**I. INTRODUCTION**

**A. RISK FACTORS**

### **Standard Risk Factors:**

- Investment in Mutual Fund units involves investment risks such as trading volumes, settlement risk, liquidity risk, default risk including the possible loss of principal.
- As the price / value / interest rate of the securities in which the Scheme invests fluctuates, the value of your investment in the Scheme may go up or down depending on various factors and forces affecting the capital market/debt market.
- Past performance of the Sponsor/AMC/Mutual Fund does not guarantee future performance of the Scheme.
- The name of the Scheme does not in any manner indicate either the quality of the Scheme or its future prospects and returns.
- The Sponsor is not responsible or liable for any loss resulting from the operation of the Scheme beyond the initial contribution of Rs. 100,000 made by it towards setting up the Fund.
- The present Scheme is not a guaranteed or assured return Scheme.

### **Scheme Specific Risk Factors**

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme's NAV, yield, return and/or its ability to meet its objectives.

- **Market Risk**  
The Scheme's NAV will react to the interest rate movements. The Investor may lose money over short or long period due to fluctuation in Scheme's NAV in response to factors such as economic and political developments, changes in interest rates, inflation and other monetary factors and also movement in prices of underlining investments.
- **Regulatory Risk**  
Any changes in trading regulations by NSE or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV.
- **Right to Limit Redemptions**  
The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day subject to the guidelines/circulars issued by the Regulatory Authorities from time to time.
- **Asset Class Risk**  
The returns from the types of securities in which the Scheme invests may under perform from the various general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under-performance in comparison with the general securities markets.
- **Interest Rate Risk**  
Changes in interest rates will affect the Scheme's Net Asset Value. The prices of securities usually increase as interest rates decline and usually decrease as interest rates rise. The extent of fall or rise in the prices is guided by modified duration, which is a function of the existing coupon, days to maturity and increase or decrease in the level of interest rate. The new level of interest rate is determined by the rate at which the government raises new money and/or the price levels at which the market is already dealing in existing securities. Prices of long-term securities generally fluctuate more in response to interest rate changes than short-term securities. The price risk is low

in the case of the floating rate or inflation-linked bonds. The price risk does not exist if the investment is made under a repo agreement. Debt markets, especially in developing markets like India, can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Modified Duration is a measure of price sensitivity, the change in the value of investment to a 1% change in the yield of the investment.

- **Credit Risk**

Credit Risk means that the issuer of a security may default on interest payments or even paying back the principal amount on maturity. (i.e. the issuer may be unable to make timely principal and interest payments on the security). Even where no default occurs, the prices of security may go down because the credit rating of an issuer goes down. It must be, however, noted that where the Scheme has invested in Government securities, there is no risk to that extent.

- **Liquidity or Marketability Risk**

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading Volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such period may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. As liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Fund for redemption of units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme.

- **Risks associated with short selling**

Scheme may enter into short selling transactions, subject to SEBI and RBI regulations in the matter. This will be done if the fund management team is of the view that there exists an opportunity to make trading gains. Calls for short selling will be taken after considering the liquidity, price movement & volatility of the security by the fund management team. There can be a loss in such a transaction if the price of the security goes up instead of falling down.

- **Trading through mutual fund trading platforms of BSE and/ or NSE**

In respect of transaction in Units of the Scheme through BSE and/ or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/ or NSE and their respective clearing corporations on which the Mutual Fund has no control.

### **Risk Factors Associated with Investments in REITs and InvITs:**

- **Risk of lower than expected distributions**

The distributions by the REIT or InvITs will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/ InvITs receives as dividends on the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate primarily based on the below, amongst other things:

- Success and economic viability of tenants and off-takers
- Economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets

- Force majeure events related such as earthquakes, floods, etc. rendering the portfolio assets inoperable
  - Debt service requirements and other liabilities of the portfolio assets
  - Fluctuations in the working capital needs of the portfolio assets
  - Ability of portfolio assets to borrow funds and access capital markets
  - Changes in applicable laws and regulations, which may restrict the payment of dividends by portfolio assets
  - Amount and timing of capital expenditures on portfolio assets
  - Insurance policies may not provide adequate protection against various risks associated with operations of the REIT/ InvITs such as fire, natural disasters, accidents, etc.
  - Taxation and regulatory factors
- **Price Risk**  
The valuation of REIT/ InvITs units may fluctuate based on economic conditions, fluctuations in markets (e.g. Real estate) in which the REIT/ InvITs operates and resulting impact on the value of the portfolio of assets, regulatory changes, force majeure events, etc. REITs and InvITs may have volatile cash flows. As an indirect shareholder of portfolio assets, unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian Law in the event to insolvency or liquidation of any of the portfolio assets.
  - **Market Risk**  
REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/ Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.
  - **Liquidity Risk**  
As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.
  - **Reinvestment Risk**  
Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

## **B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME**

The Scheme/Plan shall have a minimum of 20 investors and no single investor shall account for more than 25% of the corpus of the Scheme/Plan(s). In case the Scheme / Plan(s) does not have a minimum of 20 investors in the stipulated period, the provisions of Regulation 39(2)(c) of the SEBI (MF) Regulations would become applicable automatically without any reference from SEBI and accordingly the Scheme / Plan(s) shall be wound up and the units would be redeemed at applicable NAV. The two conditions mentioned above shall also be complied within each subsequent calendar quarter thereafter, on an average basis, as specified by SEBI. If there is a breach of the 25% limit by any investor over the quarter, a rebalancing period of one month would be allowed and thereafter the investor who is in breach of the rule shall be given 15 days notice to redeem his exposure over the 25 % limit. Failure on the part of the said investor to redeem his exposure over the 25 % limit within the aforesaid 15 days would lead to automatic redemption by the Mutual Fund on the applicable Net Asset Value on the 15th day of the notice

period. The Fund shall adhere to the requirements prescribed by SEBI from time to time in this regard.

### A. TYPE OF THE SCHEME

An open ended ultra-short term debt scheme investing in instruments such that the Macaulay# duration of the portfolio is between 3 months and 6 months (please refer to page no 21)<sup>#</sup>

### B. INVESTMENT OBJECTIVE

The investment objective of the Scheme is to generate optimal returns consistent with moderate levels of risk and liquidity by investing in debt securities and money market securities.

However, there can be no assurance or guarantee that the investment objective of the Scheme would be achieved.

### C. ASSET ALLOCATION

The asset allocation pattern of the Scheme would be as follows:

<b>Instrument</b>	<b>Indicative Allocation (% of total assets)</b>	<b>Risk Profile High/Medium/Low</b>
Debt Instruments including Government Securities, Corporate Debt, Other debt instruments, Term Deposits and Money Market Instruments with portfolio Macaulay# duration between 3 months and 6 months*	0% - 100%	Low
Units issued by Real Estate Investment Trust (REITs) and Infrastructure Investment Trust (InvITs)	0% to 10%	Medium to High

\* Though the Macaulay duration of the portfolio would be between 3 months and 6 months, individual security duration will be less than equal to 12 months. #The Macaulay duration is the weighted average term to maturity of the cash flows from a bond. The weight of each cash flow is determined by dividing the present value of the cash flow by the price.

Money Market Instruments include CMBs, T-Bills, and Government securities with an unexpired maturity upto one year, CBLOs & Repo/ Reverse Repo. The scheme will not invest in Securitised debt, foreign securities, corporate repo & reverse repo and derivatives.

The Scheme may invest in units of REITs/InvITs to the extent mentioned in asset allocation and in line with, SEBI (Mutual Funds) (Amendment) Regulations, 2017.

The Cumulative Gross Exposure to Debt and REITs and InvITs will not exceed 100% of the Net Assets of the Scheme.

The total investments in the Fund including investment in debt, money market, REIT, InvIT and other securities shall not exceed the net assets under management in the scheme.

The Scheme will retain the flexibility to invest in the entire range of securities as per investment objectives of the Scheme and as per the SEBI Regulations. The Scheme will maintain an average maturity of its portfolio between 3 months to 6 months.

## **D. INVESTMENT BY THE SCHEME**

The fund will invest in Money Market Instruments (Mibor linked instruments, CPs, T-Bills, CDs) and/or other Short Term debt instruments (Floating Rate Notes, Short Tenor NCDs, FDs and /or Less than 1 year maturity G-Secs). The Scheme may also invest in the units of REIT and InvIT.

The Scheme reserves the right to invest its entire allocation in debt and money market securities in any one of the fixed income security classes. Investments in rated fixed income securities will be in securities rated by at least one recognized rating agency. Investments in unrated securities will be made with the approval of the Investment Committee of MOAMC, within the parameters laid down by the Board of Directors of the AMC & the Trustees.

Short-term debt considerations for this Scheme include maintaining an adequate float to meet anticipated levels of redemptions, expenses, and other liquidity needs. The scheme intends to invest its assets in securities of Government of India and /or State Government to the extent of SEBI prescribed limits.

The above will depend upon the nature of securities invested. The Scheme may also enter into repurchase and reverse repurchase obligations in all securities held by them as per the guidelines and regulations applicable to such transactions.

The above-mentioned securities could be listed, unlisted, secured, unsecured, rated or unrated and may be acquired through initial public offerings, secondary market offerings, private placements, rights offers etc. To avoid duplication of portfolios and to reduce expenses, the Scheme may invest in any other schemes of the Fund to the extent permitted by the Regulations. In such an event, the AMC will not charge management fees on the amounts of the Schemes so invested, unless permitted by the Regulations.

Investments may be in listed or unlisted debt instruments, as permitted under SEBI Regulations. These would cover secondary market purchases, Initial Public Offers (IPOs), other public offers, placements, rights offers, etc., subject to SEBI Regulations.

Investments in debentures, bonds and other fixed income securities will usually be in instruments, which have been assigned investment grade ratings by an approved rating agency. The instruments may be rated / unrated and listed / unlisted. In cases where the debt instrument is unrated, specific approval from the Investment Committee of MOAMC shall be obtained.

The final portfolio will depend on the availability and desirability of assets in terms of maturity profile, asset quality and yields. The portfolio formulation is a dynamic process and thus, an instrument which is attractive today may not be attractive tomorrow.

### **CHANGE IN THE INVESTMENT PATTERN**

Subject to the SEBI Regulations, the asset allocation pattern indicated above may change from time to time, keeping in view market conditions, market opportunities, applicable regulations, and political and economic factors. It must be clearly understood that the percentages stated above are only indicative and not absolute. The fund manager will try to achieve an optimal risk return balance for management of the fixed income portfolios. The investments in debt instruments carry various risks like interest rate risk, liquidity risk, default risk, purchasing power risk etc. While they cannot be done away with, they can be minimized by diversification and effective use of hedging techniques. The fund management team will take an active view of the interest rate movement by keeping a close watch on various parameters of the Indian economy, as well as developments in global markets. Investment in debt instruments carry various risks like Interest Rate Risk, Liquidity Risk, Credit Risk, etc. While they cannot be eliminated, they can be reduced by diversification and effective use of hedging techniques.

Investment views/decisions will be taken on the basis of following parameters:

1. Liquidity of the security.
2. Maturity profile of the instruments.
3. Quality of the Security/instrument (including the financial health of the issuer).
4. Returns offered relative to alternative investment opportunities.
5. Prevailing interest rate scenario.
6. Any other factors considered relevant in the opinion of the AMC.

AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for the same. The system has incorporated all the investment restrictions as per the SEBI guidelines and enables identifying and measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

### **Portfolio Turnover**

Therefore, Repurchase or Redemption Price = Applicable NAV *(1- Exit Load, if any)</p> <p>Example: If the Applicable NAV is Rs. 10 and a 2% Exit Load is charged, the Redemption Price per Unit will be calculated as follows: = Rs. 10 * (1-0.02) = Rs. 10 * (0.98) = Rs. 9.80</p>

<p><b>Plans and Options</b></p>	<p>The Scheme has two Plans:</p> <p>(i) Regular Plan and (ii) Direct Plan</p> <p>Regular Plan is for Investors who purchase/subscribe units in a Scheme through any Distributor (AMFI Registered Distributor/ARN Holder).</p> <p>Direct Plan is for investors who purchase/subscribe units in a Scheme directly with the Fund and is not routed through a Distributor (AMFI Registered Distributor/ARN Holder). Direct Plan will have a lower expense ratio excluding distribution expenses, commission for distribution of Units etc.</p> <p>There will be no separate portfolio for Direct Plan and Regular Plan. Further, both the options i.e. Growth and Dividend will have common portfolio under the Scheme.</p> <p>Each Plan offers the following Options:</p> <p>(a) Growth Option (b) Dividend Option (with Payout and Re-investment facility)</p> <p><b>(a) Growth Option:</b> Under this Option, dividend will not be declared. Income/profits received/earned on the Scheme's corpus would be accumulated by the Fund as capital accretion &amp; will remain invested in the Scheme and will be reflected in the Net Asset Value (NAV) of Units under this Option. Unit holders who opt for this Option will not receive any dividend in normal circumstances.</p> <p><b>(b) Dividend Option:</b> Under this option, dividends will be declared (subject to deduction of tax at source and statutory levies, if any) at periodic intervals at the discretion of the Trustees, subject to availability of distributable surplus. On payment of dividend, the NAV of the Units under dividend option will fall to the extent of the dividend payout and applicable statutory levies, if any. All the dividend payments shall be in accordance and compliance with SEBI Regulations, as applicable from time to time. It should, however, be noted that actual declaration of dividends will depend, inter-</p>

alia, on the availability of distributable surplus and will be entirely at the discretion of the Trustees or any Committee authorised by them. Following facilities are available under this Option:

Plan	Options Sub-Options/	Facility	Frequency	Record date
<b>Regular and Direct</b>	Dividend	Dividend Re-investment	Daily	Every business day

The Units for the purpose of re-investment will be created and credited to the Unit holder's account at the applicable NAV announced immediately following the record date. There shall, however, be no load on the dividends so reinvested.

#### **F. Motilal Oswal Value Index (MOVI) Pack Plan**

Motilal Oswal Value Index (MOVI) Pack Plan is a Systematic Transfer Plan (STP) from select debt/liquid scheme into select equity scheme that enables allocation between debt and equity asset classes. It allows Unit holders holding units in non-demat form to take advantage of fluctuations in equity market valuations and not just market levels based on MOVI. Under this facility, Investors may opt to transfer amounts from Motilal Oswal Ultra Short Term Fund (referred to as Transferor Scheme) to Motilal Oswal Focused 25 Fund, Motilal Oswal Midcap 30 Fund, Motilal Oswal Multicap 35 Fund, Motilal Oswal Dynamic Fund and Motilal Oswal Equity Hybrid Fund (referred to as Transferee Scheme) with allocations based on MOVI levels. The transfers will be enabled in the reverse as well.

The Salient features of the Plan are as under:

- 1) MOVI helps gauge equity market. The Index is calculated taking into account Price to Earnings, Price to Book and Dividend Yield of the Nifty 50 Index.
- 2) A low MOVI level indicates that the market valuation appears to be cheap and one may allocate a higher percentage of their investments to Equity as an asset class. A high MOVI level indicates that the market valuation appears to be expensive and that one may reduce their equity allocation.
- 3) NSE Indices Ltd. (NSE) is the calculating agent of NIFTY MOVI. NSE shall calculate, compile, maintain and provide NIFTY MOVI values to Motilal Oswal Asset Management Company Ltd. NIFTY MOVI values will be published on the MOAMC website on a daily basis.

- 4) Transfer: This transfer is made from the Transferor Scheme to the Transferee Scheme, on the date of allocation based on NIFTY MOVI levels.
- 5) Reverse Transfer: This transfer is made from the Transferee Scheme to the Transferor Scheme, when appreciation in the market value of the Transferee Scheme results in a breach of the prescribed allocation level as determined by NIFTY MOVI.
- 6) This Plan presently offers two enrolment options:
  - a. One Time Investment
  - b. Systematic Transfer Plan (STP) with a minimum of 6 installments.

7) Minimum amount under this Plan is as follows:

<b>Options</b>	<b>Minimum Amount of Transfer (Rs.)</b>
One Time Investment	Rs. 500/- and in multiples of Re. 1/- thereafter
STP	Rs. 500/- and in multiples of Re. 1/- thereafter

8) The date of allocation will be the 15<sup>th</sup> of every month. In case the date of allocation falls on a Non-Business Day or falls during a book closure period, the immediate following Business Day will be considered as the date of allocation.

**Note:** Under ‘One Time Investment’ enrolment option, in addition to the 15<sup>th</sup> of every month, allocation will occur on the business day succeeding the date of enrolment into the MOVI Pack Plan.

9) Under ‘STP’ enrolment option, if the Unit holder has an existing Systematic Investment Plan (SIP) in the Transferor scheme where the date of SIP falls on a date later than or on 15<sup>th</sup> of every month, then allocation for that amount will occur on 15<sup>th</sup> of the subsequent month.

10) On the date of allocation, the prescribed percentage of the amount will be transferred in the Transferee Scheme at the closing NAV of the same day i.e. date of allocation.

11) The AMC will require upto 7 calendar days from the date of submission of valid enrolment forms to register the Investor under this Plan. Therefore, in the intervening period i.e. date of submission of enrolment form and date of registration, if the date of allocation is crossed, then the same will be considered at the next date of allocation.

12) The amount transferred under this Plan from the Transferor Scheme to Transferee Scheme shall be effective by redeeming units of Transferor Scheme at applicable NAV, (subject to the applicable exit load, if any) and subscribing to

	<p>the units of the Transferee Scheme at applicable NAV on the date of allocation.</p> <p>13) Unit holders can discontinue the Plan at any time by providing a written request which shall be made effective within 7 calendar days of the date of receipt of the said request.</p> <p>14) This Plan will be automatically terminated if all units are liquidated or withdrawn or pledged or upon receipt of intimation of death of the unit holder.</p> <p>15) Unit holders should note that investor details and mode of holding (single, joint, anyone or survivor) in the Transferee Scheme will be as per the existing folio number of the Transferor Scheme. Units will be allotted under the same folio number.</p> <p>16) Any change in methodology of MOVI would only be carried out by obtaining prior consent of the Board of Trustees of Motilal Oswal Trustee Company Limited, the Trustees to Motilal Oswal Mutual Fund.</p> <p>17) Given the two way movement of investments between funds, liquidity at times may be restricted by trading volumes, settlement periods, and inordinately large number of redemption requests or restructuring of the Scheme. This may impact the performance of the underlying scheme.</p> <p>Investors may approach/consult their tax consultants in regard to the treatment of the transfer of units from the tax point of view.</p> <p>Investors are required to refer to the terms and conditions mentioned in the enrolment form.</p> <p>The Trustee/AMC reserves the right to change/modify the terms and conditions of the MOVI Pack Plan or withdraw this facility.</p> <p>This facility will also be available for transfer into any other equity scheme of Motilal Oswal Mutual Fund that may be launched in future.</p> <p><b>G. Online Facility</b></p> <p>This facility enables the investors to transact online through the official website <a href="https://www.motilalosalwalmf.com/investonline/">https://www.motilalosalwalmf.com/investonline/</a>. Accordingly, the said website will also be considered as an official point of acceptance. Investors can execute transactions online for purchase, switch, Systematic Investment Plan (SIP), Systematic Transfer Plan and Redemption for units of schemes of Motilal Oswal Mutual Fund and other services as may be introduced by Motilal Oswal Mutual Fund from time to time.</p> <p><b>H. SEBI vide its order dated December 7, 2015 had issued warning and has closed the proceedings in the matter.
  - SEBI vide its letter dated April 29, 2014 in the matter of Mr. CR Mohanraj, notified MOSL\* about the appointment of an Adjudicating Officer to hold an inquiry and adjudge violation of SEBI (Stock-Brokers and Sub-Brokers) Regulations, 1992, and issued a Show Cause Notice as to why an inquiry should not be held against MOSL\* (under Rule 4 of SEBI (Procedure for Holding Inquiry and Imposing Penalties by Adjudicating Officer) Rules, 1995 read with

section 15-I of SEBI Act, 1992) and why penalty should not be imposed (under section 15HB of the SEBI Act, 1992). The Show Cause Notice alleged that MOSL\* had violated Regulation 18 and Clause A(1), A(2), A(4), A(5), B(4)(a), B(4)(b) and B(7) of the Code of Conduct for Stock Brokers (as specified under Scheduled II read with Regulation 9(f) of the SEBI (Stock Brokers and Sub-brokers) Regulations, 1992 and SEBI Circular No. SEBI/MIRSD/DPS-1/Cir-31/2004 dated August 26, 2004). In response, MOSL\* requested for an opportunity to inspect all the documents and records relied upon by SEBI, but were provided with (a) an incomplete set of documents; and (b) illegible duplicates of some of the documents without the originals.

Notwithstanding the foregoing, MOSL\* refuted the allegations in its letter of March 12, 2015 to SEBI on the grounds that the client's shares were sold only with his consent, which is evidenced from (a) his voluntary signing of the Member Client Agreement which granted MOSL\* the authority to deal in the Capital Market, Futures and Options, and Derivatives segments of the securities market on the client's instructions; (b) his signing of numerous Delivery Instruction Slips for transferring shares from his demat account to MOSL as collateral for trading; and (c) the periodic receipt of electronic contract notes and accounting statements sent by MOSL\* to the client. MOSL\* also highlighted that the client had failed to bring the alleged irregularities and discrepancies to the MOSL's attention within the stipulated 24-hour period. After hearing the matter, SEBI vide its order EAD-12/ AO/SM/ 145 /2017-18 dated January 11, 2018 imposed penalty of Rs. 2,00,000/- ( Rupees Two Lakhs Only), stating that MOSL\* did not take proper care in securing the important document which was misplaced and could not be traced.
