INVESTMENT STRATEGY

MOFDYNAMIC

In the Scheme, the core long only equity exposure shall be a minimum of 30% of the portfolio value. Long only equity exposure means exposure to equity shares alone without a corresponding equity derivative exposure.

The Fund will use Motilal Oswal Value Index (MOVI) as an indicator for the asset allocation between Equities, Arbitrage, Derivatives strategies and Debt. The asset allocation shall be reviewed twice a month and the rebalancing will be conducted on 15th of every month and a day prior to derivative expiry day on the Exchange (if the above days are a non-business day, the previous business day shall be considered for rebalancing). However, there may be additional rebalances at

the discretion of the Fund manager. However the rebalancing will always be based on the MOVI levels.

The MOVI helps gauge attractiveness of the equity market. The MOVI is calculated taking into account Price to Earnings (P/E), Price to Book (P/B) and Dividend Yield of the Nifty 50 Index. The MOVI is calculated on 30 Daily Moving Average of the above parameters. A low MOVI level indicates that the market valuation appears to be cheap and one may allocate a higher percentage of their investments to Equity as an asset class. A high MOVI level indicates that the market valuation appears to be expensive and that one may reduce their equity allocation.

The equity allocation based on the MOVI levels is as below:

MOVI Levels		Equity Exposure
Less than 70		100%
70	<80	90%
80	<90	80%
90	<100	70%
100	<110	55%
110	<120	40%
120	<130	25%
130 or above		0%

India Index Services & Products Ltd. (IISL) is the calculating agent of NIFTY MOVI. IISL shall calculate, compile, maintain and provide NIFTY MOVI values to Motilal Oswal Asset Management Company Ltd. NIFTY MOVI values will be published on the MOAMC website on a daily basis.

Any change in methodology of MOVI would be construed as change in Investment Strategy and will be carried out by obtaining prior consent of the Board of Trustees of Motilal Oswal Trustee Company Limited, the Trustees to Motilal Oswal Mutual Fund. Hence, it will be construed as a change in fundamental attribute and accordingly, the relevant regulatory provisions will be applicable.

Equity Investment: The Fund shall follow an active investment style using bottom-up stock picking based on the 'Buy Right : Sit Tight' investment philosophy. The Fund managers shall identify and invest in shares of businesses run by high quality management & having sustainable and scalable business models thus using QGLP (Quality, Growth, Longevity & Price) as the key evaluation parameters. The businesses should have strong earnings growth prospects and be available at reasonable valuations.

The Fund Portfolio shall comprise of high conviction stock ideas from across market-capitalization levels/sectors. The portfolio stocks may be potentially concentrated in a few market capitalization levels/sectors which are expected to do well and have lower downside risk.

Debt: The Fund shall invest in various types of permitted Debt Instruments including Government Securities, Corporate Debt, Other debt instruments and Money Market Instruments of various maturities and ratings with the objective of providing liquidity and achieving optimal returns.

Arbitrage and Derivative Strategies: The Fund shall undertake Cash/Futures Arbitrage to take advantage of the volatile situation in the market. The Fund may use Derivative including Index Futures, Stock Futures, Index Options and Stock Options etc.

Following depicts more clarity on MOVI based Scheme allocation.

MOVI Levels		Equity Exposure as per MOVI	Net Equity (%)	Equity Arbitrage (%)	Debt Instruments (%)
Less than 70		100	100	0	0
70	<80	90	90 – 95	0	Upto 10
80	<90	80	80 – 85	0	Upto 20
90	<100	70	70 – 75	0	Upto 30
100	<110	55	55 – 60	5-35	Upto 35
110	<120	40	40 – 45	20-35	Upto 35
120	<130	25	30 – 40	25-35	Upto 35
130 or above		0	30 – 40	25-35	Upto 35

Scenario 1 - Let's assume the MOVI level is at 60 which means it falls in the range of 100% equity allocation. Therefore, the fund manager in the above case will take upto 100% long only equity exposure.

Scenario 2 - Let's assume the MOVI level is at 100 which means it falls in the range of 55% equity allocation. Therefore, the fund manager in the above case will take 55% to 60% long only equity exposure and minimum 5% in arbitrage opportunity. The balance upto 35% will be invested in debt instruments.

Scenario 3 - Let's assume the MOVI level is at 120 which means it falls in the range of 25% equity allocation. Therefore, the fund manager in the above case will take 30% to 40% long only equity exposure and minimum 25% in arbitrage opportunity. The balance upto 35% will be invested in debt instruments.

Scenario 4 - Let's assume the MOVI level is at 150 which means it falls in the range of 0% equity allocation. Therefore, the fund manager in the above case will take 30% to 40% long only equity exposure and minimum 25% in arbitrage opportunity. The balance upto 35% will be invested in debt instruments.

In the periods where the MOVI levels indicates a 100% equity allocation, the exposure of the scheme in equity and equity related instruments will increase upto 100%. However, if the MOVI levels reflect high valuation, the Scheme will restrict its investment in equity to 30% - 40% and shall take arbitrage positions to the extent of 25% - 35% of the portfolio, therefore resulting into an equity category exposure of 65%. In such a scenario the balance will be invested into debt market instruments.

While making investment decisions, besides other factors, the impact of the prevailing economic environment over the medium to long term prospects of the companies will also be taken into consideration. The AMC will endeavour to meet the investment objective of the Scheme while maintaining a balance between safety, liquidity and return on investments.

MOFLTE

The Scheme will invest in securities across asset classes (debt and equity) and across sectors and capitalization levels. Emphasis will be placed on identifying high quality/high & sustainable growth companies for investment.

The fund shall follow an active investment style using bottom-up stock picking. The fund managers shall identify and invest in shares of high quality businesses having sustainable and scalable business models thus using QGLP (Quality, Growth, Longevity & Price) as the key evaluation parameters. The businesses should have strong earnings growth prospects and be available at reasonable valuations.

The fund shall be benchmark agnostic with a portfolio of high conviction stock ideas from across market-capitalization levels/ sectors. The portfolio stocks could be potentially concentrated in a few market capitalization levels/sectors which have very low downside risk.

While making investment decisions, besides other factors, the impact of the prevailing economic environment over the medium to long term prospects of the companies will also be taken into consideration.

The AMC will endeavour to meet the investment objective of the Scheme while maintaining a balance between safety, liquidity and return on investments.

MOF35

The Scheme will invest in attractive securities across asset classes (debt and equity) and across sectors and capitalization levels. Emphasis will be placed on identifying high quality/high & sustainable growth companies for investment.

The fund shall follow an active investment style using bottom-up stock picking. The fund managers shall identify and invest in shares of high quality businesses having sustainable and scalable business models thus using QGLP (Quality, Growth, Longevity & Price) as the key evaluation parameters. The businesses should have strong earnings growth prospects and be available at reasonable valuations.

The fund shall be benchmark agnostic with a portfolio of high conviction stock ideas from across market-capitalization levels/ sectors. The portfolio stocks could be potentially concentrated in a few market capitalization levels/ sectors which have very low downside risk.

The fund can invest in compelling opportunities in foreign listed securities (including ETFs and other overseas funds)

The fund may also selectively invest in strong business franchises in the unlisted space, with a scalable business model and available at attractive valuations.

While making investment decisions, besides other factors, the impact of the prevailing economic environment over the medium to long term prospects of the companies will also be taken into consideration.

The AMC will endeavour to meet the investment objective of the Scheme while maintaining a balance between safety, liquidity and return on investments.

MOF30

The primary investment objective of the Scheme is to generate returns by investing in a portfolio of midcap equity and equity related instruments, money market instruments, cash and cash equivalents. The Fund may also enter into securities lending or such other transactions, in accordance with the Regulations, as may be allowed to Mutual Funds from time to time.

The portfolio will essentially follow MOAMC's QGLP philosophy – i.e. invest in Quality businesses with reasonable Growth potential and with sufficient Longevity of that growth potential at a fair Price. The scheme shall follow an active investment style and will seek to invest in midcap companies with a strong competitive position or economic moat, good business prospects, run by a competent management that will help them achieve good growth over the medium to long term and available at reasonable valuations. The fund shall practice a concentrated, high-conviction portfolio strategy with a low-churn, buy and hold approach to investing. It will typically select companies with full market capitalization within the range from 101st to 250th on recognized stock exchange.

The long-term India growth story provides an excellent platform for small and mid-size businesses to unleash their growth potential and to emerge as large cap companies of the future. India has a plethora of mid-size listed companies and their number has only risen in recent years. We believe the midcap universe in India even today presents similar such investment opportunities from a medium to long term perspective. Besides, midcaps are typically found to be under-owned and under-researched and hence provide a large universe of exciting investment prospects.

While making investment decisions, besides other factors, the impact of the prevailing economic environment over the medium to long term prospects of the companies will also be taken into consideration.

The AMC will endeavour to meet the investment objective of the Scheme while maintaining a balance between safety, liquidity and return on investments.

MOF25

The primary investment objective of the Scheme is to generate returns by investing in a portfolio of primarily in equity and equity related instruments including derivatives, Debt instruments, money market instruments, REITs and InvITs. The Fund may also enter into “Stock Lending” or such other transactions, in accordance with the Regulations, as may be allowed to Mutual Funds from time to time.

The scheme shall follow an active investment style and it will seek to invest in companies with strong competitive position, good industry prospects, good business prospects along with quality management that may help them to achieve good growth over medium to long term.

While making investment decisions, besides other factors, the impact of the prevailing economic environment over the medium to long term prospects of the companies will also be taken into consideration.

The AMC will endeavour to meet the investment objective of the Scheme while maintaining a balance between safety, liquidity and return on investments.

MOFUSTF

The fund management team will endeavor to maintain a consistent performance in the scheme by maintaining a balance between safety, liquidity and profitability aspects of various investments. The fund manager will try to achieve an optimal risk return balance for management of the fixed income portfolios. The investments in debt instruments carry various risks like interest rate risk, liquidity risk, default risk, purchasing power risk etc. While they cannot be done away with, they can be minimized by diversification and effective use of hedging techniques. The fund management team will take an active view of the interest rate movement by keeping a close watch on various parameters of the Indian economy, as well as developments in global markets. Investment in debt

instruments carries various risks like Interest Rate Risk, Liquidity Risk, Credit Risk, etc. While they cannot be eliminated, they can be reduced by diversification and effective use of hedging techniques.

Investment views/decisions will be taken on the basis of following parameters:

1. Liquidity of the security.
2. Maturity profile of the instruments.
3. Quality of the Security/instrument (including the financial health of the issuer).
4. Returns offered relative to alternative investment opportunities.
5. Prevailing interest rate scenario.
6. Any other factors considered relevant in the opinion of the AMC.

RISK PROFILE OF THE SCHEME

Mutual Fund units involve risks including the possible loss of principal. Please read Scheme Information Document (SID) carefully for details on risk factors before investment. Scheme Specific Risk factors are summarized below:

Risk factors for the Schemes, MOFDYNAMIC, MOFLTE*, MOF35, MOF30 and MOF25

- **Risks associated with investing in Equities**

Equity and Equity related instruments on account of its volatile nature are subject to price fluctuations on daily basis. The volatility in the value of the equity and equity related instruments is due to various micro and macro-economic factors affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, should there be a subsequently decline in the value of the securities held in the Schemes portfolio. Trading volumes, settlement periods and transfer procedures may restrict the liquidity of the investments. This may impact the ability of the unit holders to redeem their units. In view of this, the Trustee has the right, in its sole discretion to limit redemptions (including suspending redemptions) under certain circumstances.

The Scheme may find itself invested in unlisted securities either by choice or due to external events or corporate actions. This may increase the risk of the portfolio as these unlisted securities are inherently illiquid in nature and carry larger liquidity risk as compared to the listed securities or those that offer other exit options to the investors.

- **Market Risk**

The Scheme's NAV will react to stock market movements. The value of investments in the scheme may go down over a short or long period due to fluctuations in Scheme's NAV in response to factors such as performance of companies whose stock comprises the underlying portfolio, economic and political developments, changes in interest rates, inflation and other monetary factors causing movement in prices of underlining investments.

- **Regulatory Risk**

Any changes in trading regulations by NSE or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV.

- **Asset Class Risk**
 The returns from the types of securities in which the Scheme invests may under perform from the various general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under-performance in comparison with the general securities markets.
- **Interest Rate Risk**
 Changes in interest rates will affect the Scheme's Net Asset Value. The prices of securities usually increase as interest rates decline and usually decrease as interest rates rise. The extent of fall or rise in the prices is guided by duration, which is a function of the existing coupon, days to maturity and increase or decrease in the level of interest rate. The new level of interest rate is determined by the rate at which the government raises new money and/or the price levels at which the market is already dealing in existing securities. Prices of long-term securities generally fluctuate more in response to interest rate changes than short-term securities. The price risk is low in the case of the floating rate or inflation-linked bonds. The price risk does not exist if the investment is made under a repo agreement. Debt markets, especially in developing markets like India, can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.
- **Credit Risk**
 Credit Risk means that the issuer of a security may default on interest payments or even paying back the principal amount on maturity. (i.e. the issuer may be unable to make timely principal and interest payments on the security). Even where no default occurs, the prices of security may go down because the credit rating of an issuer goes down. It must be, however, noted that where the Scheme has invested in Government securities, there is no risk to that extent.
- **Liquidity or Marketability Risk**
 This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading Volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such period may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. As liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Fund for redemption of units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme.
- **Right to Limit Redemptions**
 The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day. This could also happen in the event of receipt of inordinately large number of redemption requests or a restructuring of a Scheme portfolio.
- **Risks associated with Investing in Derivatives**
 Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Even a small price movement in the underlying security could have an impact on their value and consequently, on the NAV of the Units of the Scheme. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager

involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the “counterparty”) to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

- **Risk associated with securities lending**

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes securities lending as prescribed in the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities deposited with the approved intermediary. The Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

- **Trading through mutual fund trading platforms of BSE and/ or NSE**

In respect of transaction in Units of the Scheme through BSE and/ or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/ or NSE and their respective clearing corporations on which the Mutual Fund has no control.

- **Risk associated with MOVI (Applicable to the scheme, MOFDYNAMIC)**

The Scheme shall invest a portion of its assets into equity and debt securities based on Motilal Oswal Value Index (MOVI) levels. Hence, the risk associated with the calculation of MOVI and allocations based on MOVI would be applicable to the Scheme. The allocations as per MOVI shall vary due to market conditions. These allocations based on MOVI level may not outperform a fully invested equity portfolio.

- **Risk associated with Investment in foreign securities/overseas investments** (Applicable to the Scheme, MOF35)

The Scheme may invest in foreign securities. Such overseas investments will be made subject to necessary approvals, conditions thereof as may be stipulated from time to time. The investment in foreign securities carries an exchange rate risks related to depreciation of foreign currency and country risks. The country risks would include events such as change in regulations or political circumstances like introduction of extraordinary exchange rate controls, restrictions on repatriation of capital due to exchange rate controls, bilateral political tensions leading to immobilisation of overseas financial assets and the prevalent tax laws of the respective jurisdiction for the execution of trades or otherwise.

As the Scheme shall invest in securities listed on the overseas stock exchange, all the risk factors pertaining to overseas stock exchange like market trading risk, liquidity risk and volatility risk, as mentioned earlier, are also applicable to the Scheme. The Scheme will also be exposed to settlement risk, as different countries have different settlement periods.

* As per the provision of lock-in under the ELSS Guidelines, the ability of Unitholders to realize returns in the Scheme is restricted for the first three years from the date of their allotment.

Risk factors for the Scheme, MOFUSTF

- **Market Risk**

The Scheme's NAV will react to the interest rate movements. The Investor may lose money over short or long period due to fluctuation in Scheme's NAV in response to factors such as economic and political developments, changes in interest rates, inflation and other monetary factors and also movement in prices of underlining investments.

- **Regulatory Risk**

Any changes in trading regulations by NSE or SEBI may affect the ability of market maker to arbitrage resulting into wider premium/discount to NAV.

- **Right to Limit Redemptions**

The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.

- **Asset Class Risk**

The returns from the types of securities in which the Scheme invests may under perform from the various general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under-performance in comparison with the general securities markets.

- **Interest Rate Risk**

Changes in interest rates will affect the Scheme's Net Asset Value. The prices of securities usually increase as interest rates decline and usually decrease as interest rates rise. The extent of fall or rise in the prices is guided by modified duration, which is a function of the existing coupon, days to maturity and increase or decrease in the level of interest rate. The new level of interest rate is determined by the rate at which the government raises new money and/or the price levels at which the market is already dealing in existing securities. Prices of long-term securities generally fluctuate more in response to interest rate changes than short-term securities. The price risk is low in the case of the floating rate or inflation-linked bonds. The price risk does

not exist if the investment is made under a repo agreement. Debt markets, especially in developing markets like India, can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

Modified Duration is a measure of price sensitivity, the change in the value of investment to a 1% change in the yield of the investment.

- **Credit Risk**

Credit Risk means that the issuer of a security may default on interest payments or even paying back the principal amount on maturity. (i.e. the issuer may be unable to make timely principal and interest payments on the security). Even where no default occurs, the prices of security may go down because the credit rating of an issuer goes down. It must be, however, noted that where the Scheme has invested in Government securities, there is no risk to that extent.

- **Liquidity or Marketability Risk**

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading Volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such period may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. As liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Fund for redemption of units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme.

- **Risks associated with short selling**

Scheme may enter into short selling transactions, subject to SEBI and RBI regulations in the matter. This will be done if the fund management team is of the view that there exists an opportunity to make trading gains. Calls for short selling will be taken after considering the liquidity, price movement & volatility of the security by the fund management team. There can be a loss in such a transaction if the price of the security goes up instead of falling down.

Risk Factors Associated with Investments in REITs and InvITs (Applicable to the scheme, MOF25, MOF30, MOFUSTF and MOFDYNAMIC):

- **Risk of lower than expected distributions**

The distributions by the REIT or InvITs will be based on the net cash flows available for distribution. The amount of cash available for distribution principally depends upon the amount of cash that the REIT/ InvITs receives as dividends on the interest and principal payments from portfolio assets. The cash flows generated by portfolio assets from operations may fluctuate primarily based on the below, amongst other things:

- Success and economic viability of tenants and off-takers
- Economic cycles and risks inherent in the business which may negatively impact valuations, returns and profitability of portfolio assets
- Force majeure events related such as earthquakes, floods, etc. rendering the portfolio assets inoperable
- Debt service requirements and other liabilities of the portfolio assets
- Fluctuations in the working capital needs of the portfolio assets
- Ability of portfolio assets to borrow funds and access capital markets

- Changes in applicable laws and regulations, which may restrict the payment of dividends by portfolio assets
- Amount and timing of capital expenditures on portfolio assets
- Insurance policies may not provide adequate protection against various risks associated with operations of the REIT/ InvITs such as fire, natural disasters, accidents, etc.
- Taxation and regulatory factors

- **Price Risk**

The valuation of REIT/ InvITs units may fluctuate based on economic conditions, fluctuations in markets (e.g. Real estate) in which the REIT/ InvITs operates and resulting impact on the value of the portfolio of assets, regulatory changes, force majeure events, etc. REITs and InvITs may have volatile cash flows. As an indirect shareholder of portfolio assets, unit holders rights are subordinated to the rights of creditors, debt holders and other parties specified under Indian Law in the event to insolvency or liquidation of any of the portfolio assets.

- **Market Risk**

REITs and InvITs are volatile and prone to price fluctuations on a daily basis owing to market movements. Investors may note that AMC/ Fund Manager's investment decisions may not always be profitable, as actual market movements may be at variance with the anticipated trends. The NAV of the Scheme is vulnerable to movements in the prices of securities invested by the scheme, due to various market related factors like changes in the general market conditions, factors and forces affecting capital market, level of interest rates, trading volumes, settlement periods and transfer procedures.

- **Liquidity Risk**

As the liquidity of the investments made by the Scheme(s) could, at times, be restricted by trading volumes and settlement periods, the time taken by the Mutual Fund for liquidating the investments in the scheme may be high in the event of immediate redemption requirement. Investment in such securities may lead to increase in the scheme portfolio risk.

- **Reinvestment Risk**

Investments in REITs & InvITs may carry reinvestment risk as there could be repatriation of funds by the Trusts in form of buyback of units or dividend pay-outs, etc. Consequently, the proceeds may get invested in assets providing lower returns.

Risk Control: Risk is an inherent part of the investment function. Effective Risk management is critical to fund management for achieving financial soundness. Investment by the Scheme would be made as per the investment objective of the Scheme and in accordance with SEBI Regulations. AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for the same. The system has incorporated all the investment restrictions as per the SEBI guidelines and enables identifying and measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

PLANS AND OPTIONS

PLANS

Each Scheme has two Plans: Regular Plan and Direct Plan

Regular Plan is for Investors who purchase/subscribe units in a Scheme through any Distributor (AMFI Registered Distributor/ARN Holder).

Direct Plan is for investors who purchase/subscribe units in a Scheme directly with the Fund and is not routed through a Distributor (AMFI Registered Distributor/ARN Holder). Direct Plan will have a lower expense ratio excluding distribution expenses, commission for distribution of Units etc.

There will be no separate portfolio for Direct Plan and Regular Plan. Further, both the options i.e. Growth and Dividend will have common portfolio under the Scheme.

DEFAULT PLAN

Investors subscribing Units under Direct Plan of a Scheme should indicate “Direct Plan” against the Scheme name in the application form. Investors should also mention “Direct” in the ARN column of the application form.

The table showing various scenarios for treatment of application under “Direct/Regular” Plan is as follows:

Scenario	Broker Code mentioned by the investor	Plan mentioned by the investor	Default Plan to be captured
1	Not mentioned	Not mentioned	Direct
2	Not mentioned	Direct	Direct
3	Not mentioned	Regular	Direct
4	Mentioned	Direct	Direct
5	Direct	Not Mentioned	Direct
6	Direct	Regular	Direct
7	Mentioned	Regular	Regular
8	Mentioned	Not Mentioned	Regular

In cases of wrong/ invalid/ incomplete ARN code mentioned on the application form, the application will be processed under Regular Plan. The AMC shall contact and obtain the correct ARN code within 30 calendar days of the receipt of application form from the investor/ distributor. In case, the correct code is not received within 30 calendar days, the AMC shall reprocess the transaction under Direct Plan from the date of application without any exit load, if applicable.

OPTIONS

Each Plan offer following Options:

(a) Growth Option:

Under this Option, dividend will not be declared. Income/profits received/earned on the Scheme’s corpus would be accumulated by the Fund as capital accretion & will remain invested in the Scheme and will be reflected in the Net Asset Value (NAV) of Units under this Option.

(b) Dividend Option:

Under this option, dividends will be declared (subject to deduction of tax at source and statutory levies, if any) at periodic intervals at the discretion of the Trustees, subject to availability of distributable surplus. On payment of dividend, the NAV of the Units under dividend option will fall to the extent of the dividend payout and applicable statutory levies, if any. All the dividend payments shall be in accordance and compliance with SEBI Regulations, as applicable from time to time.

DIVIDEND POLICY

The Trustees may declare dividend subject to the availability of distributable surplus calculated in accordance with SEBI (Mutual Funds) Regulations, 1996. The actual declaration of dividend and the frequency of distribution will be entirely at the discretion of the Trustees. There is no assurance or guarantee to Unit holders as to the rate of dividend distribution nor that the dividends will be declared regularly, though it is the intention of the Mutual Fund to make regular dividend distribution under the Dividend Plan. The dividend would be paid to the Unitholders whose names appear in the Register of Unitholders as on the record date.

Cost related to investor communications	
Cost of fund transfer from location to location	
Cost of providing account statements and dividend/ redemption cheques and warrants	
Costs of statutory Advertisements	
Cost towards investor education & awareness (at least 2 bps)	
Brokerage & transaction cost over and above 12 bps and 5 bps for cash and derivative market trades respectively	
Goods and Service Tax (GST) on expenses other than investment management and advisory fees	
GST on brokerage and transaction cost	
Other Expenses	
Maximum total expense ratio (TER) permissible under Regulation 52 (6)	
Additional expenses under regulation 52 (6A) (c)	Upto 0.20%*

Additional expenses for gross new inflows from specified cities under Regulation 52 (6A)(b)	Upto 0.30%
---	------------

*Since exit load is not charged under MOFLTE currently, the AMC shall not charge additional expenses of 20 bps in terms of SEBI Circular dated February 2, 2018 for the Scheme, MOFLTE.

Fungibility of expenses: The expenses towards Investment Management and Advisory Fees under Regulation 52 (2) and the various sub-heads of recurring expenses mentioned under Regulation 52 (4) of SEBI (MF) Regulations are fungible in nature. Thus, there shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52 (2) and (4) respectively. Further, the additional expenses under Regulation 52(6A)(c) shall also be incurred towards any of these expense heads.

The purpose of the above table is to assist the investor in understanding the various costs & expenses that the investor in the Scheme will bear directly or indirectly. These estimates have been made in good faith as per the information available to the AMC and the above expenses (including investment management and advisory fees) are subject to inter-se change and may increase/decrease as per actual and/or any change in the Regulations, as amended from time to time.

The TER of the Direct Plan will be lower to the extent of the distribution expenses/commission which is charged in the Regular Plan and no commission for distribution of Units will be paid / charged under the Direct Plan.

The recurring expenses of the Scheme (excluding additional expenses under regulation 52(6A)(c) and additional distribution expenses for gross inflows from specified cities), as per SEBI Regulations are as follows:

- (i) On the first Rs. 100 crores of the daily net assets - 2.50%
- (ii) On the next Rs. 300 crores of the daily net assets - 2.25%
- (iii) On the next Rs. 300 crores of the daily net assets - 2.00%
- (iv) On the balance of the assets - 1.75%

In accordance with Regulation 52(6A), the following expenses can be charged in addition to the existing total recurring expenses charged under Regulation 52(6):

- a. brokerage and transaction costs which are incurred for the purpose of execution of trade and is included in the cost of investment, not exceeding 0.12 % in case of cash market transactions and 0.05 % in case of derivatives transactions;

Any payment towards brokerage and transaction costs, over and above the said 12 bps and 5 bps for cash market and derivatives transactions respectively, shall be charged to the Scheme within the total recurring expenses limit specified under Regulation 52 of SEBI Regulations. Any expenditure in excess of the said limit will be borne by the AMC/Trustees/Sponsors.

- b. additional expenses upto 30 basis points on daily net assets of the scheme, if the new inflows from such cities as specified by SEBI from time to time are at least: (a) 30% of gross new inflows in the scheme or (b) 15% of the average assets under management (year to date) of the scheme, whichever is higher.

In case, the inflows from such cities is less than the higher of (a) or (b) above, such additional expenses on daily net assets of the scheme will be charged on a proportionate basis.

The expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities

The amount incurred as expenses on account of inflows from such cities so charged shall be credited back to the Scheme in case, the said inflows are redeemed within a period of 1 year from the date of investment.

Currently, SEBI has specified that the above additional expenses may be charged for inflows from beyond 'Top 15 cities.' The top 15 cities shall mean top 15 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year. (Please note with effect from April 1, 2018 Top 15 cities shall be read as Top 30 cities in terms of SEBI Circular dated February 2, 2018.)

- c. additional expenses not exceeding 0.20% of daily net assets of the scheme, towards investment & advisory fees and/or towards recurring expenses as specified under 52(2) and 52(4) of the Regulations. (Please note: In terms of SEBI Circular dated February 2, 2018, since exit load is not charged currently in the Scheme, MOFLTE, additional expenses of 0.20% will not be charged.)

In addition to expenses under Regulation 52(6) and (6A), AMC may charge GST on investment and advisory fees, expenses other than investment and advisory fees and brokerage and transaction cost as below:

1. GST on investment and advisory fees charged to the scheme will be in addition to the maximum limit of TER as prescribed in regulation 52 (6) of the SEBI Regulations.
2. GST on expenses other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the SEBI Regulations.
3. GST on exit load, if any, will be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the scheme.
4. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the SEBI Regulations

The Direct Plan shall have a lower expense ratio to the extent of distribution expenses, commission, etc. and no commission for distribution of Units will be paid / charged under the Direct Plan.

The AMC shall charge the investment management and advisory fees and the total recurring expenses of the Scheme in accordance with the limits prescribed from time to time under the SEBI Regulations. Expenses over and above the prescribed ceiling will be borne by the AMC / Trustee / Sponsor.

The Mutual Fund would update the current expense ratios on our website (www.motilaloswalmf.com) atleast three working days prior to the effective date of the change. Investors can refer to "Total Expense Ratio" section on <https://www.motilaloswalmf.com/downloads/mutual-fund/totalexpensratio> for Total Expense Ratio (TER) details.

Other Expenses	
Maximum total expense ratio (TER) permissible under Regulation 52(6) (a) and (6) (c) (ii)	Upto 2.25%
Additional expenses under regulation 52 (6A) (c)	Upto 0.20%*
Additional expenses for gross new inflows from specified cities	Upto 0.30%

*Since exit load is not charged under MOFUSTF currently, the AMC shall not charge additional expenses of 20 bps in terms of SEBI Circular dated February 2, 2018.

Fungibility of expenses: The expenses towards Investment Management and Advisory Fees under Regulation 52 (2) and the various sub-heads of recurring expenses mentioned under Regulation 52 (4) of SEBI (MF) Regulations are fungible in nature. Thus, there shall be no internal sub-limits within the expense ratio for expense heads mentioned under Regulation 52 (2) and (4) respectively.

Further, the additional expenses under Regulation 52(6A)(c) shall also be incurred towards any of these expense heads.

Any expenditure in excess of the limits specified in the SEBI Regulations shall be borne by the AMC.

In addition to expenses under Regulation 52(6) and (6A), AMC may charge GST on investment and advisory fees, expenses other than investment and advisory fees and brokerage and transaction cost as below:

1. GST on investment and advisory fees charged to the scheme will be in addition to the maximum limit of TER as prescribed in regulation 52 (6) of the SEBI Regulations.
2. GST on expenses other than investment and advisory fees, if any, shall be borne by the scheme within the maximum limit of TER as per regulation 52 of the SEBI Regulations.
3. GST on exit load, if any, will be paid out of the exit load proceeds and exit load net of GST, if any, shall be credited to the scheme.
4. GST on brokerage and transaction cost paid for execution of trade, if any, shall be within the limit prescribed under regulation 52 of the SEBI Regulations.

In addition to the limits as specified in Regulation 52(6) of SEBI (Mutual Funds) Regulations 1996 or the Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the scheme:

Additional TER can be charged up to 30 basis points on daily net assets of the scheme as per regulation 52 of SEBI (Mutual Funds) Regulations, 1996 (hereinafter referred to as Regulations), if the new inflows from beyond top 15 cities are at least (a) 30% of gross new inflows in the scheme or (b) 15% of the average assets under management (year to date) of the scheme, whichever is higher. Provided that expenses charged under this clause shall be utilised for distribution expenses incurred for bringing inflows from such cities

In case inflows from beyond top 15 cities is less than the higher of (a) or (b) above, additional TER on daily net assets of the scheme shall be charged as follows:

$$\frac{\text{Daily net assets} \times 30 \text{ basis points} \times \text{New inflows from beyond top 15 cities}}{365 \times \text{Higher of (a) or (b) above}}$$

* 366, wherever applicable.

The top 15 cities shall mean top 15 cities based on Association of Mutual Funds in India (AMFI) data on 'AUM by Geography – Consolidated Data for Mutual Fund Industry' as at the end of the previous financial year. (Please note with effect from April 1, 2018 Top 15 cities shall be read as Top 30 cities in terms of SEBI Circular dated February 2, 2018).

The additional TER on account of inflows from beyond top 15 cities so charged shall be clawed back in case the same is redeemed within a period of 1 year from the date of investment.

Mutual funds/AMCs shall make complete disclosures in the half yearly report of Trustees to SEBI regarding the efforts undertaken by them to increase geographical penetration of mutual funds and the details of opening of new branches, especially at locations beyond top 15 cities.

In terms of SEBI Circular dated February 2, 2018 additional expenses not exceeding 0.20% of daily net assets of the scheme, towards investment & advisory fees and/or towards recurring expenses as

specified under 52(2) and 52(4) of the Regulations shall not be charged, since the scheme does not charge exit load currently.

The Mutual Fund would update the current expense ratios on the website (www.motilaloswalmf.com) atleast three working days prior to the effective date of the change. Investors can refer to “Total Expense Ratio” section on <https://www.motilaloswalmf.com/downloads/mutual-fund/totalexpensratio> for Total Expense Ratio (TER) details.

Investors applying for subscription of Units offered under the respective Series directly with the Fund (i.e. not routed through any distributor/agent) hereinafter referred to as 'Direct Plan' will be subject to a lower expense ratio excluding distribution expenses, commission, etc and no commission for distribution of Units will be paid / charged under Direct Plan and therefore, shall not in any manner be construed as an investment advice offered by the Mutual Fund/AMC. The subscription of Units through Direct Plan is a facility offered to the investor only to execute his/her/ their transactions at a lower expense ratio. Before making an investment decision, Investors are advised to consult their own investment and other professional advisors.

UNITHOLDERS INFORMATION

Under Regulation 36(4) of SEBI (Mutual Funds) Regulations, 1996, the AMC/ RTA is required to send consolidated account statement for each calendar month to all the investors in whose folio, transaction has taken place during the month. Further, SEBI vide its circular having ref. no. CIR/MRD/DP/31/2014 dated November 12, 2014, in order to enable a single consolidated view of all the investments of an investor in Mutual Fund and securities held in demat form with Depositories, has required Depositories to generate and dispatch a single consolidated account statement for investors having mutual fund investments and holding demat accounts.

In view of the said requirements the account statements for transactions in units of the Fund by investors will be dispatched to the investors in following manner:

I. Investors who do not hold Demat Account

On acceptance of application for subscription, an allotment confirmation specifying the number of Units allotted will be sent by way of e-mail and/or SMS to the applicant's registered e-mail address and/or mobile number within five Business Days from the date of receipt of transaction request from the unit holder(s).

The AMC shall send first account statement for a new folio separately with all details registered in the folio by way of a physical account statement and/or an email to the investor's registered address / e-mail address not later than five business days from the date of receipt of subscription request from the unit holder

Consolidated Account Statements (CAS), based on PAN of the holders, shall be sent by AMC/ RTA to investors not holding demat account, for each calendar month within 10th day of the succeeding month to the investors in whose folios, transactions have taken place during that month.

CAS shall be sent by AMC/RTA every half yearly (September/ March), on or before 10th day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios there have been no transactions during that period.

CAS sent by AMC/RTA is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month.

CAS sent by AMC/RTA is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and holding at the end of the month.

II. Investors who hold Demat Account

On acceptance of application for subscription, an allotment confirmation Specifying the number of Units allotted will be sent by way of e-mail and/or SMS to the applicant's registered e-mail address and/or mobile number within five Business Days from the date of receipt of transaction request from the unit holder(s).

CAS, based on PAN of the holders, shall be sent by Depositories to investors holding demat account, for each calendar month within 10th day of the succeeding month to the investors in whose folios, transactions have taken place during that month.

CAS shall be sent by Depositories every half yearly (September/March), on or before 10th day of succeeding month, detailing holding at the end of the six month, to all such investors in whose folios and demat accounts there have been no transactions during that period.

In case of demat accounts with nil balance and no transactions in securities and in mutual fund folios, the depository shall send account statement in terms of regulations applicable to the depositories.

CAS sent by Depositories is a statement containing details relating to all financial transactions made by an investor across all mutual funds viz. purchase, redemption, switch, dividend payout, dividend reinvestment, systematic investment plan, systematic withdrawal plan, systematic transfer plan, bonus etc. (including transaction charges paid to the distributor) and transaction in dematerialised securities across demat accounts of the investors and holding at the end of the month.

Note: Investors will have an option not to receive CAS through Depositories. Such Investors will be required to provide negative consent to the Depositories. Investors who have opted not to receive CAS through Depositories will continue to receive CAS from AMC/ the Fund.

Following provisions shall be applicable to CAS sent through AMC/ RTA and CAS sent through depositories:

- i. Investors are requested to note that for folios which are not included in the CAS, AMC shall henceforth issue monthly account statement to the unit holders, pursuant to any financial transaction done in such folios; the monthly statement will be sent on or before 10th day of succeeding month. Such statements shall be sent in physical form if no email id is provided in the folio.
- ii. The statement sent within the time frame mentioned above is provisional and is subject to realisation of payment instrument and/or verification of documents, including the application form, by the RTA/AMC
- iii. In the event the folio/demat account has more than one registered holder, the first named Unit holder/Account holder shall receive the CAS (AMC/RTA or Depository). For the purpose of CAS (AMC/RTA or Depository), common investors across mutual funds/depositories shall be identified on the basis of PAN. Consolidation shall be based on the common sequence/order of investors in various folios/demat accounts across mutual funds / demat accounts across depository participants.
- iv. Investors whose folio(s)/demat account(s) are not updated with PAN shall not receive CAS. Investors are therefore requested to ensure that their folio(s)/demat account(s) are updated with PAN.
- v. For Unit Holders who have provided an e-mail address in KYC records, the CAS will be sent by e-mail.
- vi. The Unit Holder may request for a physical account statement by writing to/calling the AMC/RTA. In case of a specific request received from the unit holders, the AMC/RTA shall

provide the account statement to the unit holders within 5 business days from the receipt of such request.

- vii. Account Statements shall not be construed as proof of title and are only computer printed statements indicating the details of transactions under the Schemes during the current financial year and giving the closing balance of Units for the information of the Unit Holder.
- viii. Non-transferable Unit Certificates will be sent, if an applicant so desires, within 5 Business Days of the receipt of a request for the certificate. Unit Certificates will not be issued for any fractional Units entitlement.
- ix. Units held, either in the form of Account Statement or Unit Certificates, are non-transferable. The Trustee reserves the right to make the Units transferable at a later date subject to SEBI (MF) Regulations issued from time to time.
- x. In case an investor has multiple accounts across two Depositories, the depository with whom the account has been opened earlier will be the default Depository.

For SIP/STP/SWP transactions:

Account Statement for SIP/STP/SWP will be despatched once every quarter ending March, June, September and December within 10 working days of the end of the respective quarter.

A soft copy of the Account Statement shall be mailed to the investors under SIP/STP/SWP to their e-mail address on a monthly basis, if so mandated.

However, the first Account Statement under SIP/STP/SWP shall be issued within 10 working days of the initial investment/transfer.

In case of specific request received from investors, Mutual Funds shall provide the account statement to the investors within 5 working days from the receipt of such request without any charges.

Annual Account Statement:

The Mutual Fund shall provide the Account Statement to the Unitholders who have not transacted during the last six months prior to the date of generation of account statements. The Account Statement shall reflect the latest closing balance and value of the Units prior to the date of generation of the account statement, The account statements in such cases may be generated and issued along with the Portfolio Statement or Annual Report of the Scheme. Alternately, soft copy of the account statements shall be mailed to the investors' e-mail address, instead of physical statement, if so mandated.

Note: If the investor(s) has/have provided his/their email address in the application form or any subsequent communication in any of the folio belonging to the investor(s), Mutual Fund / Asset Management Company reserves the right to use Electronic Mail (email) as a default mode to send various communication which include account statements for transactions done by the investor(s). The investor shall from time to time intimate the Mutual Fund / its Registrar and Transfer Agents about any changes in the email address.

Half yearly Disclosures: Portfolio / Financial Results:

The Mutual Fund shall publish a complete statement of the Scheme portfolio within one month from the close of each half year (i.e. 31st March and 30th September), by way of an advertisement at least,

in one national English daily and one regional newspaper in the language of the region where the head office of the Mutual Fund is located. The Mutual Fund may opt to send the portfolio to all Unit holders in lieu of the advertisement (if applicable). The Portfolio Statement will also be displayed on the website of the AMC/Mutual Fund www.motilaloswalmf.com and www.mostshares.com and AMFI i.e. www.amfiindia.com.

The Mutual Fund shall disclose the portfolio of the Scheme as on the last day of the month on AMC's website (<http://www.motilaloswalmf.com/downloads/mutual-fund/Month-End-Portfolio> and <http://www.mostshares.com/downloads/mutualfund/Month-End-Portfolio>) on or before the tenth day of the succeeding month. The Investors will be able to view and download this monthly portfolio from the AMC's website.

Half yearly Disclosures: Financial Results

The Mutual Fund shall within one month from the close of each half year, that is on 31st March and on 30th September, host a soft copy of its unaudited financial results on its website. The mutual fund shall publish an advertisement disclosing the hosting of such financial results on their website, in atleast one English daily newspaper having nationwide circulation and in a newspaper having wide circulation published in the language of the region where the Head Office of the Mutual Fund is situated.

Annual Report:

The Scheme wise Annual Report or an abridged summary thereof shall be mailed/e-mailed to all the Unitholders of the Scheme, not later than four months from the date of closure of relevant financial year i.e. March 31 each year.

The scheme wise Annual Report or an abridged summary thereof shall be sent (i) by e-mail to the Unitholders whose e-mail address is available with the Fund and (ii) in physical copy to the Unitholders whose e-mail address is not available with the Fund and/or those Unitholders who have opted/requested for the same.

Further, the annual report will be available for inspection at the registered office of the AMC and copy shall be made available on specific request. Also, the Scheme wise annual report and an abridged summary thereof shall be displayed on our website www.motilaloswalmf.com and AMFI's website www.amfiindia.com and the link of the same will be displayed prominently on the website of the Fund.

Product Dashboard

IV. Motilal Oswal Value Index (MOVI) Pack Plan:

(Applicable to the Schemes, MOFDYNAMIC, MOF35, MOF30, MOF25 and MOFUSTF)

Motilal Oswal Value Index (MOVI) Pack Plan is a Systematic Transfer Plan (STP) from select debt/liquid scheme into select equity scheme that enables allocation between debt and equity asset classes. It allows Unit holders holding units in non-demat form to take advantage of fluctuations in equity market valuations and not just market levels based on MOVI. Under this facility, Investors may opt to transfer amounts from Motilal Oswal Ultra Short Term Fund (referred to as Transferor Scheme) to Motilal Oswal Focused 25 Fund (MOF25), Motilal Oswal Midcap 30 Fund (MOF30)

and Motilal Oswal Multicap 35 Fund (MOF35), Motilal Oswal Dynamic Fund (MOFDYNAMIC) (referred to as Transferee Scheme) with allocations based on MOVI levels. The transfers will be enabled in the reverse as well.

The Salient features of the Plan are as under:

1. Motilal Oswal Value Index (MOVI) helps gauge equity market. The Index is calculated taking into account Price to Earnings, Price to Book and Dividend Yield of the Nifty 50 Index.

A low MOVI level indicates that the market valuation appears to be cheap and one may allocate a higher percentage of their investments to Equity as an asset class. A high MOVI level indicates that the market valuation appears to be expensive and that one may reduce their equity allocation.

2. India Index Services & Products Ltd. (IISL) is the calculating agent of NIFTY MOVI. IISL shall calculate, compile, maintain and provide NIFTY MOVI values to Motilal Oswal Asset Management Company Ltd. NIFTY MOVI values will be published on the MOAMC website on a daily basis.
3. Transfer: This transfer is made from the Transferor Scheme to the Transferee Scheme, on the date of allocation based on NIFTY MOVI levels.

Reverse Transfer: This transfer is made from the Transferee Scheme to the Transferor Scheme, when appreciation in the market value of the Transferee Scheme results in a breach of the prescribed allocation level as determined by NIFTY MOVI.

4. This Plan presently offers two enrolment options:
 - a. One Time Investment
 - b. Systematic Transfer Plan (STP) with a minimum of 6 installments.
5. Minimum amount under this Plan is as follows:

Options	Minimum Amount of Transfer (Rs.)
One Time Investment	Rs. 5000/- and in multiples of Re. 1/- thereafter
STP	Rs. 1000/- and in multiples of Re. 1/- thereafter

6. The date of allocation will be the 15th of every month. In case the date of allocation falls on a Non-Business Day or falls during a book closure period, the immediate following Business Day will be considered as the date of allocation.

Note: Under ‘One Time Investment’ enrolment option, in addition to the 15th of every month, allocation will occur on the business day succeeding the date of enrolment into the MOVI Pack Plan.

Under ‘STP’ enrolment option, if the Unit holder has an existing Systematic Investment Plan (SIP) in the Transferor scheme where the date of SIP falls on a date later than or on 15th of every month, then allocation for that amount will occur on 15th of the subsequent month.

7. On the date of allocation, the prescribed percentage of the amount will be transferred in the Transferee Scheme at the closing NAV of the same day i.e. date of allocation.

8. The AMC will require upto 7 calendar days from the date of submission of valid enrolment forms to register the Investor under this Plan. Therefore, in the intervening period i.e. date of submission of enrolment form and date of registration, if the date of allocation is crossed, then the same will be considered at the next date of allocation.
9. The amount transferred under this Plan from the Transferor Scheme to Transferee Scheme shall be effective by redeeming units of Transferor Scheme at applicable NAV, (subject to the applicable exit load, if any) and subscribing to the units of the Transferee Scheme at applicable NAV on the date of allocation.
10. Unit holders can discontinue the Plan at any time by providing a written request which shall be made effective within 7 calendar days of the date of receipt of the said request.
11. This Plan will be automatically terminated if all units are liquidated or withdrawn or pledged or upon receipt of intimation of death of the unit holder.
12. Unit holders should note that investor details and mode of holding (single, joint, anyone or survivor) in the Transferee Scheme will be as per the existing folio number of the Transferor Scheme. Units will be allotted under the same folio number.
13. Any change in methodology of MOVI would only be carried out by obtaining prior consent of the Board of Trustees of Motilal Oswal Trustee Company Limited, the Trustees to Motilal Oswal Mutual Fund.
14. Given the two way movement of investments between funds, liquidity at times may be restricted by trading volumes, settlement periods, and inordinately large number of redemption requests or restructuring of the Scheme. This may impact the performance of the underlying scheme.
15. Investors may approach/consult their tax consultants in regard to the treatment of the transfer of units from the tax point of view.
16. Investors are required to refer to the terms and conditions mentioned in the enrolment form.
17. The Trustee/AMC reserves the right to change/modify the terms and conditions of the MOVI Pack Plan or withdraw this facility.

This facility will also be available for transfer into any other equity scheme of Motilal Oswal Mutual Fund that may be launched in future.

V. Motilal Oswal CashFlow Plan (MO – CP)

MO – CP enables investor to withdraw a regular sum from his investments in the eligible Schemes of Motilal Oswal Mutual Fund at fixed percentage of original investments at a predefined frequency irrespective of the movement in market value of the investments and would be subject to the availability of account balance of the investor.

The Salient features of the MO – CP are as under:

1. MO – CP offers an investor the advantage of withdrawing a fixed percentage from his or her investments at the specified date for a designated tenure period at a predefined frequency i.e. monthly, quarterly and annually.

2. MO – CP is offered under Motilal Oswal Focused 25 Fund, Motilal Oswal Midcap 30 Fund, Motilal Oswal Multicap 35 Fund and Motilal Oswal Dynamic Fund (eligible Schemes).
3. It is applicable for lump sum investments only. The payout will be calculated on the basis of each lump sum investment.
4. It presently offers two options:
 - a. MO – CP @ 7.5% p.a. of original cost of investment. The payouts for monthly and quarterly frequency would be at the rate of 0.6045% and 1.8245% respectively.
 - b. MO – CP @ 10% p.a. of original cost of investment. The payouts for monthly and quarterly frequency would be at the rate of 0.7974% and 2.4114% respectively.
 - c. MO – CP @ 12% p.a. of original cost of investment. The payouts would be for monthly, quarterly and annually of the investment amount.

Illustration:

For calculation of MO – CP @ 7.5% p.a., 10% p.a. and 12% p.a. for Quarterly frequency:

Therefore, in the intervening period i.e. date of submission of form and date of registration, if the date of payout is crossed, then the same will be considered at the next date of payout.
11. This facility will be automatically terminated if all units are liquidated or withdrawn or pledged or upon receipt of intimation of death of the investor.
12. Investors are required to refer to the terms and conditions mentioned in the form.
13. The Trustee/AMC reserves the right to change/modify the terms and conditions of the MOF – CP or withdraw of this facility.

VI. NAV Appreciation facility

(Applicable to the Schemes, MOF35, MOF30 and MOFUSTF)

Under this option, Unitholder are being provided with an option to switch an amount equal to the periodic appreciation on the investment on weekly, fortnightly and monthly frequencies. Under this option, the Unitholder transfers only proportionate amount equal to the appreciation in the investment over the last month. The Unitholder has to mention a “Start Date”. The Dates available under this facility are 1st, 7th, 14th, 21st or 28th of the month. The first Switch will happen after one month from the start date. In case the Unitholder purchases additional Units, the amount to be transferred would be equal to the appreciation generated on its investments, provided the appreciation is at least Rs. 1,000/-. In the absence of any appreciation or appreciation less than Rs. 1,000/- as mentioned above, the Switch under this option will not be made for that month. The Units in the Scheme/Option from which the Switch-out is sought will be redeemed at the Applicable NAV of the Scheme/Option on the respective dates on which such Switches are sought and the amount in the scheme/plan/option to which the Switch-in is sought will be allotted at the Applicable NAV of such scheme/plan/option on the respective dates. In case the day on which the transfer is sought is a Non-Business Day for the Scheme(s), the same will be processed on the immediately following Business Day.

The Trustees reserve the right to change/modify the terms and conditions or withdraw above facility.

VII. Dividend Transfer Plan

(Applicable to the Schemes, MOF30 and MOFUSTF)

Dividend Transfer Plan (DTP) is a facility wherein the Unitholders under the Dividend Option, can choose to automatically invest the amount of dividend (as reduced by the amount of applicable statutory levy) receivable by them into all equity scheme(s) of the Mutual Fund provided the minimum accumulation of Rs. 1000/- and above and subject to restriction, if any, of the respective equity schemes,. If the amount of dividend in the source scheme is less than Rs. 1000/-, the dividend will be reinvested in the same scheme. Unitholders enrolment under the DTP facility will automatically override any previous instructions for ‘Dividend Payout’ or ‘Dividend Reinvestment’ facility in the source scheme. The source scheme shall be Motilal Oswal Ultra Short Term Fund.

Under this provision, the dividend amount to be invested shall be automatically invested by subscribing to the units of the chosen equity scheme of the Fund on the immediate next Business Day after the record date at the applicable NAV of such equity scheme.

Notwithstanding above provisions relating to Dividend, there is no assurance or guarantee regarding declaration of dividend. The dividends will be declared solely at Trustee's discretion and subject to availability of distributable surplus

The Trustee/AMC reserves the right to change/modify the terms and conditions of the DTP.

VIII. Online Facility

This facility enables the investors to transact online through the official website <https://www.motilaloswalmf.com/investonline/>. Accordingly, the said website will also be considered as an official point of acceptance. Investors can execute transactions online for purchase, switch, Systematic Investment Plan (SIP), Systematic Transfer Plan and Redemption for units of schemes of Motilal Oswal Mutual Fund and other services as may be introduced by Motilal Oswal Mutual Fund from time to time.

IX. Application through MF utility platform

Motilal Oswal Asset Management Company Limited (MOAMC) has entered into an agreement with **MF Utilities India Private Limited (“MFUI”)**, a “Category II – Registrar to an Issue” under SEBI (Registrars to an Issue and Share Transfer Agents) Regulations, 1993, for usage of MF Utility (“MFU”) - a shared services initiative of various Asset Management Companies, which acts as a transaction aggregation portal for transacting in multiple Schemes of various Mutual Funds with a single form and a single payment instrument.

Accordingly, all financial and non-financial transactions pertaining to the schemes of Motilal Oswal Mutual Fund except Exchange Traded Funds (ETFs) can be done through MFU either electronically on www.mfuonline.com as and when such a facility is made available by MFUI or physically through the authorized **Points of Service (“POS”)** of MFUI with effect from the respective dates as published on MFUI website against the POS locations. The list of POS of MFUI is published on the website of MFUI at www.mfuindia.com as may be updated from time to time. The Online Transaction Portal of MFU i.e. www.mfuonline.com and the POS locations of MFUI will be in addition to the existing Official Points of Acceptance (“OPA”) of Motilal Oswal Mutual Fund.

The uniform cut-off time as prescribed under SEBI (Mutual Funds) Regulations, 1996 and as mentioned in the Scheme Information Document (SID) / Key Information Memorandum (KIM) of respective schemes of Motilal Oswal Mutual Fund shall be applicable for applications received on the portal of MFUI i.e. www.mfuonline.com. However, investors should note that transactions on the MFUI portal shall be subject to the eligibility of the investors, any terms & conditions as stipulated by MFUI / Motilal Oswal Mutual Fund / MOAMC from time to time and any law for the time being in force.

Investors are requested to note that, MFUI will allot a **Common Account Number (“CAN”)**, a single reference number for all investments in the Mutual Fund industry, for transacting in eligible schemes of various Mutual Funds through MFU and to map existing folios, if any. Investors can create a CAN by submitting the CAN Registration Form (CRF) and necessary documents at the MFUI POS. MOAMC and/or its Registrar and Transfer Agent (RTA) shall provide necessary details to MFUI as may be needed for providing the required services to investors / distributors through

MFU. Investors are requested to visit the websites of MFUI i.e. www.mfuindia.com to download the relevant forms.

For any queries or clarifications related to MFU, please contact the Customer Care of MFUI on 1800-266-1415 (during the business hours on all days except Sunday and Public Holidays) or send an email to clientservices@mfuindia.com.

X. Transaction through Stock Exchange

Mutual Fund also offers facility of transacting in the Units of the select Schemes/Plans/ Options through the platforms as may be provided by Bombay Stock Exchange (BSE) and National Stock Exchange (NSE). Investors desirous of transacting through the stock exchange mode shall submit applications to registered stock brokers or distributors registered with NSE or BSE.

The facility of transacting through the stock exchange mechanism enables investors to buy and sell the Units of the Scheme(s) through the stock brokers or distributors registered with the BSE and/or NSE in accordance with the guidelines issued by SEBI and operating guidelines and directives issued by NSE, BSE or such other recognized stock exchange in this regard. Investors desirous of transacting through the stock exchange mode may be required to have a demat account with NSDL/CDSL.

The Mutual Fund will not accept any request for transactions or service requests in respect of Units bought under this facility in demat mode directly.

The AMC/Fund will not send any account statement in respect of Units bought in demat mode or accept any request for statement as the units will be credited in demat account of the investor and their DPs should be approached for issuance of statement. Investors may note that the facility of transacting through the stock exchange mode is currently being offered only for select schemes of the Mutual Fund.

For any grievances with respect to transactions through stock exchange mechanism, Investors must approach either stock broker or the investor grievances cell of the respective stock exchange. The Fund or the AMC will not be liable for any transactions processed based on the transaction details provided by the stock exchanges.

XI. Transaction through electronic mode
