## I. INTRODUCTION

### A. RISK FACTORS

#### Standard Risk Factors:

- Investment in Mutual Fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down depending on various factors and forces affecting the capital market.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 100,000 made by it towards setting up the Fund.
- The present Scheme is not a guaranteed or assured return Scheme.
- The NAV of the Scheme may be affected by change in the general market conditions, factors and forces affecting capital markets in particular, level of interest rates, various market related factors and trading volumes.
- Changes in Government policy in general and changes in tax benefits applicable to mutual funds may impact the returns to Investors in the Scheme.
- Investors in the Scheme are not being offered any guaranteed/indicated returns

#### Scheme Specific Risk Factors

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, trading price, yield, return and/or its ability to meet its objectives.

- **Market Risk**

The Scheme's NAV will react to stock market movements. The Investor may lose money over short or long period due to fluctuation in Scheme's NAV in response to factors such as performance of companies whose stock comprises the underlying portfolio, economic and political developments, changes in interest rates, inflation and other monetary factors and movement in prices of underlining investments.

- **Market Trading Risks**

- a. **Absence of Prior Active Market:** Although the scheme will be listed on stock exchange, there can be no assurance that an active secondary market will develop or be maintained.
- b. **Lack of Market Liquidity:** Trading in the units of the scheme on stock exchange may be halted because of market conditions or for reasons that in view of stock exchange or SEBI, trading in the units of the scheme are not advisable. In addition, trading of the units of the scheme are subject to trading halts caused by extraordinary market volatility and pursuant to stock exchange and SEBI 'circuit filter' rules. There can be no assurance that the requirements of stock exchange necessary to maintain the listing of the units of the scheme will continue to be met or will remain unchanged.

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

- c. Units of the scheme may trade at prices other than NAV: The units of the scheme may trade above or below their NAV. The NAV of the scheme will fluctuate with changes in the market value of scheme holdings. The trading prices of the units of the scheme will fluctuate in accordance with changes in their NAV as well as market supply and demand for the units of the scheme. However, given that units of the scheme can be created and redeemed in creation units directly with the fund, it is expected that large discounts or premiums to the NAV of units of the scheme will not sustain due to arbitrage opportunity available.
- d. Regulatory Risk: Any changes in trading regulations by stock exchange or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV.
- e. Right to Limit Redemptions: The Trustee, in the general interest of the unit holders of the scheme and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of units which can be redeemed on any business day depending on the total "Saleable Underlying Stock" available with the fund.
- f. Redemption Risk: Investors may note that even though the Scheme is open-ended Scheme, the Scheme would ordinarily repurchase units in creation unit size. Thus unit holdings less than the creation unit size can only be sold through the secondary market on the exchange.
- g. Asset Class Risk: The returns from the types of securities in which the scheme invest may underperform returns of general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under-performance in comparison of securities markets.
- h. Passive Investments: As the scheme proposes to invest not less than 95% of the net assets in the securities of the benchmark Index, the Scheme will not be actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its underlying index regardless of their investment merit.
- i. The units will be issued only in demat form through depositories. The records of the depository are final with respect to the number of units available to the credit of unit holder. Settlement of trades, repurchase of units by the mutual fund depends up on the confirmations to be received from depository (ies) on which the mutual fund has no control.
- j. Tracking Error Risk: The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the respective scheme, corporate actions, cash balance, changes to the underlying index and regulatory policies which may affect AMC's ability to achieve close correlation with the underlying index of the scheme. The scheme's returns may therefore deviate from those of its underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the respective scheme. Tracking Error may arise due to the following reasons: -
  - Expenditure incurred by the fund.
  - The holding of a cash position and accrued income prior to distribution of income and payment of accrued expenses. The fund may not be invested at all times as it may keep a portion of the funds in cash to meet redemptions or for corporate actions.
  - Corporate actions such as debenture or warrant conversion, rights, merger, change in constituents etc.
  - Rounding off of quantity of shares in underlying index.
  - Disinvestments to meet redemptions, recurring expenses, dividend payouts etc.
  - Execution of large buy / sell orders

- Transaction cost (including taxes and insurance premium) and recurring expenses
- Realisation of Unit holders' funds
- Index provider undertakes a periodical review of the scripts that comprise the underlying index and may either drop or include new securities. In such an event, the fund will try to reallocate its portfolio but the available investment/reinvestment opportunity may not permit absolute mirroring immediately.

It will be the endeavour of the fund manager to keep the tracking error as low as possible. Under normal circumstances, such tracking error is not expected to exceed 2% per annum. However, in case of certain corporate actions and market volatility during rebalancing of the portfolio following the rebalancing of the underlying index, etc. or in abnormal market circumstances, the tracking error may exceed the above limits. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Index.

- **Concentration Risk:**

The scheme may have no diversification within its portfolio. This could have implications on the performance of the scheme. The scheme may be more sensitive to economic, business, political or other changes and this may lead to sizeable fluctuation in the Net Asset Value of the scheme.

Motilal Oswal S&P BSE Low Volatility ETF Fund will restricts its investments only in the Security of the underlying index (S&P BSE Low Volatility TR Index) which replicates a single security and will therefore be subject to the risks associated with such concentration.

- **Right to Limit Redemptions**

The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day subject to the guidelines/circulars issued by the Regulatory Authorities from time to time.

- **Asset Class Risk**

The returns from the types of securities in which the Scheme invests may under perform from the various general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under-performance in comparison with the general securities markets.

- **Trading through mutual fund trading platforms of BSE and/ or NSE**

In respect of transaction in Units of the Scheme through BSE and/ or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/ or NSE and their respective clearing corporations on which the Mutual Fund has no control.

- **Risks associated with Segregated portfolio:**

The AMC / Trustee shall decide on creation of segregated portfolio of the Scheme in case of a credit event/actual default at issuer level. Accordingly, Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer. The Security comprised of segregated portfolio may not realise any value. Further, Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

- **Risk associated with ETF**

1. Passive Investments:

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

As the scheme proposes to invest not less than 95% of the net assets in the securities of the benchmark Index, the Scheme will not be actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets. The value of the Scheme's investments, may be affected generally by factors affecting equity markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down

2. Market risk:

ETFs are typically designed to track the performance of certain indices, market sectors, or groups of assets such as stocks, bonds, or commodities. ETF managers may use different strategies to achieve this goal, but in general they do not have the discretion to take defensive positions in declining markets. Investors must be prepared to bear the risk of loss and volatility associated with the underlying index/assets.

3. Tracking errors:

Tracking errors refer to the disparity in performance between an ETF and its underlying index/assets. Tracking errors can arise due to factors such as the impact of transaction fees and expenses incurred to the ETF, changes in composition of the underlying index/assets, and the ETF manager's replication strategy.

4. Trading at discount or premium:

An ETF may be traded at a discount or premium to its Net Asset Value (NAV). This price discrepancy is caused by supply and demand factors, and may be particularly likely to emerge during periods of high market volatility and uncertainty.

5. Liquidity risk:

Authorized participants (APs) are Exchange Participants that provide liquidity to facilitate trading in ETFs. Although most ETFs are supported by one or more APs, there is no assurance that active trading will be maintained.

6. As the units of the Scheme are listed on the Stock Exchange, trading in the units of the Scheme may be halted due to market conditions or for reasons that in the view of the Exchange Authorities or SEBI. There could also be trading halts caused by extraordinary market volatility and pursuant to NSE/BSE and SEBI circuit filter rules and the Scheme would not be able to buy/sell securities in case of subscriptions/redemptions, which may impact the Scheme. Further, there can be no assurance that the requirements of the exchange necessary to maintain the listing of the Scheme will continue to be met or will remain unchanged.

7. Listing and trading of the units are undertaken on the Stock Exchanges within the rules, regulation and policy of the Stock Exchange and SEBI. Any change in trading rules, regulation and policy by the regulatory authority would have a bearing on the trading of the units of the Scheme and its prices.

8. Though the Scheme is listed on the NSE and BSE, there is no assurance that an active secondary market will develop or be maintained. Hence, there would be times when trading in the units of the Scheme would be infrequent.

9. The NAV of the Scheme reflect the valuation of its investment and any changes in market value of its investments would have a bearing on its NAV. When the units are traded on the Stock Exchange,

the units of the Scheme may trade at prices which can be different from the NAV due to various factors like demand and supply for the units of the Scheme, perceived trends in the market outlook, etc.

10. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme portfolio.

11. Investors can directly approach the AMC for redemption of units of ETFs, for transaction of up to INR 25 Cr. without any exit load, in case of the following scenarios:

- i. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- ii. No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- iii. Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days.

12. Investors should note that even though the Scheme is an open ended Scheme, subscription/redemptions directly with the Fund would be limited to such investors who have the ability to subscribe/redeem the units of the Scheme in specific lot sizes. Generally, these lot sizes are larger as compared to normal funds. Even though this Scheme is open ended due to large lot size, very few investors can directly subscribe and redeem the units of the Scheme. However, investors wishing to subscribe/redeem units in other than specific lot sizes can do so by buying/selling the same on the Stock Exchange unless no quotes are available on the exchange for 3 trading days consecutively.

13. Tracking error may arise due to various reasons like fees and expenses charged to the Scheme, IDCW received, corporate actions, change in the Underlying Index, etc. Tracking error has an impact on the performance of the Scheme. The Scheme's returns may therefore deviate from those of its Underlying Basket. However, the Fund would endeavor to keep the tracking error as low as possible.

• **Risk associated with investing in fixed income securities and Money Market Instruments**

- a. **Credit risk:** Credit risk or default risk refers to the risk which may arise due to default on the part of the issuer of the fixed income security (i.e. will be unable to make timely principal and interest payments on the security). Because of this risk debentures are sold at a yield spread above those offered on Treasury securities, which are sovereign obligations and generally considered to be free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default.
- b. **Counterparty risk:** Counterparty refers to the counterparty's inability to honor its commitments (payment, delivery, repayment, etc.) and to risk of default. This risk relates to the quality of the counterparty to which the scheme has exposures. Losses can occur in particular for the settlement/delivery of financial instruments.
- c. **Interest Rate risk:** This risk is associated with movements in interest rate depends on various factors such as government borrowing, inflation, economic performance etc. The value of investments will appreciate/depreciate if the interest rates fall/rise. However, if the investments are held on till maturity

of the investments, the value of the investments will not be subjected to this risk.

- d. **Reinvestment risk:** This risk arises from uncertainty in the rate at which cash flows from the securities may be reinvested. This is because the bond will pay coupons, which will have to be reinvested. The rate at which the coupons will be reinvested will depend upon prevailing market rates at the time the coupons are received.
- e. **Liquidity or Marketability Risk:** This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market.
- f. Different types of fixed income securities in which the Scheme would invest carry different levels and types of risk. Accordingly, the Scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.
- g. The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.

- **Risks associated with investing in TREPS Segments**

The mutual fund is a member of securities and TREPS segments of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in TREPS segments are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). The mutual fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time. In the event that the default waterfall is triggered and the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, the scheme may lose an amount equivalent to its contribution to the default fund allocated to the scheme on a pro-rata basis.

- **Risk associated with Investment in Units of mutual fund**

Investment in Mutual Fund Units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal. As the price / value / interest rate of the securities in which the Scheme(s) invests fluctuates, the value of your investment in the Scheme(s) may go up or down depending on the various factors and forces affecting the capital markets and money markets.

- **Risks associated with investing in Equities**

- a. Investments in the equity shares of the Companies constituting the Underlying Index are subject to price fluctuation on daily basis. The volatility in the value of equity is due to various micro and macro-economic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme.
- b. The Scheme would invest in the securities comprising the Underlying Index in the same proportion as the securities have in the Index. Hence, the risk associated with the corresponding Underlying

Index would be applicable to the Scheme. The Underlying Index has its own criteria and policy for inclusion/exclusion of securities from the Index, its maintenance thereof and effecting corporate actions. The Fund would invest in the securities of the Index regardless of investment merit, research, without taking a view of the market and without adopting any defensive measures. The Fund would not select securities in which it wants to invest but is guided by the Underlying Index. As such the Scheme is not actively managed but is passively managed.

c. **Risks of Total Return**

Dividends are assumed to be reinvested into the S&P BSE Low Volatility Index after the ex-Dividend date of the constituents. However in practice, the Dividend is received with a lag and after deducting applicable withholding tax, if applicable. This can lead to some tracking error.

- **Market Risk**

The Scheme's NAV will react to stock market movements. The value of investments in the scheme may go down over a short or long period due to fluctuations in Scheme's NAV in response to factors such as performance of companies whose stock comprises the underlying portfolio, economic and political developments, changes in government policies, changes in interest rates, inflation and other monetary factors causing movement in prices of underlying investments.

- **Concentration risk**

This is the risk arising from over exposure to few securities/issuers/sectors.

- **Passive Investments**

The Scheme is not actively managed. Since the Scheme is replicating the underlying index, it may be affected by a general decline in the respective markets relating to its underlying index. The Scheme as per its investment objective invests in Securities which are constituents of its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

- **Right to Limit Redemptions**

The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day subject to the guidelines/circulars issued by the Regulatory Authorities from time to time.

- **Risk Factors relating to Portfolio Rebalancing**

In the event that the asset allocation of the Scheme deviates from the ranges as provided in the asset allocation table in this SID, then the Fund Manager will rebalance the portfolio of the Scheme to the position indicated in the asset allocation table. However, if market conditions do not permit the Fund Manager to rebalance the portfolio of the Scheme then the AMC would notify the Board of the Trustee Company and the Investment Committee of the AMC with appropriate justifications.

- **ETF Fund**

The Scheme being an ETF fund follows a passive investment technique and shall only invest in Securities comprising one selected index as per investment objective of the Scheme. The Fund Manager would invest in the Securities comprising the underlying index irrespective of the market conditions. If the Securities market declines, the value of the investment held by the Scheme shall decrease.

- **Risks associated with Investing in Derivatives**

Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

- **Risks associated with Securities Lending**

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes stock lending as prescribed in the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities lent. The Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

- **Risk associated with potential change in Tax structure**

This summary of tax implications given in the taxation section is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the ‘Income Tax Act 1961’ or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

- **Risk Control**

Risk is an inherent part of the investment function. Effective Risk management is critical to fund management for achieving financial soundness. Investment by the Scheme would be made as per the investment objective of the Scheme and in accordance with SEBI Regulations. AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for the same. The system has incorporated all the investment restrictions as per the SEBI guidelines and enables identifying and

measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

## **B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME**

As Motilal Oswal S&P BSE Low Volatility ETF is an exchange traded fund, the provision of minimum number of investors and maximum holding by the investor is not applicable as per SEBI Circular having reference no. SEBI/IMD/CIR NO 10/22701/03 dated December 12, 2003.

## **C. SPECIAL CONSIDERATIONS**

- Prospective investors should study this SID and SAI carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, financial, investment or any other matters and are advised to consult their legal, tax, financial and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming units, before making a decision to invest/redeem/hold units.
- Neither this SID and SAI nor the units have been registered in any jurisdiction. The distribution of this SID or SAI in certain jurisdictions may be restricted or totally prohibited to registration requirements and accordingly, any person who comes into possession of this SID or SAI is required to inform themselves about and to observe any such restrictions and/or legal compliance requirements of applicable laws and Regulations of such relevant jurisdiction. It is the responsibility of any persons in possession of this SID or SAI and any persons wishing to apply for units pursuant to this SID to inform themselves of and to observe, all applicable laws and Regulations of such relevant jurisdiction. Any changes in SEBI/Stock Exchange/RBI regulations and other applicable laws/regulations could have an effect on such investments and valuation thereof.
- The AMC, Trustee or the Mutual Fund have not authorized any person to issue any advertisement or to give any information or to make any representations, either oral or written, other than that contained in this SID or SAI or as provided by the AMC in connection with this offering. Prospective Investors are advised not to rely upon any information or representation not incorporated in the SID or SAI or as provided by the AMC as having been authorized by the Mutual Fund, the AMC or the Trustee.
- The tax benefits described in this SID and SAI are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India as on the date of this SID and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his / her own professional tax advisor.
- Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise.
- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in SAI.

The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.

- MOAMC undertakes the following activities other than that of managing the Schemes of MOMF and has also obtained NOC from SEBI for the same:
  - a. MOAMC is a registered Portfolio Manager under SEBI (Portfolio Managers) Regulations, 1993 bearing registration number INP000000670 dated August 21, 2017.
  - b. MOAMC acts as an Investment Manager to the Schemes of Motilal Oswal Alternative Investment Trust and is registered under SEBI (Alternative Investment Funds) Regulations, 2012 as Category III AIF bearing registration number IN/AIF3/13-14/0044 and IN/AIF3/19-20/0799 respectively.
  - c. MOAMC has incorporated a wholly owned subsidiary in Mauritius which acts as an Investment Manager to the funds based in Mauritius.
  - d. MOAMC has incorporated a wholly owned subsidiary in India which currently undertakes Investment Advisory Services/Portfolio Management Services to offshore clients.

AMC confirms that there is no conflict of interest between the aforesaid activities managed by AMC. In the situations of unavoidable conflicts of interest, the AMC undertakes that it shall satisfy itself that adequate disclosures are made of source of conflict, potential 'material risk or damage' to investor interest and develop parameters for the same.

- Apart from the above-mentioned activities, the AMC may undertake any business activities other than in the nature of management and advisory services provided to pooled assets including offshore funds, insurance funds, pension funds, provident funds, if any of such activities are not in conflict with the activities of the mutual fund subject to receipt of necessary regulatory approvals and approval of Trustees and by ensuring compliance with provisions of regulation 24(b) (i to viii). Provided further that the asset management company may, itself or through its subsidiaries, undertake portfolio management services and advisory services for other than broad based fund till further directions, as may be specified by the Board, subject to compliance with the following additional conditions:-
  - i) It satisfies the Board that key personnel of the asset management company, the system, back office, bank and securities accounts are segregated activity wise and there exist system to prohibit access to inside information of various activities;
  - ii) It meets with the capital adequacy requirements, if any, separately for each of such activities and obtain separate approval, if necessary under the relevant regulations.

Explanation:—For the purpose of this regulation, the term 'broad based fund' shall mean the fund which has at least twenty investors and no single investor account for more than twenty five percent of corpus of the fund.

- The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.
- As the liquidity of the Scheme's investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Units may be significant in the event of an inordinately large number of Redemption requests. The Trustee has the right to limit redemptions under certain circumstances. Please refer to the section "Right to limit Redemption".
- Pursuant to the provisions of Prevention of Money Laundering Act, 2002 (PMLA), if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND (Financial Intelligence Unit – India) or such other authorities as prescribed under the rules/guidelines issued thereunder by SEBI and/or RBI and take any other actions as may be required for the purposes of

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

fulfilling its obligations under PMLA and rules/guidelines issued thereunder by SEBI and/or RBI without obtaining the prior approval of the investor/Unitholder/ any other person.

- **Termination of the scheme(s)**

The Trustees reserve the right to terminate the scheme at any time. Regulation 39(2) of the SEBI Regulations provides that any scheme of a mutual fund may be wound up after repaying the amount due to the unitholders:

- (a) On the happening of any event which, in the opinion of the trustees, requires the scheme to be wound up; or
- (b) If seventy-five percent of the unitholders of a scheme pass a resolution that the scheme be wound up; or
- (c) If SEBI so directs in the interest of the unitholders.
- (d) Where a scheme is wound up under the above Regulation, the trustees shall give a notice disclosing the circumstances leading to the winding up of the scheme:
  - (a) to SEBI; and
  - (b) in two daily newspapers having circulation all over India & a vernacular newspaper circulating at the place where the mutual fund is formed.

In case of termination of the scheme, regulation 41 of the SEBI (mutual Funds) Regulations, 1996 shall apply.

- **Compliance with Foreign Accounts Tax Compliance Act (FATCA) / Common Reporting Standards (CRS)**

The Central Board of Direct Taxes (CBDT) has notified Rules 114F to 114H (pertaining to FATCA-CRS), as part of the Income-tax Rules, 1962, which require Indian financial institutions such as Motilal Oswal Mutual Fund to seek additional personal, tax and beneficial owner information and certain certifications and documentation from its investors/unitholders. Please note that applications for account opening could be liable to be rejected where such FATCA-CRS related information or documentation is not provided.

In relevant cases, the Mutual Fund will have to, inter-alia, report account information (e.g. holdings, redemptions or IDCW) to tax authorities / other agencies, as may be required. In this respect, the Mutual Fund would rely on the relevant information provided by its Registrar and would also use its discretion.

The onus to provide accurate, adequate and timely information would be that of the investor. In this regard, any change in the information provided should be intimated to the Mutual Fund promptly, i.e., within 30 days by the investors/unitholders. Investors/unitholders should consult their own tax advisors for any advice on tax residency or any other aspects of FATCA -CRS.

Please note that the Mutual Fund will be unable to provide any advice in this regard.

#### **Creation of segregated portfolio:**

##### **A. Introduction:**

SEBI vide its circular dated 28 December, 2018 (SEBI/HO/IMD/DF2/CIR/P/2018/160) read with its circular dated 07 November, 2019 (SEBI/HO/IMD/DF2/CIR/P/2019/127), has advised that portfolios by mutual fund schemes investing in debt and money market instruments should have provision in the concerned SID for creating portfolio segregation.

**Segregated Portfolio:** The portfolio comprising of debt and money market instruments, which might be affected by a credit event and shall also include the unrated debt or money market instruments affected by actual default.

**Main Portfolio:** Scheme portfolio excluding segregated portfolio

**Total Portfolio:** Scheme portfolio including the securities affected by credit events

##### **B. Need for segregated portfolio:**

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

While very stringent internal credit evaluation norms are being followed by AMC/Mutual Fund, the risk of credit downgrade in portfolio companies due to various factors cannot be ruled out. In the event of credit downgrade the downgrade instrument generally become illiquid making it very difficult for the fund manager to dispose of such instrument/s. In such an event segregation of such an instrument from the main portfolio will prevent the distressed asset(s) damaging the returns generated from more liquid and better-performing assets of the portfolio. It also provides fair treatment to all existing, incoming and outgoing investors, as any recovery from the issuer in future would get distributed among those investors, who would have suffered a loss due to downgrade event.

### **C. Credit Events**

Segregated portfolio may be created, in case of a credit event at issuer level i.e. downgrade in credit rating by a SEBI registered Credit Rating Agency (CRA), as under:

- 1) Downgrade of a debt or money market instrument to 'below investment grade', or
- 2) Subsequent downgrades of the said instruments from 'below investment grade', or
- 3) Similar such downgrades of a loan rating.

The most conservative rating shall be considered, if there is difference in rating by multiple CRAs, Creation of segregated portfolio shall be based on issuer level credit events as detailed at "Credit Events" and implemented at the ISIN level.

Actual default (for unrated debt or money market instruments)

In case of unrated debt or money market instruments, the actual default of either the interest or principal amount by the issuer.

On occurrence of any default, the AMC shall inform AMFI immediately about the actual default by the issuer. Subsequent to dissemination of information by AMFI about actual default by the issuer, the AMC might segregate the portfolio of debt or money market instruments of the said issuer.

### **D. Segregate portfolio creation process**

Creation of segregated portfolio shall be optional and at the discretion of the AMC/ Trustees.

- a. The AMC may decide on creation of segregated portfolio on the day of credit event/ actual default (as applicable). Segregated portfolio has to be created at the issuer level i.e. the scheme having multiple segregated portfolios will have multiple segregated portfolios. Once decided, AMC shall –
  - i. Seek Trustee prior approval,
  - ii. Issue a press release immediately mentioning its intention to segregate such debt and money market instrument and its impact to investors. It should also disclose that the segregation shall be subject to trustee approval. Additionally, the said press release to be prominently disclosed on the website of the AMC.
  - iii. The Trustee approval has to be secured in not more than one business day from the credit event/actual default date & meanwhile the subscription and redemption in the scheme shall be suspended for processing with respect to creation of units and payment on redemptions.
- b. On receipt of the Trustee approval –
  - i. the segregated portfolio shall be created effective from credit event/actual default date
  - ii. AMC shall issue press release immediately mentioning all details pertaining to the segregated portfolio. The said information shall also be submitted to SEBI.
  - iii. An e-mail or SMS should be sent to all unit holders of the concerned scheme.

- iv. The NAV of both segregated and main portfolio shall be disclosed from the day of the credit event/ Actual Default.
  - v. All existing investors in the scheme as on the day of the credit event/actual default date will be allotted equal number of units in the segregated portfolio as held in the main portfolio.
  - vi. No redemption or subscription will be allowed in the segregated portfolio/s. However, AMC shall enable the listing of the units of the segregated portfolio on recognized stock exchange within 10 working days from the date of its creation and shall also enable transfer of units on receipt of transfer request.
- c. If the trustees do not approve the proposal to segregate portfolio, AMC shall issue a press release immediately informing investors of the same.

#### **E. Disclosure Requirements**

Communication to the investors, NAV disclosure and other disclosure including scheme performance requirements for segregated portfolio shall be as per the norms specified in the above SEBI circular.

MOAMC will comply with all communication requirements /disclosure requirements prescribed by SEBI in an event of creation of segregated portfolio. This shall include disclosures of NAV, issue of account statement, press release announcing credit event and creation of segregated portfolio/s, Disclosure of segregated portfolio in (Monthly/Half Yearly) portfolio statement, etc.

The information regarding number of segregated portfolios created in a scheme shall appear prominently under the name of the scheme at all relevant places such as SID, KIM-cum-Application Form, advertisement, AMC and AMFI websites, etc.

If the Trustee rejects the segregated portfolio proposal then AMC to issue press release and inform the decision of the Trustee to investors, post which subscription and redemption applications will be processed based on the NAV of total portfolio.

#### **F. Valuation of security:**

From the date of credit downgrade to non-investment grade, the Security shall be valued based on principal of fair valuation & hair cut prescribed by the AMFI till the time valuation agency(ies) start providing valuation for the security.

The valuation of the instruments/portfolio shall be done based on the quote/price obtained from the independent valuation agency(ies). In cases where quote/price is not available from an independent agency, the Valuation Committee will decide the methodology for valuation of such instruments/portfolio.

All subscription and redemption requests for which NAV of the day of credit event/ Actual Default or subsequent day is applicable will be processed as per the existing circular on applicability of NAV as under:

- i. Upon trustees' approval to create a segregated portfolio –
  - Investors redeeming their units will get redemption proceeds based on the NAV of main portfolio and will continue to hold the units of segregated portfolio.
  - Investors subscribing to the scheme will be allotted units only in the main portfolio based on its NAV.
- ii. In case trustees do not approve the proposal of segregated portfolio, subscription and redemption applications will be processed based on the NAV of total portfolio.

**G. Total Expense Ratio (TER) for segregated portfolio:**

AMC shall not charge investment and advisory fees on the segregated portfolio.

TER (including legal charges and excluding the investment and advisory fees) shall be charged pro-rata basis only on upon recovery of investment in the segregated portfolio. The legal charges related to recovery of the investments of the segregated portfolio may be charged to the segregated portfolio in proportion to the amount of recovery. The maximum TER limit shall be same as applicable to the main portfolio. TER in excess of limit shall be borne by AMC. However, the costs related to segregated portfolio shall in no case be charged to the main portfolio.

The TER so levied shall not exceed the simple average of such expenses (excluding the investment and advisory fees) charged on daily basis on the main portfolio (in % terms) during the period for which the segregated portfolio was in existence.

**H. Distribution of recovery:**

Any recovery of investment of the segregated portfolio/s (including recovery after write-off) shall be distributed immediately to the investors in proportion to their holdings in the segregated portfolio/s.

**I. Monitoring of segregated portfolio:**

Trustees shall monitor the compliance of the SEBI Circular in respect of creation of segregated portfolio and disclosure in this respect shall be made in Half-Yearly Trustee reports to be filed with SEBI.

**J. Evaluation of negative impact on the performance incentives:**

In order to avoid mis-use of the segregated portfolio, Trustees will put in place a mechanism to evaluate the negative impact of such segregation, on the performance incentives of the Fund Managers, Chief Investment Officers (CIOs), etc. involved in the investment process of securities under the segregated portfolio, mirroring the existing mechanism for performance incentives of MOAMC., including claw back of such amount to the segregated portfolio of the scheme.

The amount forfeited shall be credited to the segregated portfolio of the concern scheme(s) in the ratio of value of the securities downgraded in the respective schemes before the credit event.

**K. Action Taken Report:**

AMC shall put sincere efforts to recover the bad investment. An Action Taken Report should be prepared and placed before the Board of Trustee meeting/s till the matter is finally resolved.

**Illustration of segregated portfolio**

The below table shows how a security affected by a credit event will be segregated and its impact on investors:

Portfolio Date: September 30, 2022 Downgrade Event Date: September 30, 2022 Mr. X is holding 1000 units of the scheme for an amount of Rs 12,323.10 (1,000 \* 12.3231)

#### **L. Benefits of Segregated Portfolio:**

1. Creation of Segregated portfolio helps ensuring fair treatment to all investors in case of a credit event/ actual default and helps in managing liquidity risk during such events;
2. Investors subscribing to the scheme post segregation of the portfolio will be allotted units only in the main portfolio based on its NAV;
3. The investors of the segregated portfolio shall be duly informed of the recovery proceedings of the investments of the segregated portfolio. Status update may be provided to the investors at the time of recovery and also at the time of writing-off of the segregated securities.
4. Only investors who hold units in the scheme on the day of credit event/actual default shall be entitled to share the proceeds generated from the sale of the segregated asset or any future recovery(s)

#### **Mutual Fund schemes that are in the process of winding up**

The Scheme shall comply with the SEBI Circular No. SEBI/HO/IMD/DF3/CIR/P/2020/086 dated May 20, 2020 in the event of Winding-up in terms of Regulation 39(2)(a) of MF Regulations.

The AMC, its sponsor, employees of AMC and Trustee shall not be permitted to transact (buy or sell) in the units of such schemes that are under the process of being wound up. The compliance of the same will be monitored both by the Board of AMC and Trustee.

## II. INFORMATION ABOUT THE SCHEME

### A. TYPE OF THE SCHEME

An open ended scheme replicating/ tracking total returns of S&P BSE Low Volatility Total Return Index

### B. INVESTMENT OBJECTIVE

The investment objective of the scheme is to provide returns that, before expenses, correspond to the total returns of the securities as represented by S&P BSE Low Volatility Total Return Index, subject to tracking error.

However, there is no guarantee or assurance that the investment objective of the scheme will be achieved.

### C. ASSET ALLOCATION

Under normal circumstances, the asset allocation pattern of the Scheme is as follows:

| Instruments  | Indicative allocations<br>(% of total assets) |         | Risk Profile    |
|--|---|---------|-----------------|
|  | Minimum                                       | Maximum | High/Medium/Low |
| Constituents of S&P BSE Low Volatility Index                     | 95%   | 100%    | Very High       |
| Units of Liquid/ debt schemes, debt and money market instruments | 0%  | 5%      | Low             |

The scheme will not make any investment in Securitised Debt

The Scheme shall not invest in repo in corporate debt and corporate reverse repo.

The Scheme shall not engage in short selling

The Scheme shall not invest in unrated debt instrument.

The Scheme shall not invest in foreign securities.

The Scheme shall not invest in Credit Default Swaps (CDS).

The Scheme shall not invest in REITs and InvITs.

The Scheme will not invest in debt instruments having Structured Obligations / Credit Enhancements.

The scheme will not invest in securities covered under SEBI circular SEBI/HO/IMD/DF4/CIR/P/2021/032 dated March 10, 2021.

Money Market Instruments includes Commercial papers, Commercial bills, Treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, Bills Rediscounting, Repos, Triparty Repo, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.

The Scheme may take exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period. Other than for above purposes, the Scheme will not invest in Equity Derivatives. These investments would be for a short period of time ie. 7 days. Exposure towards Equity Derivatives instruments shall not exceed 20% of the net assets of the Scheme. If the exposure falls outside the above mentioned asset allocation pattern, the portfolio to be rebalanced by AMC within 7 days from the date of said deviation.

“Subject to the SEBI (MF) Regulations and in accordance with Securities Lending Scheme, 1997, SEBI Circular No MFD/CIR/ 01/ 047/99 dated February 10, 1999, SEBI Circular no. SEBI / IMD / CIR No 14 / 187175/ 2009 dated December 15, 2009 and framework for short selling and borrowing and lending of securities notified by SEBI vide circular No MRD/DoP/SE/Dep/ Cir- 14/2007 dated December 20, 2007, as  
*SID of Motilal Oswal S&P BSE Low Volatility ETF*

may be amended from time to time, the Scheme intends to engage in Stock Lending. The Scheme shall adhere to the following limits should it engage in Stock Lending.

- Not more than 20% of the net assets of the Scheme can be deployed in Stock Lending.
- Not more than 5% of the net assets of the Scheme can be deployed in Stock Lending to any single approved intermediary (as may be applicable).

The cumulative gross exposure through equity, debt, derivative positions, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time will not exceed 100% of the net assets of the scheme, subject to approval if any.

The Scheme, in general, will hold all the securities that comprise of underline Index in the same proportion as the index. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.

The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

Pending deployment of funds as per investment objective may be parked in short term deposits of scheduled commercial banks, subject to guidelines and limits and timelines specified by SEBI.

#### **Change in Asset Allocation**

Subject to the Regulations, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view market conditions, market opportunities, applicable regulations and political and economic factors. In the event that the asset allocation of the Scheme should deviate from the ranges as noted in the asset allocation table above, then the portfolio of the Scheme will be rebalanced by the Fund Manager to the position indicated in the asset allocation table above. Such changes in the asset allocation will be for short term and defensive considerations. In case of deviation, if any, from the asset allocation pattern, the AMC shall rebalance the portfolio within a period of 7 calendar days. Where the portfolio is not rebalanced within 7 calendar days, justification for the same shall be placed before the Investment Committee and reasons for the same shall be recorded in writing. The Investment Committee shall then decide on the course of action.

Further, in case of change in constituents of the index due to periodic review, the portfolio of ETF shall be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio of ETF in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

#### **D. INVESTMENT BY THE SCHEME**

The scheme would invest in the securities comprising the S&P BSE Low Volatility TR Index in the same proportion (weights) as in the index and track the benchmark index. The scheme may also invest in the money market instruments, in compliance with regulation to meet liquidity requirements.

Money Market instruments includes units of liquid schemes, Commercial Paper, Commercial Bills, Treasury bills, Government securities having an unexpired maturity up to one year, call or notice money, Certificate of deposit, Bills Rediscounting, Repos, TREPS, usance bills, and any other like instruments as specified by the Reserve Bank of India from time to time.

A brief narration of Money Market Instruments are as under:

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

1. Certificate of Deposits (CDs) is a negotiable money market instrument issued by scheduled commercial banks and select all- India Financial Institutions that have been permitted by the RBI to raise short term resources.
2. Commercial Paper (CPs) is an unsecured negotiable money market instrument issued in the form of promissory note, generally issued by the corporates, primary dealers and all India Financial Institutions as an alternative source of short term borrowings. They are issued at a discount to the face value as may be determined by the issuer. CP is traded in secondary market and can be freely bought and sold before maturity.
3. Treasury Bills (T-Bills) are issued by the Government of India to meet their short term borrowing requirements. T-Bills are issued for maturities of 91 days, and 364 days. T-bills are issued at a discount to their face value and redeemed at par.
4. TREPS.
5. Securities created and issued by the Central Governments as may be permitted by RBI, securities guaranteed by the Central Governments (including but not limited to coupon bearing bonds, zero coupon bonds and treasury bills). Central Government Securities are sovereign debt obligations of the Government of India with zero-risk of default and issued on its behalf by RBI. They form part of Government's annual borrowing programme and are used to fund the fiscal deficit along with other short term and long term requirements. Such securities could be fixed rate, fixed interest rate with put/call option, zero coupon bond, floating rate bonds, capital indexed bonds, Fixed Interest security with staggered maturity payment etc.
6. Repo (Repurchase Agreement) or Reverse Repo is a transaction in which two parties agree to sell and purchase the same security with an agreement to purchase or sell the same security at a mutually decided future date and price. The transaction results in collateralized borrowing or lending of funds. When the seller sells the security with an agreement to repurchase it, it is Repo transaction whereas from the perspective of buyer who buys the security with an agreement to sell it at a later date, it is reverse repo transaction. The scheme can participate in Repo/Reverse Repo in G-Secs and T-Bills.

### **Investment in Derivatives**

The Scheme may take an exposure to equity derivatives of constituents of the Underlying Index when securities of the Index are unavailable, insufficient or for rebalancing at the time of change in Index or in case of corporate actions, for a short period of time. The total exposure to derivatives would be restricted to 20% of the net assets of the Scheme.

The Scheme may use derivative instruments such as stock futures and options contracts, warrants, convertible securities, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objective of the Scheme.

### **Limit for investment in derivatives instruments**

In accordance with SEBI Circulars Nos. DNP/Cir-29/2005 dated September 14, 2005, DNP/Cir-30/2006 dated January 20, 2006, SEBI/DNP/Cir-31/2006 dated September 22, 2006, and Cir/IMD/DF/11/2010 dated August 18, 2010 and SEBI Circular No. SEBI/HO/MRD/DP/CIR/P/2016/143 dated December 27, 2016 and such other amendments issued by SEBI from time to time, the following conditions shall apply to the Scheme's participation in the derivatives market. The investment restrictions applicable to the Scheme's participation in the derivatives market will be as prescribed or varied by SEBI or by the Trustees (subject to SEBI requirements) from time to time. The Scheme shall under normal circumstances not have exposure of more than 20% of its net assets in derivative instruments.

**i. Position limit for the Mutual Fund in index options contracts**

1. The Mutual Fund's position limit in all index options contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index options, whichever is higher, per Stock Exchange.
2. This limit would be applicable on open positions in all options contracts on a particular underlying index.

**ii. Position limit for the Mutual Fund in index futures contracts**

1. The Mutual Fund's position limit in all index futures contracts on a particular underlying index shall be Rs. 500 crore or 15% of the total open interest of the market in index futures, whichever is higher, per stock Exchange.
2. This limit would be applicable on open positions in all futures contracts on a particular underlying index.

**iii. Position limit for the Mutual Fund for stock based derivative contracts:**

- The Mutual Fund position limit in a derivative contract on a particular underlying stock, i.e. stock option contracts and stock futures contracts will be as follows :-
- The combined futures and options position limit shall be 20% of the applicable Market Wide Position Limit (MWPL).

**v. Position limit for the Scheme:**

1. For stock option and stock futures contracts, the gross open position across all derivative contracts on a particular underlying stock of the Scheme shall not exceed the higher of:  
1% of the free float market capitalisation (in terms of number of shares) or 5% of the open interest in the derivative contracts on a particular underlying stock (in terms of number of contracts).
2. This position limits shall be applicable on the combined position in all derivative contracts on an underlying stock at a stock exchange.
3. For index based contracts, the Fund shall disclose the total open interest held by its scheme or all schemes put together in a particular underlying index, if such open interest equals to or exceeds 15% of the open interest of all derivative contracts on that underlying index.

As and when SEBI amends the limits in position limits for exchange traded derivative contracts in future, the aforesaid position limits, to the extent relevant, shall be read as if they were substituted with the SEBI amended limits.

**Definition of Exposure in case of Derivative Positions**

Each position taken in Derivatives shall have an associated exposure as defined under. Exposure is the maximum possible loss that may occur on a position. However, certain Derivative positions may theoretically have unlimited possible loss. Exposure in Derivative positions shall be computed as:

| Position                | Exposure                                       |
|-------------------------|--|
| Long Future             | Futures Price * Lot Size * Number of Contracts |
| Short Future            | Futures Price * Lot Size * Number of Contracts |
| Option bought Contracts | Option Premium Paid * Lot Size * Number of     |

**Concepts and Examples:**

**Futures**

Futures (Index & Stocks) are forward contracts traded on the exchanges & have been introduced both by BSE and NSE. Currently futures of 1 month (near month), 2 months (next month) and 3 months (far

month) are presently traded on these exchanges. These futures expire on the last working Thursday of the respective months.

### **Illustration with Index Futures**

In case the Nifty near month future contract is trading at say, Rs. 9,600, and the fund manager has a view that it will depreciate going forward; the Scheme can initiate a sale transaction of Nifty futures at Rs. 9,610 without holding a portfolio of equity stocks or any other underlying long equity position. Once the price falls to Rs. 9,500 after say, 20 days, the Scheme can initiate a square-up transaction by buying the said futures and book a profit of Rs. 110.

Correspondingly, if the fund manager has a positive view he can initiate a long position in the index /stock futures without an underlying cash/ cash equivalent subject to the extant regulations.

There are futures based on stock indices as mentioned above as also futures based on individual stocks. The profitability of index /stock future as compared to an individual security will inter-alia depend upon:

- The Carrying cost,
- The interest available on surplus funds, and
- The transaction cost

### **Example of a typical future trade and the associated costs:**

| Particulars   | Index Future | Actual Purchase of Stocks |
|---|--------------|---------------------------|
| Index at the beginning of the month   | 9,600        | 9,600                     |
| Price of 1 Month Future   | 9,620        | -                         |
| A. Execution Cost: Carry and other index future costs   | 20           | -                         |
| B. Brokerage Costs (0.05% of Index Future and 0.12% for spot stocks)                                    | 4.81         | 11.52                     |
| C. Gains on Surplus Funds: (Assumed 6.00% p.a. return on 85% of the money left after paying 15% margin) | 40.325       | 0                         |
| ( $6.00\% \times 9600 \times 85\% \times 30 \text{ days} / 365$ )                                       |              |                           |
| Total Cost (A+B-C)  | -15.51       | 11.52                     |

### **Few strategies that employ stock /index futures and their objectives:**

#### **Buying/ Selling Stock future:**

When the Scheme wants to initiate a long position in a stock whose spot price is at say, Rs.100 and futures is at 98, then the Scheme may just buy the futures contract instead of the spot thereby benefiting from a lower cost.

In case the Scheme has a bearish view on a stock which is trading in the spot market at Rs.98 and the futures market at say Rs. 100, the Scheme may subject to regulations, initiate a short position in the futures contract. In case the prices align with the view and the price depreciates to say Rs. 90, the Scheme can square up the short position thereby earning a profit of Rs.10 vis-a- vis a fall in stock price of Rs. 8.

### **Risk associated with these strategies:**

1. Lack of opportunities
2. Inability of derivatives to correlate perfectly with underlying security and

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

3. Execution Risk, whereby ultimate execution takes place at a different rates than those devised by the strategy.

Execution of these strategies depends upon the ability of the fund manager to identify and execute based on such opportunities. These involve significant uncertainties and decision of fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

### **Option Contracts (Stock and Index)**

An Option gives the buyer the right, but not the obligation, to buy (call) or sell (put) a stock at an agreed upon price during a certain period of time or on a specific date.

Options are used to manage risk or as an investment to generate income. The price at which underlying security is contracted to be purchased or sold is called the Strike Price.

Options that can be exercised on or before the expiration date are called American Options while, Options that can be exercised only on the expiration date are called European Options

Note: The above table is for the purpose of explaining concept of options contract. As per the current Regulations, the Scheme(s) cannot write option or purchase instrument with embedded write option.

### **Option contracts are of two types - Call and Put**

#### **Call Option:**

A call option gives the buyer, the right to buy specified quantity of the underlying asset at the set strike price on or before expiration date and the seller (writer) of call option however, has the obligation to sell the underlying asset if the buyer of the call option decides to exercise the option to buy.

#### **Put Option:**

A put option gives the buyer the right to sell specified quantity of the underlying asset at the set strike price on or before expiration date and the seller (writer) of put option however, has the obligation to buy the underlying asset if the buyer of the put option decides to exercise his option to sell.

### **Index Options / Stock Options**

Index options / Stock options are termed to be an efficient way of buying / selling an index/stock compared to buying / selling a portfolio of physical shares representing an index for ease of execution and settlement. The participation can be done by buying / selling either Index futures or by buying a call/put option.

The risk are also different when index /stock futures are bought/sold vis-a-vis index/ stocks options as in case of an index future there is a mark to market variation and the risk is much higher as compared to buying an option, where the risk is limited to the extent of premium paid.

In terms of provision of SEBI circular dated August 18, 2010, the Scheme shall not write options or purchase instruments with embedded written options.

The illustration below explains how one can gain using Index call / put option. These same principals of profit / loss in an Index option apply in Toto to that for a stock option.

### **Call Option**

Suppose an investor buys a Call option on 1 lot of Nifty 50 (Lot Size: 75 units)

- Nifty index (European option)
- Nifty 1 Lot Size: 75 units
- Spot Price (S): 9600
- Strike Price (x): 9700 (Out-of-Money Call Option)
- Premium: 37

Total Amount paid by the investor as premium  $[75 \times 37] = 2775$

There are two possibilities i.e. either the index moves up over the strike price or remains below the strike price.

#### **Case 1- The index goes up**

- **An investor sells the Nifty Option described above before expiry:**

Suppose the Nifty index moves up to 9900 in the spot market and the premium has moved to Rs 250 and there are 15 days more left for the expiry. The investor decides to reverse his position in the market by selling his 1 Nifty call option as the option now is In the Money.

His gains are as follows:

- Nifty Spot: 9600
- Current Premium: Rs.250
- Premium paid: Rs.37
- Net Gain:  $\text{Rs.}250 - \text{Rs.}37 = \text{Rs.}213$  per unit
- Total gain on 1 lot of Nifty (75 units) =  $\text{Rs.}15,975$  ( $75 \times 213$ )

In this case the premium of Rs.250 has an intrinsic value of Rs. 200 per unit and the remaining Rs. 50 is the time value of the option.

- **An investor exercises the Nifty Option at expiry**

Suppose the Nifty index moves up to 9800 in the spot market on the expiry day and the investor decides to reverse his position in the market by exercising the Nifty call option as the option now is in the money.

His gains are as follows:

- Nifty Spot: 9800
- Premium paid: Rs.37
- Exercise Price: 9700
- Receivable on exercise:  $9800 - 9700 = 100$
- Total Gain:  $\text{Rs. } 4725 \{ (100 - 37) \times 75 \}$

In this case the realised gain is only the intrinsic value, which is Rs.100, and there is no time value.

#### **Case 2 - The Nifty index moves to any level below 9700**

Then the investor does not gain anything but on the other hand his loss is limited to the premium paid:

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

Net Loss is Rs.2775 (Loss is capped to the extent of Premium Paid) (Rs 37 Premium paid\*Lot Size: 75 units).

### **Put Option**

Suppose an investor buys a Put option on 1 lot of Nifty 50.

- Nifty 1 Lot Size: 75 units
- Spot Price (S): 9600
- Strike Price (x): 9500 (Out-of-Money Put Option)
- Premium: 40
- Total Amount paid by the investor as premium  $[75*40] = 3000$

There are two possibilities i.e. either the index moves over the strike price or moves below the strike price.

Let us analyze these scenarios.

#### **Case 1 - The index goes down**

- **An investor sells the Nifty Option before expiry:**

Suppose the Nifty index moves down to 9400 in the spot market and the premium has moved to Rs. 140 and there are 15 days more left for the expiry. The investor decides to reverse his position in the market by selling his 1 Nifty Put Option as the option now is in the money. His gains are as follows:

- Nifty Spot: 9400
- Premium paid: Rs.40
- Net Gain:  $\text{Rs.140} - \text{Rs.40} = \text{Rs.100}$  per unit
- Total gain on 1 lot of Nifty (75 units) =  $\text{Rs.7500}$  ( $100*75$ )

In this case the premium of Rs.140 has an intrinsic value of Rs. 100 per unit and the remaining Rs.40 is the time value of the option.

- **An investor exercises the Nifty Option at expiry (It is an European Option)**

Suppose the Nifty index moves down to 9400 in the spot market on the expiry day and the investor decides to reverse his position in the market by exercising the Nifty Put Option as the option now is in the money.

His gains are as follows:

- Nifty Spot: 9400
- Premium paid: Rs.40
- Exercise Price: 9500
- Gain on exercise:  $9500 - 9400 = 100$
- Total Gain:  $\text{Rs.4500}$   $\{(100 - 40)*75\}$

In this case the realised amount is only the intrinsic value, which is Rs.100, and there is no time value in this case.

**Case 2 - If the Nifty index stays over the strike price which is 9500, in the spot market then the investor does not gain anything but on the other hand his loss is limited to the premium paid.**

- Nifty Spot:  $>9600$
- Net Loss Rs.3000 (Loss is capped to the extent of Premium Paid) (Rs. 40 Premium paid\*Lot Size:75 units)

### **Risk Associated with these Strategies**

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

- The risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

## **E. INVESTMENT STRATEGY**

The investment strategy would involve offering investment returns that are similar to the total returns of S&P BSE Low Volatility Total Return Index before fees / expense and subject to tracking error.

The scheme aims to invest in the constituent of S&P BSE Low Volatility Total Return Index, in the range of 95% to 100%. The scheme would also invest in units of Liquid/ debt schemes, debt and money market instruments, in the range of 0% to 5%.

### **Risk Control**

Risk is an inherent part of the investment function. Effective Risk management is critical to fund management for achieving financial soundness. Investment by the Scheme would be made as per the investment objective of the Scheme and in accordance with SEBI Regulations. AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for the same. Further, AMC has implemented Bloomberg Portfolio Order Management System as the Front Office System for managing risk. The system has incorporated all the investment restrictions as per the SEBI guidelines and enables identifying and measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

### **Portfolio Turnover**

Portfolio Turnover is defined as the lower of sales or purchase divided by the average corpus during a specified period of time. Generally, Portfolio Turnover would depend upon the rebalancing of the portfolio due to change in composition of the Index or due to corporate actions of the securities constituting the Index.

### **Tracking Error**

Tracking error is defined as the annualized standard deviation of the difference between the daily returns of the Underlying Index and the NAV of the Scheme based on past one year rolling data shall not exceed 2%. Theoretically, the corpus of the Scheme has to be fully invested in the securities comprising the Underlying Index in the same proportion of weightage as the securities have in the Underlying Index. However, it is not possible to invest as per the objective due to reason that the Scheme has to incur expenses, corporate actions pertaining to the Basket including changes to the constituents, regulatory policies, ability of the Fund Manager to closely replicate the Underlying Index, etc. The Scheme's returns may therefore deviate from those of its Underlying Basket. Tracking Error may arise due to the following reasons:-

1. Fees and expenses of the Scheme.
2. Cash balance held by the Scheme due to subscriptions, redemption, etc.
3. Corporate actions
4. The Scheme has to invest in the securities in whole numbers and has to round off the quantity of securities shares.
5. Changes in the constituents of the underlying Basket. Whenever there are any changes, the Scheme has to reallocate its investment as per the revised Basket but market conditions may not offer an opportunity to rebalance its portfolio to match the Basket and such delay may affect the NAV of the Scheme.
6. Lack of Liquidity

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error shall not exceed by 2%.

In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMC, the tracking error may exceed 2% and the same will be intimated to the Trustees with corrective actions taken by the AMC, if any.

**Tracking Difference:**

Tracking difference i.e. the annualized difference of daily returns between the index or goods and the NAV of the ETF will be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

**Investment by AMC/Sponsor in the Scheme**

In accordance with Regulation 28(4) of SEBI (Mutual Funds) (Amendment) Regulations, 2014 the Sponsor or AMC shall invest not less than 1 % of the amount raised in the NFO or fifty lakh rupees, whichever is less, in the growth option of the scheme and such investment shall not be redeemed unless the scheme is wound up.

In addition to investments as mandated under Regulation 28(4) of the Regulations as mentioned above, the AMC may invest in the Scheme during the continuous offer period subject to the SEBI (MF) Regulations.

## **F. FUNDAMENTAL ATTRIBUTES**

Following are the Fundamental Attributes of the Scheme, in terms of Regulation 18 (15A) of the SEBI (MF) Regulations:

- (i) Type of a Scheme: An open ended scheme replicating/ tracking the total returns of S&P BSE Low Volatility Total Return Index
- (ii) Investment Objective:

## I. INVESTMENT RESTRICTIONS

The following are the investment restrictions as contained in the Seventh Schedule and amendments thereof to SEBI (MF) Regulations which are applicable to the Scheme at the time of making investments:

1. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a Mutual Fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the SEBI:

Provided further that a Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI:

Provided further that sale of Government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

2. The Mutual Fund shall get the securities purchased or transferred in the name of the Mutual Fund on account of the concerned scheme, wherever investments are intended to be of long-term nature.

3. The Mutual Fund under all its schemes shall not own more than 10% of any company's paid up capital carrying voting rights.

4. Transfers of investments from one scheme to another scheme in the same Mutual Fund shall be allowed only if,

(a) such transfers are done at the prevailing market price for quoted instruments on spot basis.

[Explanation - "Spot basis" shall have same meaning as specified by stock exchange for spot transactions;]

(b) The securities so transferred shall be in conformity with investment objective of the scheme to which such transfer has been made and the Policy on Inter Scheme Transfer prepared in compliance with SEBI circular having ref. no. SEBI/HO/IMD/DF4/CIR/P/2020/202 dated October 08, 2020 as amended from time to time.

5. The Scheme may invest in another scheme under the same asset management company or any other Mutual Fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other Asset Management Company shall not exceed 5% of the net asset value of the Mutual Fund. Provided that this clause shall not apply to any fund of funds scheme.

6. Pending deployment of funds of a Scheme in terms of investment objectives of the Scheme, the Mutual Fund may invest the funds of the scheme in short-term deposits of scheduled commercial banks, subject to the following guidelines issued by SEBI and as may be amended from time to time.

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

Pursuant to the SEBI Circular No. SEBI/IMD/CIR No. 1/ 91171 /07 dated April 16, 2007 read with SEBI Circular No. SEBI/HO/IMD/DF4/CIR/P/2019/093 dated August 16, 2019, where the cash in the scheme is parked in short term deposits of Scheduled Commercial Banks pending deployment, the scheme shall abide by the following guidelines:

(a) "Short Term" for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.

(b) The Scheme shall not park more than 15% of net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustees.

(c) Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.

(d) The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.

(e) The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD do not invest in the said scheme until the scheme has STD with such bank

(f) The AMC will not charge any investment management and advisory fees for funds under a Plan parked in short term deposits of scheduled commercial banks.

(g) The above provisions will not apply to term deposits placed as margins for trading in cash and derivatives market.

7. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 5% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time.

8. For the purpose listed debt instruments shall include listed and to be listed debt instruments. All fresh investments by mutual fund schemes in CPs would be made only in CPs which are listed or to be listed and would be restricted to residual portion of 5%.

|  | <p>Notification No. S.O. 4419(E) dated December 10, 2019 issued by Department of Revenue, Ministry of Finance, Government of India, read with Part I of Chapter IV of Notification dated February 21, 2019 issued by Legislative Department, Ministry of Law and Justice, Government of India on the Finance Act, 2019, a stamp duty @ 0.005% of the transaction value would be levied on all mutual fund inflow transactions i.e. purchases (including Switch-ins), SIP / STP installments (including IDCW reinvestment) with effect from July 01, 2020. Accordingly, pursuant to levy of stamp duty, the number of units allotted to the unit holders would be lower to that extent. Kindly refer the example below for better understanding.</p> <p>Example: An investor invests Rs.10,000/- and the current NAV is Rs. 10/- then the purchase price will be Rs.10/-. After deduction of stamp duty investor will receive 999.95 units</p> <table border="1" data-bbox="507 721 1273 1048"> <tr> <td>Investment amount (A)</td><td>Rs.10,000/-</td></tr> <tr> <td>Less: Transaction charges (deducted and paid to distributor, if applicable) (B)</td><td>NIL</td></tr> <tr> <td>Stamp duty applicable (@0.005%)<br/><math>C = (A - B) * 0.005 / 100.005</math></td><td>0.50</td></tr> <tr> <td>Net Investment amount<br/><math>D = (A - B - C)</math></td><td>9,999.50/-</td></tr> <tr> <td>NAV (E)</td><td>Rs.10/-</td></tr> <tr> <td>Units allotted <math>F = D / E</math></td><td>999.95</td></tr> </table> <p><b>b) Methodology of calculating repurchase price of Units</b></p> <p>Repurchase or redemption price is the price or NAV at which an open-ended scheme purchases or redeems its units from the investors. It may include exit load, if applicable. The exit load, if any, shall be charged as a percentage of Net Assets Value (NAV) i.e. applicable load as a percentage of NAV will be deducted from the “Applicable NAV” to calculate the repurchase price. Therefore, Repurchase or Redemption Price = Applicable NAV *(1- Exit Load, if any)</p> <p>Example: If the Applicable NAV is Rs. 10 and a 2% Exit Load is charged, the Redemption Price per Unit will be calculated as follows: = Rs. 10 * (1- 0.02) = Rs. 10 * (0.98) = Rs. 9.80</p> | Investment amount (A) | Rs.10,000/- | Less: Transaction charges (deducted and paid to distributor, if applicable) (B) | NIL | Stamp duty applicable (@0.005%)<br>$C = (A - B) * 0.005 / 100.005$ | 0.50 | Net Investment amount<br>$D = (A - B - C)$ | 9,999.50/- | NAV (E) | Rs.10/- | Units allotted $F = D / E$ | 999.95 |

With a view to create one record for all financial assets of every individual, SEBI vide its Circular no. CIR/MRD/ DP/31/2014 dated November 12, 2014 enabled a single consolidated view of all the investments of an investor in Mutual Funds (MF) and securities held in demat form with the Depositories. In accordance with the above, the following shall be applicable for unitholders having a Demat Account.</li> <li>Investors having MF investments and holding securities in Demat</li> </ul>   |

|                   |  |
|-------------------|--|
|                   | <p>account shall receive a Single Consolidated Account Statement from the Depository.</p> <ul style="list-style-type: none"> <li>Consolidation of account statement shall be done on the basis of PAN. In case of multiple holding, it shall be PAN of the first holder and pattern of holding. The CAS shall be generated on a monthly basis.</li> <li>If there is any transaction in any of the Demat accounts of the investor or in any of his mutual fund folios depositories shall send the CAS within ten days from the month end. In case there is no transaction in any of the mutual fund folios and demat accounts then CAS with holding details shall be sent to the investor on half yearly basis. The Consolidated Account statement will be in accordance to SEBI circular no. SEBI/HO/IMD/DF2/ CIR/P/2016/89 dated September 20, 2016 and SEBI circular no. SEBI/HO/IMD/DF2/CIR/P/2018/137 dated October 22, 2018.</li> <li>Investors are requested/encouraged to register/update their email id and mobile number of the primary holder with the AMC/RTA through our Designated Investor Service Centres (DISCs) in order to facilitate effective communication</li> </ul> <p><b>Annual Account Statement:</b><br/>The Mutual Fund shall provide the Account Statement to the Unitholders who have not transacted during the last six months prior to the date of generation of account statements. The Account Statement shall reflect the latest closing balance and value of the Units prior to the date of generation of the account statement, the account statements in such cases may be generated and issued along with the Portfolio Statement or Annual Report of the Scheme. Alternately, soft copy of the account statements shall be mailed to the investors' e-mail address, instead of physical statement, if so mandated.</p> <p>Note: If the investor(s) has/have provided his/their email address in the application form or any subsequent communication in any of the folio belonging to the investor(s), Mutual Fund / Asset Management Company reserves the right to use Electronic Mail (email) as a default mode to send various communication which include account statements for transactions done by the investor(s). The investor shall from time to time intimate the Mutual Fund / its Registrar and Transfer Agents about any changes in the email address.</p> <p>It may be noted that the primary holder's own email id and mobile no should be provided for speed and ease of communication in a convenient and cost effective manner, and to help prevent fraudulent transactions.</p> |
| <b>Redemption</b> | <p>The redemption or repurchase proceeds shall be despatched to the Unitholders within 10 working days from the date of redemption or repurchase.</p> <p>Further, AMCs may also use modes of dispatch such as speed post, courier etc. for payments including refunds to unitholders in addition to the registered post with acknowledgement due.</p>  |

|   |   |
|---|---|
| <b>Delay in payment of redemption / repurchase proceeds</b>   | The AMC shall be liable to pay interest to the Unitholders at such rate as may be specified by SEBI for the period of such delay (presently @ 15% per annum).   |
| <b>Bank Account Details</b>                                   | <p>As per SEBI requirements, it is mandatory for an investor to provide his/her bank account number in the Application Form. The Bank Account details as mentioned with the Depository should be mentioned. If depository account details furnished in the application form are invalid or not confirmed in the depository system, the application may be rejected. The Application Form without the Bank account details would be treated as incomplete and rejected.</p> <p>Notwithstanding any of the above conditions, any application may be accepted or rejected at the sole and absolute discretion of the Trustee.</p>  |
| <b>Role of Authorised Participant/Market Makers</b>           | The role of Authorised Participants is to offer liquidity of the units of the Scheme on the Stock Exchange where the Units are listed. Authorised Participants may offer to buy and sell quotes (bid and ask quotes) on the Exchanges such that buy and sell orders get executed in the market subject to price compatibility. Authorised Participants may for the purpose of creating liquidity subscribe or redeem the units of the Scheme directly with the Mutual Fund.   |
| <b>Purchase / Sale of the units of Scheme on the Exchange</b> | <p>Buying / Selling of units of the Scheme on the Exchange is just like buying / selling any other normal listed security. If an investor has bought units, an investor has to pay the purchase amount to the broker / sub-broker such that the amount paid is realised before the funds pay-in day of the settlement cycle on the exchange. If an investor has sold units, an investor has to deliver the units to the broker / sub-broker before the securities pay-in day of the settlement cycle on the exchange. The units (in the case of units bought) and the funds (in the case of units sold) are paid out to the broker on the payout day of the settlement cycle on the exchange. The trading member would pay the money or units to the investor in accordance with the time prescribed by the stock exchange regulation.</p> <p>If an investor has bought units, he/she should give standing instructions for 'Delivery-In' to his/her DP for accepting units in his/her beneficiary account. An investor should give the details of his/her beneficiary account and the DP-ID of his/her DP to his/her trading member. The trading member will transfer the units directly to his/her beneficiary account on receipt of the same from exchange clearing corporation.</p> <p>An investor who has sold units should instruct his/her Depository Participant (DP) to give 'Delivery Out' instructions to transfer the units from his/her beneficiary account to the Pool Account of his/her trading member through whom he/she have sold the units. The details of the pool a/c of his/her trading member to which the units are to be transferred, unit quantity etc. should be mentioned in the Delivery Out instructions given by him/her to the DP. The instructions should be given well before the prescribed securities pay-in day. SEBI has advised that the Delivery Out instructions should be given at least 24 hours prior to the cut-off time for the prescribed securities pay-in to avoid any rejection of instructions due to data entry errors, network problems, etc.</p> |

|   |  |
|---|--|
|   | <p>If the average discount, of the bid price to the indicative NAV over a period of 30 trading days is greater than 3%, then an investor can sell its units of the Scheme directly to the Fund for a period of 3 consecutive trading days with an exit load of 1% of NAV of the Scheme. The notification of the same would be displayed on our website.</p>  |
| <b>Transaction handling charges</b>   | <p>Transaction handling charges include brokerage, depository participant charges, uploading charges and such other charges that the Mutual Fund may have to incur in the course of accepting the portfolio deposit or for giving a portfolio of securities as consideration for a redemption request. Such transaction handling charges shall be recoverable from the transacting authorized participant/large investor.</p>  |
| <b>Cost of trading on the Stock Exchange</b>  | <p>Investor will have to bear the cost of brokerage and other applicable statutory levies e.g. Securities Transaction Tax, etc. when the units are bought or sold on the stock exchange.</p>   |
| <b>The policy regarding reissue of repurchased units, including the maximum extent, the manner of reissue, the entity (the scheme or the AMC) involved in the same.</b> | <p>Units once redeemed/repurchased will not be re-issued.</p>  |
| <b>Suspension of Sale of Units</b>  | <p>In case of breach of limits of overseas investments as per applicable regulations, the Fund would suspend sale of units until such time the assets under management in the Scheme decreases from the threshold limit as mentioned in the Regulations.</p>   |
| <b>Right to limit Redemptions</b>   | <p>The Trustee may, in the general interest of the Unitholders of the Scheme and when considered appropriate to do so based on unforeseen circumstances/unusual market conditions, impose restriction on redemption of Units of the Schemes. The following requirements will be observed before imposing restriction on redemptions:</p> <ol style="list-style-type: none"> <li>a. Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as: <ol style="list-style-type: none"> <li>i. <b>Liquidity issues</b> - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. AMCs should have in place sound internal liquidity management tools for schemes. Restriction on redemption cannot be used as an ordinary tool in order to manage the liquidity of a scheme. Further, restriction on redemption due to illiquidity of a specific security in the portfolio of a scheme due to a poor investment decision shall not be allowed.</li> <li>ii. <b>Market failures, exchange closures</b> - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies.</li> <li>iii. <b>Operational issues</b> - when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate</li> </ol> </li> </ol> |

|  | <p>diligence of third parties, adequate and effective disaster recovery procedures and systems</p> <p>b. Restriction on redemption may be imposed for a specific period of time not exceeding 10 working days in any 90 day period.</p> <p>c. Any such imposition requires specific approval of Board of AMCs and Trustees and the same shall be immediately informed to SEBI.</p> <p>d. When restriction on redemption is applied the following procedure shall be followed:</p> <p>a) Redemption requests upto Rs. 2 lakh will not be subject to such restriction.</p> <p>b) In case of redemption requests above Rs. 2 lakhs, the AMC shall redeem the first Rs. 2 lakhs without restriction and remaining part over above be subject to such restriction.</p>  |
| <b>Treatment of Unclaimed Redemption</b> | <p>In accordance with SEBI Circular reference no. SEBI/ HO/ IMD/ DF2/ CIR/ P/2016/ 37 dated February 25, 2016, Mutual Funds shall provide the details of investors on their website like, their name, address, folios, etc. The website shall also include the process of claiming the unclaimed amount alongwith necessary forms and document. Further, the unclaimed amount along with its prevailing value shall be disclosed to investors separately in their periodic statement of accounts/CAS.</p> <p>Further, pursuant to said circular on treatment of unclaimed redemption amounts, redemption amounts remaining unclaimed based on expiry of payment instruments will be identified on a monthly basis and amounts of unclaimed redemption would be deployed in the respective Unclaimed Amount Plan(s) as follows:</p> <ul style="list-style-type: none"> <li>•</li> <li>• Motilal Oswal Liquid Fund - Unclaimed Redemption - Upto 3 years</li> <li>• Motilal Oswal Liquid Fund - Unclaimed Redemption - Greater than 3 years</li> </ul> <p>Provided that such schemes where the unclaimed redemption amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per SEBI Circular No. SEBI/HO/IMD/IMD-II/ DOF3/P/CIR/2021/573 dated June 07, 2021. Further, no exit load shall be charged in these plans capped as per TER of direct plan of such scheme or at 50bps whichever is lower.</p> <p>Investors are requested to note that pursuant to the circular investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education.</p> |

| Total Value of Creation Unit   |              |         |        | 35,23,230 |

The Value of Portfolio Deposit and Cash Component would vary from time to time and would be declared by the Fund on a daily basis.

The cash component is arrived in the following manner:

|  |           |
|--|-----------|
| Number of units comprising one Creation Unit     | 30,000    |
| Underlying index value (As on February 10, 2022) | 1174.41   |
| NAV per Unit (1/10 of underlying index value)    | 117.441   |
| Creation Unit Value                              | 35,23,230 |

The above is just an example to illustrate the calculation of cash component. Cash Component will vary depending upon the actual charges incurred. Please note:

1. Transaction charges like brokerage, depositary charges etc. are payable by the investor on per creation request and will be as determined by the AMC at the time of transaction.
2. Cash component is an indicative amount and will be collected/paid as applicable on the date of purchase/redemption. It will vary depending upon the actual charges incurred and other incidental charges for creating units.
3. For accrued interest calculation of dated Government securities, the day count convention of 30/360 is followed.

## C. PERIODIC DISCLOSURES

|  |   |
|--|---|
| <b>Net Asset Value</b>   | AMC will declare NAV under Direct Plan of the Scheme.   |
| This is the value per unit of the scheme on a particular day. You can ascertain the value of your investments by multiplying the NAV with your unit balance. | The NAV will be calculated on all business days and disclosed in the manner specified by SEBI. The AMC shall update the NAVs on its website <a href="http://www.motilaloswalmf.com">www.motilaloswalmf.com</a> and also on AMFI website <a href="http://www.amfiindia.com">www.amfiindia.com</a> by 11.00 p.m. on every business day. If the NAV is not available before 11.00 p.m on the business day, the reason for delay in uploading NAV would be explained to AMFI in writing. If the NAV is not available before the commencement of Business Hours on the following day due to any reason, the Mutual Fund shall issue a press release giving |

#### **D. COMPUTATION OF NAV**

The Net Asset Value (NAV) per unit under the Scheme will be computed by dividing the net assets of the Scheme by the number of units outstanding on the valuation day. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

NAV of the units under the Scheme shall be calculated as follows:

$$\text{NAV (Rs.)} = \frac{\text{Market or Fair Value of Scheme's investments} + \text{Receivables} + \text{Accrued Income} + \text{Other Assets} - \text{Accrued Expenses} - \text{Payables} - \text{Other Liabilities}}{\text{No. of Units outstanding under Scheme on the Valuation Day}}$$

The NAV will be calculated up to four decimals.

The NAV Calculation shall as be as per the Valuation Policy of MOMF made in accordance with SEBI MF Regulations and is available on the mutual fund website [www.motilaloswalmf.com](http://www.motilaloswalmf.com). The AMC will calculate and disclose the first NAV of the Scheme within a period of 5 business days from the date of allotment. Subsequently, the NAV shall be calculated and disclosed on each business day on AMFI's website [www.amfiindia.com](http://www.amfiindia.com), by 11.00 p.m. and also on [www.motilaloswalmf.com](http://www.motilaloswalmf.com). The computation of NAV shall be in conformity with SEBI Regulations and guidelines as prescribed from time to time.

The NAV shall be calculated and announced on each working day.

Hence, for the purposes of valuation and calculating NAV of the Scheme for a particular day, the last available prices of securities on NSE BSE shall be considered (which would be the previous day's closing prices). This will enable the disclosure of the NAV of the Scheme before the deadline as provided by SEBI guidelines.

#### **IV. FEES AND EXPENSES**

This section outlines the expenses that will be charged to the Scheme.

##### **A. NEW FUND OFFER (NFO) EXPENSES**

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees paid marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

The entire NFO expenses were borne by the AMC.

##### **B. ANNUAL SCHEME RECURRING EXPENSES**

These are the fees and expenses for operating the Scheme. These expenses include but are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer agents' fees & expenses, marketing and selling costs etc.

The AMC has estimated that the following expenses will be charged to the Scheme, as permitted under Regulation 52 of SEBI (MF) Regulations. For the actual current expenses being charged, the investor should refer to the website of the Fund. For more details, also refer to the notes below the table.

| Particulars   | (% per annum to daily Net Assets) |
|---|-----------------------------------|
| Investment Management & Advisory Fee  | Upto 1.00%                        |
| Custodial Fees  |                                   |
| Registrar & Transfer Agent Fees including cost related to providing accounts statement, IDCW/redemption cheques/warrants etc. |                                   |
| License fees / listing fees and other such expenses   |                                   |
| Cost towards investor education & awareness (1 bps)**   |                                   |
| Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades respectively               |                                   |
| Audit Fees / Fees and expenses of trustees  |                                   |
| Marketing & Selling Expenses  |                                   |
| Incentives paid to Market Makers, if any^   |                                   |
| GST on brokerage and transaction cost   |                                   |
| Other expenses*   |                                   |
| <b>Maximum total expense ratio (TER) permissible under Regulation 52 (6)</b>  | <b>Upto 1.00%</b>                 |
| Additional expenses for gross new inflows from specified cities under Regulation 52 (6A)(b) #                                 |                                   |

\*Any other expenses which are directly attributable to the Scheme, may be charged with approval of the Trustee within the overall limits as specified in the Regulations except those expenses which are specifically prohibited.

\$ As per SEBI Circular dated March 25, 2019, it has been decided that inflows of amount upto Rs. 2,00,000/- per transaction, by the individual investors shall be considered as inflows from retail investors.

All scheme related expenses including commission paid to distributors, by whatever name it may be called and in whatever manner it may be paid, shall necessarily be paid from the scheme only within the regulatory limits and not from the books of the Asset Management Companies (AMC), its associate, sponsor, trustee or any other entity through any route. Provided that the expenses that are very small in value but high in volume may be paid out of AMC's books. Such expenses can be paid out of AMC's books at actuals or not exceeding 2 bps of respective scheme AUM, whichever is lower

However, the upfront trail commission shall be paid from AMC's books for inflows through SIPs from new investors as per the applicable regulations. The said commission shall be amortized on daily basis to the scheme over the period for which the payment has been made. A complete audit trail of upfronting of trail commissions from the AMC's books and amortization of the same to scheme(s) thereafter shall be made available for inspection. The said commission should be charged to the scheme as 'commissions' and should also account for computing the TER differential between regular and direct plans in each scheme.

^ As per SEBI Circular dated May 23, 2022, it is hereby clarified that with effect from July 1, 2022, incentive to be paid to Market Makers, if any shall be charged to the ETF scheme but within the maximum permissible limit of TER.

Following are the principles of incentive structure:

- MOAMC may decide to pay compensation or remuneration to MMs depending upon various criteria such as volumes, bid-ask spread, inventory maintain by MMs / APs.
- Maintenance by MM of minimum unit creation size of ETF available on both bid and ask side of trades, as may be decided by AMC and MM from time to time.

\*\* As per SEBI Circular dated May 23, 2022, it has been decided that with effect from July 1, 2022, the charges applicable for investor education and awareness initiatives from ETFs shall be 1bps of daily net assets of the scheme.

*SID of Motilal Oswal S&P BSE Low Volatility ETF*

The expenses towards Investment Management and Advisory Fees under Regulation 52 (2) and the various sub-heads of recurring expenses mentioned under Regulation 52 (4) of SEBI (MF) Regulations are fungible in nature. Thus, there shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52 (2) and (4) respectively. Further, the additional expenses under Regulation 52(6A)(c) shall also be incurred towards any of these expense heads.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available to the AMC and the above expenses (including investment management and advisory fees) are subject to inter-se change and may increase/decrease as per actual and/or any change in the Regulations, as amended from time to time.

All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. The TER of the Direct Plan will be lower to the extent of the distribution expenses/commission which is charged in the Regular Plan and no commission for distribution of Units will be paid / charged under the Direct Plan. Accordingly, the NAV of the Direct Plan would be different from NAV of Regular Plan.

In addition to expenses under Regulation 52(6) and (6A), AMC may charge GST on investment and advisory fees, expenses other than investment and advisory fees and brokerage and transaction cost as below:

1. GST on investment and advisory fees charged to the scheme will be in addition to the maximum limit of TER as prescribed in regulation 52 (6) of the SEBI Regulations.
2. GST on expenses other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the SEBI Regulations.
3. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the SEBI Regulations.

In accordance with Regulation 52(6A), the following expenses can be charged in addition to the existing total recurring expenses charged under Regulation 52(6):

Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 % in case of cash market transactions and 0.05 % in case of derivatives transactions.

In accordance with Regulation 52(6A), the following expenses can be charged in addition to the existing total recurring expenses charged under Regulation 52(6):

Brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 % in case of cash market transactions and 0.05 % in case of derivatives transactions;

The Mutual Fund would update the current expense ratios on the website ([www.motilaloswalmf.com](http://www.motilaloswalmf.com)) at least three working days prior to the effective date of the change. Investors can refer to “Total Expense Ratio” section on <https://www.motilaloswalmf.com/downloads/mutual-fund/totalexpensratio> for Total Expense Ratio (TER) details.

Please Note:

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

### C. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the Scheme. This amount is used by the AMC to pay commissions to the distributor and to take care of other marketing and selling expenses. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC [www.motilaloswalmf.com](http://www.motilaloswalmf.com) or may call at toll free no. 91 8108622222 and +91 22 40548002 or your distributor.

| Type of Load     | Load chargeable (as %age of NAV)  |
|------------------|---|
| <b>Entry</b>     | <b>Nil</b><br>In terms of SEBI Circular having reference No. SEBI/IMD/CIR No. 4/168230/09 dated June 30, 2009, no entry load will be charged on purchase / additional purchase / switch-in. The upfront commission, if any, on investment made by the investor shall be paid by the investor directly to the Distributor, based on his assessment of various factors including the service rendered by the Distributor. |
| <b>Exit Load</b> | <b>Nil*</b><br>*Note: In case of redemption of units of the Scheme for less than Creation Unit Size, directly with the Fund, where there have been no quotes on the exchange for 3 trading days consecutively, an investor can sell its units of the Scheme to the Fund with an exit load of 1% of NAV of the Scheme  |

There is no entry/exit load on units of the Scheme bought or sold through the secondary market on the Stock Exchange. However, an investor would be paying cost in the form of a bid and ask spread and brokerage, as charged by his broker for buying/selling units of the Scheme.

Please Note that:

1. Exit load charged to the investors will be credited back to the scheme net of service tax.
2. No Load shall be imposed for switching between Options within the Scheme.
3. Bonus Units and Units issued on reinvestment of IDCWs shall not be subject to entry and exit load.
4. Repurchase/ Resale is at Net Asset Value (NAV) related prices with repurchase/ resale loads as applicable (within limits) as specified under SEBI Regulations 1996, While determining the price of the units, the fund will ensure that the repurchase price is not lower than 95 per cent of the Net Asset Value.
5. For any change in load structure AMC will issue an addendum and display it on the website/Investor Service Centers.

The investor is requested to check the prevailing load structure of the Scheme before investing.

3. Details of all enforcement actions taken by SEBI in the last five years and/ or pending with SEBI for the violation of SEBI Act, 1992 and Rules and Regulations framed there under including debarment and/ or suspension and/ or cancellation and/ or imposition of monetary penalty/adjudication/enquiry proceedings, if any, to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel (especially the fund managers) of the AMC and Trustee Company were/ are a party. The details of the violation shall also be disclosed.

1. SEBI vide Notice dated May 09, 2019, under Rule 4 (1) of SEBI (Procedure for holding Inquiry and Imposing penalties by Adjudicating Officer) rules, 2005 inquired into alleged violation of the provisions of SEBI circular no. SMD/SED/CIR/93/23321 dated November 18, 1993.

SEBI conducted Inspection of MOFSL to examine whether MOFSL has complied with requirements of SEBI circular dated November 18, 1993. Inspection team observed the MOFSL has mis-utilised the funds of client's credit balance lying with the broker for the settlement obligation of the debit balance clients. MOFSL in its reply submitted that Inspection team has not included margin requirements of clients while calculating total creditor balance and hence the same is on higher side and that there would be considerable decrease in the figures if the margin dues are deducted from creditor balance. SEBI did not accept argument of the MOFSL since the margins collected from clients are in the form of funds and/or securities. The fund portion of the margin collected from the client has already been considered while calculating client deposits with the broker.

In view of the above SEBI called upon to show cause as to why an inquiry should not be held against MOFSL in terms of Rule 4 of the Adjudication Rules read with Section 23 of the SCRA 1956 and why penalty should not be imposed on terms of the provisions of Section 23D of the SCRA 1956. MOFSL has filed its reply dated October 03, 2019.

SEBI has passed adjudication order dated 28th February, 2020 against MOFSL and imposed a monetary penalty of Rs. 17,00,000/- to be paid within 45 days of order issued. We have paid penalty to SEBI and the matter is closed.

2. SEBI has initiated Adjudication vide letter dated December 11, 2019, for transactions of a customer in the scrip of Zylog Systems Limited. MOFSL has accepted the order for trading in ZSL from person other than client without any authority i.e. the trade order was issued by Mr. P Srikanth, husband of Client, Mrs. Srikanth Sripriya instead of client herself. With regard to aforesaid, MOFSL sent the reply to SEBI on December 30, 2019 thereby denying the said allegations and to understand the reasons for issuance of said notice without any factual background. MOFSL sent reply to SEBI on May 20, 2020. Further our officials attended the video hearing with SEBI officials on 26<sup>th</sup> May, 2020. SEBI issued an Order dated 28<sup>th</sup> May, 2020 whereby they disposed-of the SCN without any penalty or action. The matter is disposed off.
3. SEBI has initiated adjudication notice against MOFSL vide notice no. SEBI/HO/EAD/EAD4/P/OW/2021/27159/3 dated 05th October, 2021 under rule 4(1) of SEBI (Procedure for holding inquiry and Imposing penalties) rules, 1995 in the matter of Resurgere Mines and Minerals India Limited (RMMIL) Personal Hearing scheduled by SEBI held on 4th April 2022. SEBI issued Adjudication order GR/PU/2022-23/17202-17225 dated 21<sup>st</sup> June, 2022 wherein SEBI have taken no action against MOSL (i.e. MOFSL after merger)
4. SEBI has sent show cause notice vide letter no: SEBI/EAD-3/BM/LD/31186/2021 against MOFSL dated November 01, 2021 based on Rule 4(1) of SEBI (Procedure of Holding inquiry and Imposing Penalties) Rules 1995 and Rule 4 (1) of Securities Contract Regulation (Procedure of Holding inquiry and Imposing Penalties) Rules 2005 where non-compliances observed during inspection viz: Mis-utilisation of client funds, Incorrect Reporting/Short collection of Margin, Client funding

beyond stipulated time, Discrepancies in CKYC process, Non maintenance of evidence of client order placement, incorrect reporting of Weekly Enhanced Supervision data, are highlighted and have asked to revert with clarifications and supporting within 21 days from date of notice. MOFSL had asked for extension to file the revert which was considered by SEBI. Later, MOFSL had filed its reply to SEBI on 28th December, 2021. Personal hearing was conducted on 14th Feb 2022. Basis direction of Adjudicating officer we have filed additional data w.r.t Margin reporting wherein funds were transferred from one segment to another. SEBI vide adjudication order NO. ORDER/BM/LD/2022-23/16301 dated 29th April, 2022 have imposed the penalty of Rs. 25 lakhs which we have paid to SEBI on 23rd May, 2022. As a corrective action on mis-utilization of funds and post Enhanced Supervision circular issued on Sept, 2016, we have not invested any client's funds into non-cash component. We invest only in cash and cash equivalents.

*MOSL has been amalgamated with Motilal Oswal Financial Services Limited (MOFSL) w.e.f August 21, 2018 pursuant to order dated July 30, 2018 issued by Hon'ble National Company Law Tribunal, Mumbai Bench. The existing registration no(s) of MOSL would be used until receipt of new MOFSL registration numbers.*

4. Any pending material civil or criminal litigation incidental to the business of the Mutual Fund to which the Sponsor(s) and/ or the AMC and/ or the Board of Trustees /Trustee Company and/ or any of the directors and/ or key personnel are a party should also be disclosed separately.

**None**

5. Any deficiency in the systems and operations of the Sponsor(s) and/ or the AMC and/or the Board of Trustees/Trustee Company which SEBI has specifically advised to be disclosed in the SID, or which has been notified by any other regulatory agency, shall be disclosed.
