It's an open secret that...

“ Taxes grow
without rains ”

Investments for Tax Saving

It's a well known fact that the Government of India provides tax rebate under sec 80C of the Income Tax Act, 1961. Anybody investing upto Rs. 1,50,000 per year into a specified list of investment products is eligible for this amount to be reduced from their taxable income. The list of specified products includes various items like bank deposits, small savings schemes, equity linked saving schemes of mutual funds, bonds, etc. So basically the Government is telling you that it is important to plan for the future and make right investments in that direction. In the process, of course, the nation benefits from long term investible surpluses which can then be ploughed into various long term funding requirements. If you do this right investment with a plan for your future, they are happy to forgo tax revenues to encourage you to do the right thing! There is only one catch, that such products have a lock-in ranging from three years to seven or eight or ten years depending on what product you pick; time horizon may vary but lock in is a must! Now we all know that if one has to necessarily lock-in money, we might as well lock it in to a product which has least lock-in with highest possible potential for return to take us closer to our goals.

Motilal Oswal AMC as always encourages its investors to BUY RIGHT : SIT TIGHT. What better than to get a tax benefit for doing just that – “BUY RIGHT : SIT TIGHT” with sec 80C tax benefits!

Saving Tax Under Section 80C?

Commonly used Tax Saving Avenue	Minimum Investment Amount	Lock-in Tenure	Returns	Taxability
ELSS	500	3 Years	Market-Linked	Tax Free
PPF	500	15 Years	8.00%	Tax Free
NSC	100	5 Years	8.00%	Interest Income Taxable
Tax-saver FDs	100	5 Years	8.00% (at best)	Interest Income Taxable
Pension Products	Product Specific	Product Specific	7-10%	Annuity Taxable

* Data as on December 31, 2018

*The rate of return(s) used above is assumed and excludes loads and taxes. The above investment representation is used for explaining the concept and for illustration purpose only and should not be construed as an assurance on minimum returns and safeguard of capital. It should not be used for development or implementation of an investment strategy. Investors are requested to note the fiscal laws may change from time to time and there can be no guarantee that the current tax position may continue in future.

What is ELSS?

ELSS or Equity Linked Saving Schemes,

are the Mutual Fund offerings that allow you to **save taxes** while giving you an opportunity to **create wealth** by investing into equities.

Why ELSS?

If you have risk bearing capacity, then ELSS is an ideal option.

ELSS are similar to diversified equity mutual funds.

Wealth creation potential of equity markets cannot be denied. However equities are known to be volatile and thus many investors stay away for the fear of losing money during downturns in the market.

ELSS offers long term investing with one of the shortest lock-in period amongst Tax Savings investment Avenues (mandatory 3 years of lock-in period).

The lock-in period ensures that short term market volatility is ignored and focus is only on the long term wealth creation.

You can invest into ELSS and deduct upto Rs. 1,50,000 from your taxable income to effectively reduce your tax liability under section 80C of Income Tax Act, 1961.

Investors are advised to consult their tax advisor in view of individual nature of tax benefits. Further, Tax deduction(s) available u/s 80C of the Income Tax Act, 1961 is subject to conditions specified therein. Investors are requested to note that fiscal laws may change from time to time and there can be no guarantee that the current tax position may continue in the future.

Over **86%** of the time, Nifty 500 Index has delivered **positive returns** on 3 years rolling basis

Historically, the hit and miss ratio has been 4:1 for generating positive returns considering 3 years of investments in Nifty 500 Index at any given point in time

- 0%-20% - Debt Instruments, Money Market Instruments, G-Secs, Cash and Cash at call, etc.

For Whom ?

- For investors seeking potential growth of equities with the added advantage of tax savings under Section 80C of the Income Tax Act,1961

Our Investment Philosophy – ‘BUY RIGHT SIT TIGHT’

At Motilal Oswal Asset Management Company (MOAMC), our investment philosophy and investing style is centred on 'Buy Right: Sit Tight' principle.

Buy Right

QGLP

- **‘Q’uality** denotes quality of the business and management
- **‘G’rowth** denotes growth in earnings and sustained RoE
- **‘L’ongevity** denotes longevity of the competitive advantage or economic moat of the business
- **‘P’rice** denotes our approach of buying a good business for a fair price rather than buying a fair business for a good price

Sit Tight

- **Buy and Hold:** We are strictly buy and hold investors and believe that picking the right business needs skill and holding onto these businesses to enable our investors to benefit from the entire growth cycle needs even more skill.
- **Focus:** Our portfolios are high conviction portfolios with 25 to 30 stocks being our ideal number. We believe in adequate diversification but over-diversification results in diluting returns for our investors and adding market risk

A business we
“understand”

Favourable “long term
economics”

Margin of “safety”

Able and trustworthy
“management”

About the Scheme

The investment objective of the scheme is to generate long-term capital appreciation from a diversified portfolio of predominantly equity and equity related instruments. However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.

MOFLTE would endeavour to construct such a portfolio that the product is best suited for medium and long term investment.

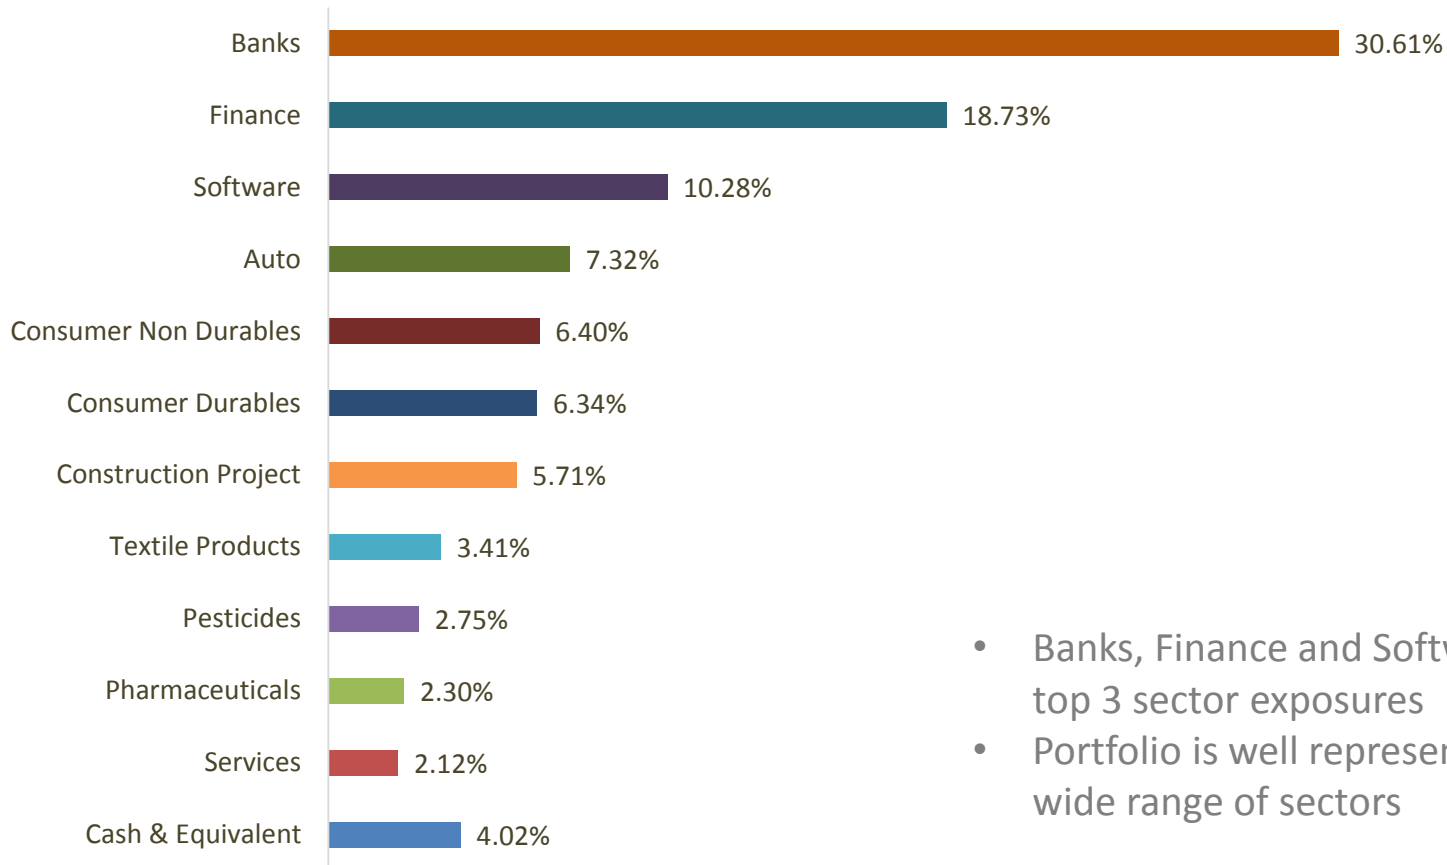

High conviction ideas with improved risk-adjusted return characteristics.

'360 degree view' of company to identify competitive advantages.
