Our Investment Philosophy

At Motilal Oswal Asset Management Company (MOAMC), our investment philosophy and investing style is centered on 'Buy Right: Sit Tight' principle.

Buy Right

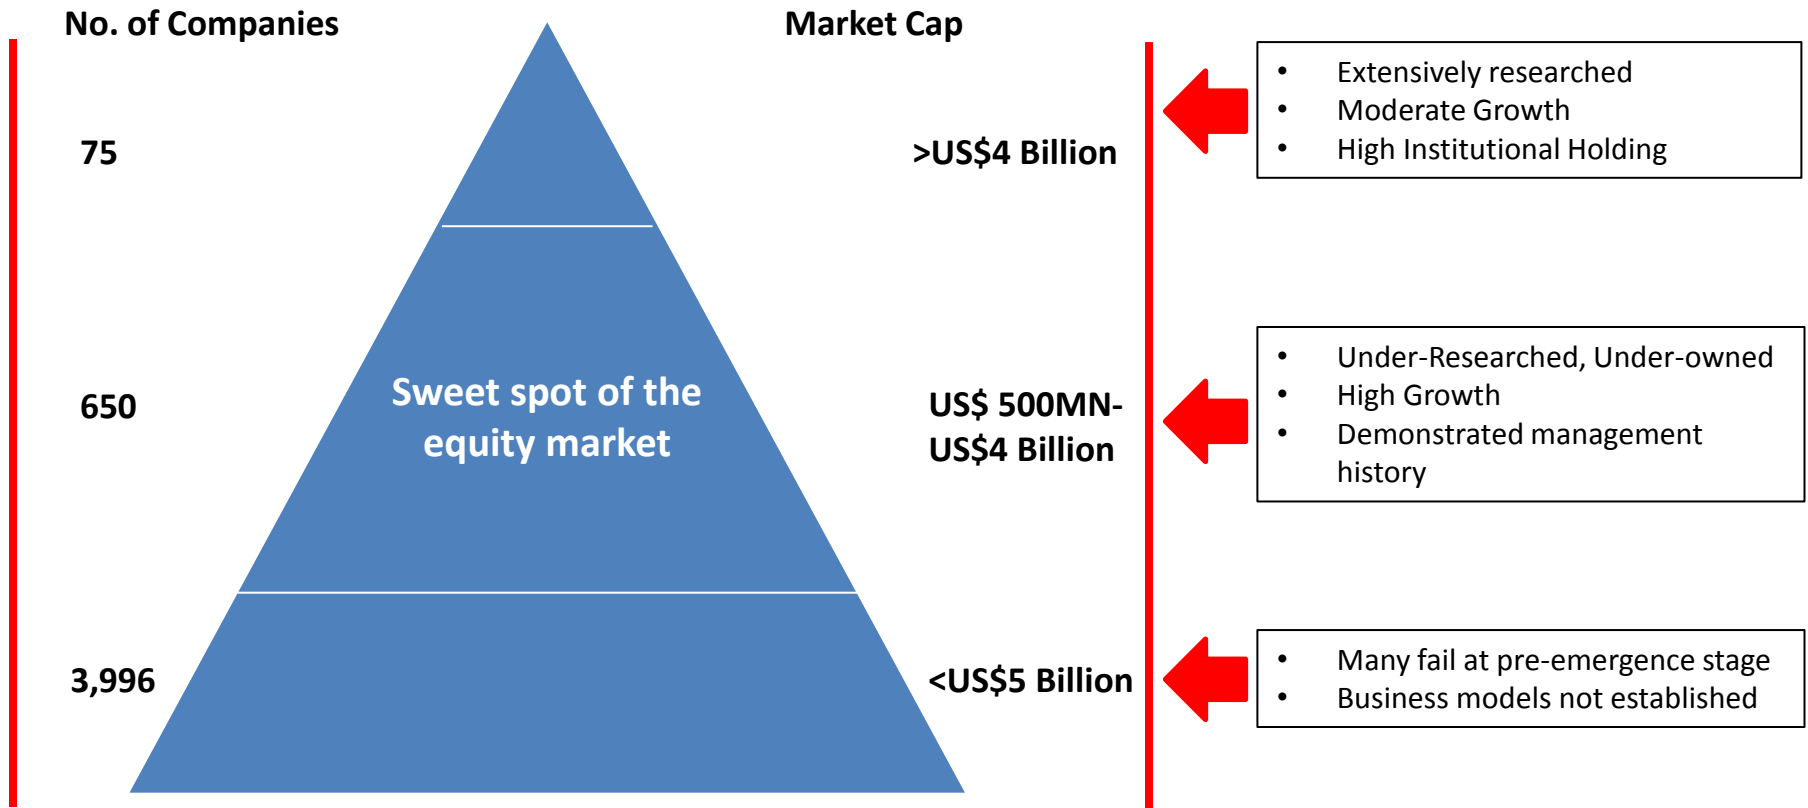

QGLP

- ❧ **'Q'uality** denotes quality of the business and management
- ❧ **'G'rowth** denotes growth in earnings and sustained RoE
- ❧ **'L'ongevity** denotes longevity of the competitive advantage or economic moat of the business
- ❧ **'P'rice** denotes our approach of buying a good business for a fair price rather than buying a fair business for a good price

Sit Tight

- ❧ **Buy and Hold:** We are strictly buy and hold investors and believe that picking the right business needs skill and holding onto these businesses to enable our investors to benefit from the entire growth cycle needs even more skill.
- ❧ **Focus:** Our portfolios are high conviction portfolios with 25 to 30 stocks being our ideal number. We believe in adequate diversification but over-diversification results in diluting returns for our investors and adding market risk

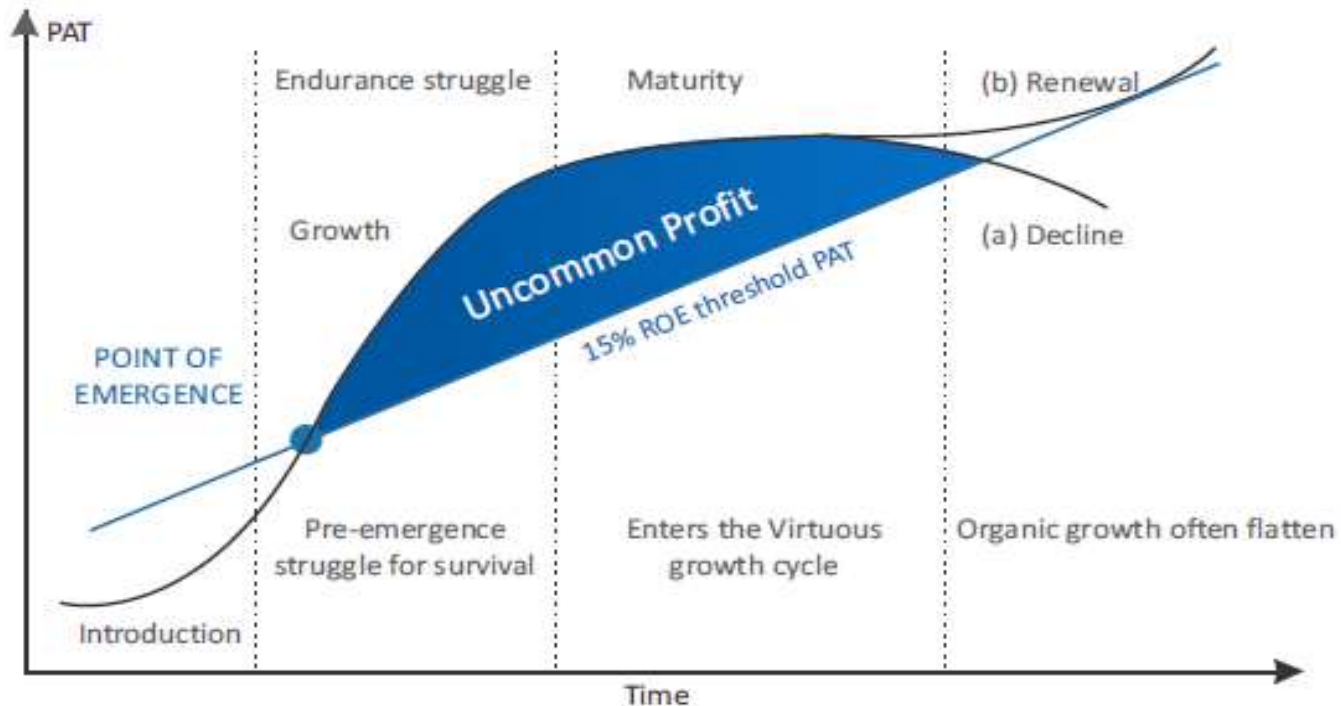

Motilal Oswal Midcap 30 targets an unique and relatively untapped opportunity

- **The sweet spot of the Indian markets is replete with investment ideas in the midcap space**
- **Midcaps offer excellent balance between strong growth and a demonstrable history of management success**
