SEBI (MF) Regulations. However, AMC shall not charge any fees on such investments.

Investment of Subscription Money:

The Mutual Fund may deploy NFO proceeds in TREPS before closure of NFO period. However, AMCs shall not charge any investment management and advisory fees on funds deployed in TREPS during the NFO period. The appreciation received from investment in TREPS shall be passed on to investors. Further, in case the minimum subscription amount is not garnered by the Scheme during the NFO period, the interest earned upon investment of NFO proceeds in TREPS shall be returned to investors, in proportion of their investments, along-with the refund of the subscription amount.

Portfolio Turnover

Portfolio Turnover is defined as the lower of sales or purchase divided by the average corpus during a specified period of time. The Scheme, being an open ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. However, it is difficult to measure with reasonable accuracy the likely turnover in the portfolio of the Scheme.

Tracking Error

Tracking error is defined as the standard deviation of the difference between the daily returns of the Underlying Index and the NAV of the Scheme. Theoretically, the corpus of the Scheme has to be fully invested in the securities comprising the Underlying Index in the same proportion of weightage as the securities have in the Underlying Index. However, it is not possible to invest as per the objective due to reason that the Scheme has to incur expenses, corporate actions pertaining to the Index including changes to the constituents, regulatory policies, ability of the Fund Manager to closely replicate the Underlying Index, lack of liquidity, etc. The Scheme's returns may therefore deviate from those of its Underlying Index. Tracking Error may arise due to the following reasons:

- 1. Fees and expenses of the Scheme.
- 2. Cash balance held by the Scheme due to dividend received, subscriptions, redemption, etc.
- 3. Halt in trading on the stock exchange due to circuit filter rules.
- 4. Corporate actions
- 5. The Scheme has to invest in the securities in whole numbers and has to round off the quantity of securities shares.
- 6. Delay in dividend payout, and withholding tax on dividend.
- 7. Changes in the constituents of the underlying Index. Whenever there are any changes, the Scheme has to reallocate its investment as per the revised Index but

market conditions may not offer an opportunity to rebalance its portfolio to match the Index and such delay may affect the NAV of the Scheme.

8. Lack of Liquidity

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error is not expected to exceed by 2% p.a.

In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMC, the tracking error may exceed 2% and the same will be intimated to the Trustees with corrective actions taken by the AMC, if any.

Tracking Difference: The annualized difference of daily returns between the index and the NAV of the Fund shall be disclosed on the website of the Mutual Fund and AMFI, on a monthly basis, for tenures 1 year, 3 years, 5 years, 10 years and since the date of allotment of units.

Risk Profile of the Scheme

Mutual Fund Units involve investment risks including the possible loss of principal. Please read the SID carefully for details on risk factors before investment. Scheme specific Risk Factors are summarized below:

Scheme Specific Risk Factors:

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, return and/or its ability to meet its objectives.

• Risks associated with investing in Equities

- a. Investments in the equity shares of the Companies constituting the Underlying Index are subject to price fluctuation on daily basis. The volatility in the value of equity is due to various micro and macroeconomic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme.
- b. The Scheme would invest in the securities comprising the Underlying Index in the same proportion as the securities have in the Index. Hence, the risk associated with the corresponding Underlying Index would be applicable to the Scheme. The Underlying Index has its own criteria and policy for inclusion/exclusion of securities from the Index, its maintenance thereof and effecting corporate actions. The Fund would invest in the securities of the Index regardless of investment merit, research, without taking a view of the market and without adopting any defensive measures. The Fund would not select securities in which it

wants to invest but is guided by the Underlying Index. As such the Scheme is not actively managed but is passively managed.

c. Risks of Total Return

Dividends are assumed to be reinvested into the constituents of underlying index after the ex-dividend date of the constituents However in practice, the dividend is received with a lag. This can lead to tracking error.

• Market Risk

The Scheme's NAV will react to stock market movements. The value of investments in the scheme may go down over a short or long period due to fluctuations in Scheme's NAV in response to factors such as performance of companies whose stock comprises the underlying portfolio, economic and political developments, changes is government policies, changes in interest rates, inflation and other monetary factors causing movement in prices of underlining investments.

• Concentration risk

This is the risk arising from over exposure to few securities/issuers/sectors.

• Passive Investments

The Scheme is not actively managed. Since the Scheme is linked to index, it may be affected by a general decline in the Indian markets relating to its underlying index. The Scheme as per its investment objective invests in Securities which are constituents of its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

• Right to Limit Redemptions

The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day subject to the guidelines/circulars issued by the Regulatory Authorities from time to time.

• Risk Factors relating to Portfolio Rebalancing

In the event that the asset allocation of the Scheme deviates from the ranges as provided in the asset allocation table in this SID, then the Fund Manager will rebalance the portfolio of the Scheme to the position indicated in the asset allocation table. However, if market conditions do not permit the Fund Manager to rebalance the portfolio of the Scheme then the AMC would notify the Board of the Trustee Company and the Investment Committee of the AMC with appropriate justifications.

Index Fund

The Scheme being an index scheme follows a passive investment technique and shall only invest in Securities comprising one selected index as per investment objective of the Scheme. The Fund Manager would invest in the Securities comprising the underlying index irrespective of the market conditions. If the Securities market declines, the value of the investment held by the Scheme shall decrease.

Risks Associated with Money Market Instruments

Price-Risk or Interest-Rate Risk: Fixed income securities such as bonds, debentures
and money market instruments run price-risk or interest-rate risk. Generally, when
interest rates rise, prices of existing fixed income securities fall and when interest rates
drop, such prices increase. The extent of fall or rise in the prices is a function of the
existing coupon, days to maturity and the increase or decrease in the level of interest
rates.

Credit Risk

Credit Risk means that the issuer of a security may default on interest payments or even paying back the principal amount on maturity. (i.e. the issuer may be unable to make timely principal and interest payments on the security). Even where no default occurs, the prices of security may go down because the credit rating of an issuer goes down. It must be, however, noted that where the Scheme has invested in Government securities, there is no risk to that extent.

- Liquidity or Marketability Risk: This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.
- **Reinvestment Risk**: Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Pre-payment Risk**: Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- **Spread Risk**: In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.

Different types of securities in which the scheme would invest as given in the SID
carry different levels and types of risk. Accordingly, the scheme's risk may increase
or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher
amount of risk than Government securities. Further even among corporate bonds,
bonds, which are AA rated, are comparatively more risky than bonds, which are AAA
rated.

• Risks associated with Investing in Derivatives

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

• Risks associated with Segregated portfolio

The AMC / Trustee shall decide on creation of segregated portfolio of the Scheme in case of a credit event/actual default at issuer level. Accordingly, Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer. The Security comprised of segregated portfolio may not realise any value. Further, Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

• Risks associated with Securities Lending

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes stock lending as prescribed in the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities lent. The Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

• Tracking Error and Tracking Difference Risk

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance and changes to the underlying index and regulatory restrictions, lack of liquidity which may result in Tracking Error. Hence it may affect AMC's ability to achieve close correlation with the underlying index of the Scheme. The Scheme's returns may therefore deviate from its underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the Scheme. The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of Tracking Error relative to performance of the underlying Index. Tracking difference refers to annualized difference of daily returns between the index and the NAV of the ETF / Index fund.

• Trading through mutual fund trading platforms of BSE and/ or NSE

In respect of transaction in Units of the Scheme through BSE and/ or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/ or NSE and their respective clearing corporations on which the Mutual Fund has no control.

• Risks associated with investing in Government of India Securities

• Market Liquidity risk with fixed rate Government of India Securities even though the Government of India Securities market is more liquid compared to other debt instruments, on certain occasions, there could be difficulties in transacting in the market due to extreme volatility leading to constriction in market volumes. Also, the liquidity of the Scheme may suffer in case the relevant guidelines issued by Reserve Bank of India undergo any adverse changes.

• Interest Rate risk associated with Government of India Securities - while Government of India Securities generally carry relatively minimal credit risk since they are issued by the Government of India, they do carry price risk depending upon the general level of interest rates prevailing from time to time. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates decline, the prices of fixed income securities increase. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price-risk is not unique to Government of India Securities. It exists for all fixed income securities. Therefore, their prices tend to be influenced more by movement in interest rates in the financial system than by changes in the government's credit rating. By contrast, in the case of corporate or institutional fixed income Securities, such as bonds or debentures, prices are influenced by their respective credit standing as well as the general level of interest rates.

• Risks associated with investing in TREPS Segments

The mutual fund is a member of securities and TREPS segments of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in TREPS segments are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). The mutual fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time. In the event that the default waterfall is triggered and the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, the scheme may lose an amount equivalent to its contribution to the default fund allocated to the scheme on a pro-rata basis.

• Risk associated with investing in Repo of Corporate Bond Securities

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks -

Corporate Bond Repo will be subject to counter party risk. The Scheme will be exposed to credit risk on the underlying collateral—downward migration of rating. The scheme may impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AA and above rated where potential for downgrade/default is low. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument.

Liquidity of collateral: In the event of default by the counterparty, the scheme would have recourse to recover its investments by selling the collateral in the market. If the

underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

• Risk associated with potential change in Tax structure

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the 'Income Tax Act 1961' or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

For details on risk factors and risk mitigation measures, please refer SID.

Plans/Options

The Scheme has two Plans:

Regular Plan and

Direct Plan

Regular Plan is for Investors who purchase/subscribe units in a Scheme through any Distributor (AMFI Registered Distributor/ARN Holder).

Direct Plan is for investors who purchase/subscribe units in a Scheme directly with the Fund and is not routed through a Distributor (AMFI Registered Distributor/ARN Holder).

Options (Under each plan)

Each Plan offers Growth Option.

Growth Option-

All Income earned and realized profit in respect of a unit issued under that will continue to remain invested until repurchase and shall be deemed to have remained invested in the option itself which will be reflected in the NAV.

The AMC reserves the right to introduce further Options as and when deemed fit.

Default Plan

Investors subscribing Units under Direct Plan of a Scheme should indicate "Direct Plan" against the Scheme name in the application form. Investors should also mention "Direct" in the ARN column of the application form.

The table showing various scenarios for treatment of application under "Direct/Regular" Plan is as follows:

In case of a specific request received from the Unit holders, MOAMC will provide the account statement to the investors within 5 Business Days from the receipt of such request. Investors are requested/encouraged to register/update their email id and mobile number of the primary holder with the AMC/RTA through our Designated Investor Service Centres (DISCs) in order to facilitate effective communication.

Note: If the investor(s) has/have provided his/their email address in the application form or any subsequent communication in any of the folio belonging to the investor(s), Mutual Fund / Asset Management Company reserves the right to use Electronic Mail (email) as a default mode to send various communication which include account statements for transactions done by the investor(s). The investor shall from time to time intimate the Mutual Fund / its Registrar and Transfer Agents about any changes in the email address.

Annual Account Statement:

The Mutual Fund shall provide the Account Statement to the Unitholders who have not transacted during the last six months prior to the date of generation of account statements. The Account Statement shall reflect the latest closing balance and value of the Units prior to the date of generation of the account statement, the account statements in such cases may be generated and issued along with the Portfolio Statement or Annual Report of the Scheme. Alternately, soft copy of the account statements shall be mailed to the investors' e-mail address, instead of physical statement, if so mandated.

Note: If the investor(s) has/have provided his/their email address in the application form or any subsequent communication in any of the folio belonging to the investor(s), Mutual Fund / Asset Management Company reserves the right to use Electronic Mail (email) as a

default mode to send various communication which include account statements for transactions done by the investor(s). The investor shall from time to time intimate the Mutual Fund / its Registrar and Transfer Agents about any changes in the email address.

It may be noted that the primary holder's own email id and mobile no should be provided for speed and ease of communication in a convenient and cost effective manner, and to help prevent fraudulent transactions.

Monthly and Half Yearly Disclosures: Portfolio:

The Mutual Fund / AMC shall disclose portfolio (along with ISIN) in a user friendly & downloadable spreadsheet format, as on the last day of the month/half year for the scheme(s) on its website www.motilaloswalmf.com and on the website of AMFI (www.amfiindia.com) within 10 days from the close of each month/half year.

In case of investors whose email addresses are registered with MOMF, the AMC shall send via email both the monthly and half yearly statement of scheme portfolio within 10 days from the close of each month/half year respectively.

The AMC shall publish an advertisement every half-year, in the all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of the half yearly statement of the schemes portfolio on the AMC's website www.motilaloswalmf.com and on the website of AMFI (www.amfiindia.com). The AMC shall provide physical copy of the statement of scheme portfolio on specific request received from investors.

Half yearly Disclosures: Financial Results

The Mutual Fund shall within one month from the close of each half year, that is on 31st March and on 30th September, host a soft copy of its unaudited financial results on its website. The mutual fund shall publish an advertisement disclosing the hosting of such financial results on their website, in atleast one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the Mutual Fund is situated.

Annual Report:

The Mutual Fund / AMC will host the Annual Report of the Schemes on its website www.motilaloswalmf.com and on the website of AMFI (www.amfiindia.com) not later than four months (or such other period as may be specified by SEBI from time to time) from the date of closure of the relevant accounting year (i.e. 31st March each year).

The Mutual Fund / AMC shall mail the scheme annual reports or abridged summary thereof to those investors whose e-mail addresses are registered with MOMF. The full annual report or abridged summary shall be available for inspection at the Head Office of the Mutual Fund and a copy shall be made available to the investors on request at free of cost

Investors who have not registered their e-mail id will have to specifically opt-in to receive a physical copy of the Annual Report or Abridged Summary thereof.

MOMF will publish an advertisement every year in the all India edition of at least two daily newspapers, one each in English and Hindi, disclosing the hosting of scheme wise Annual Report on the AMC website www.motilaloswalmf.com and on the website of AMFI (www.amfiindia.com).

Monthly & Annual Disclosure of Risk-o-meter

The fund shall communicate any change in risk-o-meter by way of Notice cum Addendum and by way of an e-mail or SMS to unitholder. Further Risk-o-meter of scheme shall be evaluated on a monthly basis and Risk-o-meter along with portfolio shall be disclosed on website and on AMFI website within 10 days from the close of each month.

Additionally, MOMF shall disclose the risk level of all schemes as on March 31 of every year, along with number of times the risk level has changed over the year, on its website and AMFI website.

Disclosure of Benchmark Risk-o-meter

Pursuant to clause 5.16.1 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/CIR / 2023/74 dated May 19, 20, the AMC shall disclose risk-o-meter of the scheme and benchmark in all disclosures including promotional material or that stipulated by SEBI wherever the performance of the scheme vis-à-vis that of the benchmark is disclosed to the investors in which the unit holders are invested as on the date of such disclosure.

Product Dashboard

In accordance with clause 5.8.4 of SEBI Master Circular No. SEBI /HO/IMD/ IMD-PoD-1 / P/ CIR / 2023/74 dated May 19, 20, the AMC has designed and developed the dashboard on their website wherein the investor can access information with regard to scheme's AUM, investment objective, expense ratios, portfolio details and past performance of all the schemes.

INSTRUCTIONS FOR COMPLETING THE APPLICATION FORM

1 General Information

- ease read the terms of the Key Information Memorandum (KIM) and the Scheme Information Document (SID) and Statement of Additional Information carefully before filling the Application Form. Investors are deemed to have accepted the terms subject to which this offer is being made and bind themselves to the terms upon signing the Application Form and tendering payment. The Application Form should be completed in ENGLISH and in BLOCK LETTERS only. Please tick in the appropriate box for
- relevant options wherever applicable. Please do not overwrite. For any correction / changes (if any) made on the Application Form, the sole/all applicants are requested to authenticate the same by canceling and re-writing the correct details and counter-signing the same. Applications completed in all respects, must be submitted at the Investor Service Centres (ISCs) / Official Points of Acceptance.
 Investors can also subscribe to the Units of all scheme of Motilal Oswal Mutual Fund through the mutual fund trading platforms

viz. BSE StAR MF of Bombay Stock Exchange Limited and Mutual Fund Service System (MFSS) of National Stock Exchange of India Limited. For further details, investors are advised to contact ISCs of Karvy or visit our website www.mostshares.com and www.motilaloswalmf.com. Please write the Serial Number of the Application Form / Folio Number on the reverse of the cheque / demand draft. Applications incomplete in any respect are liable to be rejected. The AMC / Trustee retains the sole and absolute discretion to reject any application.

Investments through distributors

As per directions of Securities and Exchange Board of India (SEBI), the distributors, agents or any persons employed or engaged or to be employed or engaged in the sale and/or distribution of mutual fund products are required to have a valid certification from the National Institute of Securities Markets (NISM) by passing the certification examination.

Further, no agents / distributors are entitled to sell units of mutual funds unless the intermediary is registered with Association of Mutual Funds in India (AMFI).

Applications on behalf of minors should be made by natural guardian (i.e. father or mother) or legal guardian (court appointed)

and signed by them. The name of the Guardian should be filled in the relevant space provided in the Application Form. No joint applicant/joint holder is permitted with the minor beneficiary

Employee Unique Identification Number (EUIN)
Further, SEBI has made it compulsory for every employee/ relationship manager/ sales person of the distributor of mutual fund products to quote in the Application Form the EUIN obtained by him/her from AMFI. EUIN would assist in addressing any instance of mis-selling even if the employee/ relationship manager/sales person later leaves the employment of the distributor. Hence, if your investments are routed through a distributor please ensure that the EUIN is correctly filled in the Application Form. However, if your distributor has not given you any advice pertaining to the investment, the EUIN box may be left blank. In this case, you are required to provide a duly signed declaration to this effect, as given in the Form. **Direct Investments**

Investors applying under Direct Plan must mention "Direct" in ARN No. column. In case Distributor code is mentioned in the Application Form, but "Direct Plan" is indicated against the Scheme/ Series name, the Distributor code will be ignored and the application will be processed under Direct Plan. In case of valid application received without indicating "Direct Plan" against the Scheme/ Series name and without any Distributor Code mentioned on the form, the application will be processed under "Direct

- All Applicants are subject to detailed scrutiny and verification. Application Form incomplete in any respect or not accompanied by a Cheque /Demand Draft are liable to be rejected either at the collection centre itself or subsequently after detailed verification at the back office of the Registrars.
- If the Scheme name on the application form and on the payment instrument are different, the application will be processed and units will be allotted at applicable NAV of the scheme mentioned in the application / transaction slip duly signed by investor(s).

E-mail Communication

If the investor has provided an email address, the same will be registered in our records for communication and will be treated as your consent to receive, Allotment confirmations, consolidated account statement/account statement, annual report/abridged summary and any statutory / other information as permitted via electronic mode /email . These documents shall be sent physically in case the Unit holder opts/request for the same. Should the Unit holder experience any difficulty in accessing the electronically delivered documents, the Unit holder shall promptly intimate the Fund about the same to enable the Fund to make the delivery through alternate means. It is deemed that the Unit holder is aware of all security risks including

the Fund to make the delivery through alternate means. It is deemed that the Unit holder is aware of all security risks including possible third party interception of the documents of the documents becoming known to third parties.

The AMC / Trustee reserve the right to send any communication in physical mode.

Compliance and Prevention of Anti Money Laundering Your attention is particularly drawn to the section on "Prevention of Money Laundering and Know Your Customer". All the applications with incomplete/incorrect information/not accompanied with the necessary documents, shall be treated as invalid and shall be liable to be rejected. Prevention of Money Laundering Act, the SEBI Circulars on Anti Money Laundering (AML) and the Client Identification implementation procedures prescribed by AMFI inter alia require the AMC to verify the records of identity and address(es) of investors. It is mandatory for all applicants to submit necessary documents for compliance with Anti Money Laundering (wording is open of princy).
