20-11-2025	Ambuja Cements Limited	CCM	Management	Scheme of Arrangement between Sanghi Industries Limited and Ambuja Cements Limited and their respective shareholders under Sections 230 to 232 and other applicable provisions of the Companies Act, 2013.	FOR	FOR	Compliant with law. Governance concern: Although it appears that Sanghi Industries Ltd (SIL) may be undervalued under the proposedscheme, determining a precise "fair premium" remains inherently uncertain due to the volatility in SIL operational performance overrecent years. What is, however, unambiguous is SIL's need for sustained operational and financial support. A strong parent like AmbujaCements Ltd (ACL) is essential for SIL to stabilise its operations, execute the required capital expenditure, and ultimately realise its fullpotential. Also the value erosion faced by SIL shareholders in the recent years is likely greater than any premium that might have beengained had the valuation been higher under the proposed transaction structure. Yet, for minority shareholders, the more meaningfulconsideration is the long-term value creation that can arise once SIL is integrated into ACL. Post-merger, shareholders of SIL will hold amore liquid, and fundamentally stronger security, with ACL's performance ultimately reflecting the improvement and scaling-up of SIL'sassets. Accordingly, while the valuation does not appear optimally favourable to SIL on an independent basis, the broader objective ofensuring SIL's revival and enabling long-term value accretion for its shareholders appears to be achievable through the proposedscheme. In light of this and balancing the overall interests of all stakeholders, no major governance concern is identified against theproposed Scheme of Arrangement.

Against	Against	Non-Compliant with law. The preferential offer, coupled with the grant of Special Rights to MUFG as envisaged in Resolution #2,which are superior to the rights of existing promoter who is in control, appears to have vested MUFG with "control" as defined under the SEBI Regulations and the Companies Act, which should trigger an "Open Offer". Hence, Compliance Concern is identified as the proposed preferential issue should be followed by an Open Offer which is not presently envisaged by the Company
14-01-2026	Shriram Finance Limited	EGM	Management	Approve special rights granted to the Investor in accordance with Regulation 31B of the Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015.	Against	Against	Non-Compliant with law as the acquirer will attain controlling powers without making open offer. No concern with board representation sought per-se. However, major concerns identified with other rights sought. Pre-emptive rights to protect dilution of select investor unfair as the other investors will face an added amount of dilution if such an arrangement is granted and such a select right is unfair for other investors. Further, MUFG has secondment rights to put upto 6 persons in the Company. Management and the Stakeholders should ideally be kept separate; an Investor should act as a financial sponsor and strategic advisor, and not assume operational or managerial control or influence. These rights can result in MUFG directing or controlling policies and management, notwithstanding that fact that Notice states that the secondees will not be Key Managerial persons or Senior management personnel. Power of Board / Management representation appears to vest the Investor with control without the triggering an open offer

14-01-2026	Shriram Finance Limited	EGM	Management	The payment of a one-time, non-recurring and fixed amount of USD 200,000,000 by MUFG Bank Ltd (Investor) to Shriram Ownership Trust, Promoter of the Company for the non-compete and non-solicit obligations undertaken by Shriram Ownership Trust for itself and on behalf of its affiliates for the benefit of the Company, with a view to safeguard the Company's goodwill, protecting the interests of all its shareholders and ring-fencing and enhancing the value of the Company's lending and credit business.	Against	Against	Compliant with law. Transparency Concern: The proposed payment of a non-compete / non-solicit fee to a promoter who continues to remain invested in the Company with a near-equal stake raises concerns of incomplete disclosure. It is unclear why such protection is required; if Shriram were to start a competing business, it would harm its own economic interest as much as MUFG's, given their comparable shareholding. The Company should therefore clearly explain the rationale and demonstrate how the proposed payment represents fair and reasonable compensation to the promoter entity

12-03-2026	Shriram Pistons & Rings Ltd	OTHERS	Management	To consider and approve alteration of the Articles of Association of the Company.	Against	Against	Compliant with law. Governance Concern: Clause of holding combined position of Chairperson and Executive / Managing Director / CEO by the same person, holding the position of Executive Chairperson by any person may lead to concentration of power in the hands of single person. Proposed AoA includes provision for appointment of Alternate Director. AoA includes provisions which might undermine the role of NRC. When the nominee directors are nominated by interested parties, then proposing them through NRC and the Board, appears to be a namesake arrangement; especially when the nomination rights are not just to nominate but also to appoint on the Board. Further, blanket rights to allow committee positions. The committee members should be appointed considering the committee responsibilities and the expertise and skills of the Director and not on the basis of any special rights.

Transparency Concern: The Company has not disclosed if the Director's office is liable to retirement by rotation or not; it may lead to a compliance concern under Section 152(6) due to inadequate disclosure; Governance Concern: Inadequate justification provided for appointing an Alternate Director in his place; Zero attendance (excluding alternate director's attendance) at the previous appointment no justification for leave of absence.
12-03-2026	Subros Limited	OTHERS	Management	Appointment of Mr. Tsunenobu Hori (DIN: 11488901) as an Alternate Director of the company with effect from 30th January, 2026.	Against	Against	Compliant with law. No concern on merits of proposed appointee. Governance Concern: Alternate Director being appointed in place of nominee director. Attending board meeting by an alternate director is not a good governance practice. Shareholders appoint a director after evaluating the profile, experience, and suitability; appointing another individual as an alternate to attend and participate in Board meetings undermines that intent. Additionally, no specific justification provided for the same.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other

information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the trustee report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to Those Charged With Governance and to comply with the relevant applicable requirements of the standards on auditing for auditor's responsibility in relation to other information in documents containing audited financial statements. We have nothing to report in this regard.

Responsibilities of management and Those Charged With Governance for the Financial Statements

Those charged with governance are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in net assets attributable to unitholders of the Scheme in accordance with IND AS and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the SEBI Regulations, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the SEBI regulations for safeguarding of the assets of the Scheme and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent, the design, implementation and maintenance of adequate internal controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Scheme's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditor's Report

We communicate with Those Charged With Governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Regulation 55(4) and clause 5(ii)(2) of the Eleventh Schedule of the SEBI Regulations, we report that:

Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Scheme in accordance with the 'Code of Ethics' issued by the ICAI together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Board of Directors of Motilal Oswal Asset Management Company Limited ("the AMC") and Motilal Oswal Trustee Company Limited ("the Trustees") (collectively, referred to as "Those Charged with Governance") are responsible for the other information. The other information comprises the information included in the Trustee report but does not include the financial statements and our auditor's report thereon. The Trustee report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other

information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the trustee report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to Those Charged With Governance and to comply with the relevant applicable requirements of the standards on auditing for auditor's responsibility in relation to other information in documents containing audited financial statements. We have nothing to report in this regard.

Responsibilities of management and Those Charged With Governance for the Financial Statements

Those charged with governance are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in net assets attributable to unitholders of the Scheme in accordance with IND AS and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the SEBI Regulations, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the SEBI regulations for safeguarding of the assets of the Scheme and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent, the design, implementation and maintenance of adequate internal controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Scheme's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditor's Report

We communicate with Those Charged With Governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Regulation 55(4) and clause 5(ii)(2) of the Eleventh Schedule of the SEBI Regulations, we report that:
    a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

    c. The revenue account gives a true and fair view of the Scheme, Surplus in the Scheme for the accounting year to which the Revenue Account relate;

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements of the Scheme give a true and fair view in accordance with Indian Accounting Standards ('IND AS') and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the Securities and Exchange Board of India (Mutual Funds) Regulations, 1996, as amended ("the SEBI Regulations"):

(a) in the case of the Balance Sheet, of the state of affairs of the Scheme as at March 31, 2026;

(b) in the case of the Revenue Account, of the Deficit for the period ended on that date;

(c) in the case of the Cash Flow Statement, of the cash flows for the period ended on that date; and

(d) in the case of Statement of Changes in Net Assets, of the changes in net assets attributable to the unit holders of the scheme for the period ended on that date.

Basis for Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) issued by the Institute of Chartered Accountants of India ("the ICAI"). Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Scheme in accordance with the 'Code of Ethics' issued by the ICAI together with the ethical requirements that are relevant to our audit of the financial statements, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the financial statements.

Information Other than the Financial Statements and Auditor's Report Thereon

The Board of Directors of Motilal Oswal Asset Management Company Limited ("the AMC") and Motilal Oswal Trustee Company Limited ("the Trustees") (collectively, referred to as "Those Charged with Governance") are responsible for the other information. The other information comprises the information included in the Trustee report but does not include the financial statements and our auditor's report thereon. The Trustee report is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other

information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

When we read the trustee report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to Those Charged With Governance and to comply with the relevant applicable requirements of the standards on auditing for auditor's responsibility in relation to other information in documents containing audited financial statements. We have nothing to report in this regard.

Responsibilities of management and Those Charged With Governance for the Financial Statements

Those charged with governance are responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance, cash flows and changes in net assets attributable to unitholders of the Scheme in accordance with IND AS and any addendum thereto, as notified by the Companies (Indian Accounting Standards) Rules, 2015, as amended, read with the SEBI Regulations, as amended. This responsibility also includes maintenance of adequate accounting records in accordance with the SEBI regulations for safeguarding of the assets of the Scheme and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent, the design, implementation and maintenance of adequate internal controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the management is responsible for assessing the Scheme's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Scheme or to cease operations, or has no realistic alternative but to do so.

Those Charged with Governance are also responsible for overseeing the Scheme's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Scheme's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Scheme to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Independent Auditor's Report

We communicate with Those Charged With Governance, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide to the management with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by Regulation 55(4) and clause 5(ii)(2) of the Eleventh Schedule of the SEBI Regulations, we report that:
   a. We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
   b. The balance sheet gives a true and fair view of the Scheme, state of affairs of the Scheme for the accounting period to which the Balance Sheet relate;
   c. The revenue account gives a true and fair view of the Scheme, Deficit in the Scheme for the accounting period to which the Revenue Account relate;
   d. The financial statements have been prepared in accordance with accounting policies and standards as specified in the Ninth Schedule of the SEBI Regulations; and
   e. The balance sheet and the revenue account are in agreement with the books of account of the Scheme.
2. On the basis of information and explanations given to us, the scheme does not have any non-traded securities as at March 31, 2026 and hence reporting requirement of Eighth Schedule of the SEBI Regulations is not applicable.

BASIS OF PREPARATION AND PRESENTATION

2.1 Statement of compliance

The financial statements of the Fund have been prepared in accordance with Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time and Securities and Exchange Board of India (Mutual Funds) Regulations, 1996 including guidelines issued thereunder, as amended from time to time ("the SEBI MF Regulations"). In case of any conflict between the requirements of Ind and SEBI MF Regulations, the requirements specified under SEBI MF Regulations are applied.

2.2 Presentation of financial statements

These financial statements of the Fund are presented in the format prescribed in SEBI circular no "SEBI/HO/IMD-II/DOF8/P/CIR/2022/12" dated February 04, 2022. The disclosures as required under Ind AS, as applicable to the Fund, are included in these financial statements.

The Fund has prepared the financial statements on the basis that it will continue to operate as a going concern.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

The normal course of business

The event of default

The event of insolvency or bankruptcy of the Fund and/or its counterparties

The Fund presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non–current) is presented in Annexure 16."

2.3 Functional and presentational currency

Item included in the Financial Statement of the Fund are measured using the currency of the primary economic environment in which the Fund operates ("the functional currency"). The Financial Statements are presented in Indian rupee (INR), which is Fund's functional and presentation currency, and all values are rounded to the nearest lakhs (INR 00,000), except when otherwise indicated.

2.4 Basis of Measurement

The financial statements have been prepared under the historical cost convention on the accrual basis except for certain financial instruments which are measured at fair values through Profit and Loss at the end of each reporting period , as explained below.

All assets and Liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the degree to which the inputs to the fair value measurements are observable and the significance of the fair value measurement in its entirety: (As per Annexure 3)

– Level 1 - Inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities

– Level 2 - Inputs are other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

– Level 3 - Inputs are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instruments nor are they based on available market data.

2.5 Significant accounting judgments, estimates and assumptions

The preparation of financial statements in conformity with Ind AS requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and accompanying disclosures (including contingent liabilities) at the date of the financial statements and the reported amounts of revenues and expenses for the reporting period. The estimates and assumptions used in the accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of financial statements. Actual results could differ from these estimates. Any revisions to accounting estimates are recognized prospectively in the current and future periods."

Estimates and underlying assumptions are reviewed on an ongoing basis. Key sources of estimation of uncertainty at the date of financial statements, which may cause a material adjustment to the carrying amount of assets and liabilities within the next financial year are included in the following notes:

a. Fair value measurement

When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be measured based on quoted prices in active markets, their fair value is measured using various valuation techniques. Judgments include considerations of inputs such as liquidity risk, credit risk and volatility. Changes in assumptions about these factors could affect the reported fair value of financial instruments. See note 41 for more information on the fair value measurement of the Fund's financial statements

NOTE - 3

SUMMARY OF MATERIAL ACCOUNTING POLICIES

3.1 Income recognition

Interest is recognised on a time-proportionate basis.

Dividend income is recognised on the ex-dividend date when right to dividend is established.

Profit or loss on sale/redemption of investments is determined on the basis of the weighted average cost method. Transactions for purchase or sale of investments are recognised as of the trade date."

3.2 Financial instruments

Initial recognition and measurement of financial assets and financial liabilities

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

All financial assets and financial liabilities are recognised initially at fair value when the fund become party to the contractual provisions of the financial asset. In case of financial assets which are not recorded at fair value through profit or loss, transaction costs that are directly attributable to the acquisition or issue of the financial assets, are adjusted to the fair value on initial recognition.

The Fund's financial assets includes Investments, Derivative contracts, Receivables, Cash and cash equivalents, Bank balances other than cash and cash equivalents and other financial assets.

Purchase and sale of investments are recorded on the date of the transaction, at cost and sale price respectively, after excluding brokerage, commission, CCIL charges and fees payable or receivable, if any and stamp duty charges in case of investment in mutual fund units.

Classification and subsequent measurement of Financial assets and financial liabilities

Evaluation of Business Model - Classification and measurement of financial assets depends on the results of business model and the solely payments of principal and interest ("SPPI") test.

As per clause 47 of the SEBI Regulations, every mutual fund shall ensure that the AMC computes and carries out valuation of investments made by its fund in accordance with the investment valuation norms specified in Eighth Schedule. As per Eighth Schedule, the valuation of investments shall be based on the principles of fair valuation i.e. valuation shall be reflective of the realizable value of the Securities. The Valuation shall be done in good faith and in true and fair manner through appropriate valuation policies and procedures.

The Fund's portfolio of financial assets is managed, and its performance is evaluated on a fair value basis in accordance with the Fund's documented investment strategy, together with other related financial information.

The Fund is required to fair value investment as per SEBI Regulations. Hence, the Fund has not performed the SPPI Test.

a. Investments at fair value through profit or loss (FVTPL)

All investments are measured at FVTPL. Investments at FVTPL are measured at fair value at the end of each reporting period, with any gains or losses arising on re-measurement recognized in the Revenue account. The gain recognized in the Revenue account is included in the 'Gain on Fair Value Change' line item and in case of loss recognized in the Revenue account is included in the 'Loss on Fair Value Change' line item.

b. Financial Liabilities

Derivative contracts that have a negative fair value are presented as liabilities at FVTPL. Interest expense and foreign exchange gains and losses are recognised in the Revenue account.

Financial instruments not measured at fair value

The carrying value less expected credit loss provision of other financial assets and other financial liabilities are assumed to approximate their fair values due to their short-term nature.

De-recognition

The fund derecognizes a financial asset when the contractual rights to the cash flows from the financial asset expire or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred or in which the fund neither transfers nor retains substantially all of the risks and rewards of ownership and does not retain control of the financial asset. If the fund enters into transactions whereby it transfers assets recognised on its Balance sheet but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognized.

The Scheme derecognizes a financial liability when its contractual obligations are discharged or cancelled or expire.

3.3 PORTFOLIO VALUATION FOR NAV CALCULATION:

All investments are marked to market and are carried in the balance sheet at market value in accordance with the valuation policy.

Principles of Fair Valuation of Securities:

In accordance with the SEBI, the AMC have been mandated to put in place a policy framework for valuing each type of security / asset on the principles of fair valuation with the objective of ensuring fair treatment to all investors. Further, the AMC has framed a policy for fair valuation of securities in accordance with the best practice guidelines issued by Association of Mutual Funds in India ("AMFI") and the same has been adopted by the Board of Trustee Company and AMC.

The valuation policy is reviewed annually by Valuation Committee and approved by Board of Trustees and AMC.

Any exceptions to the above methodology in valuation of securities are approved by the valuation committee and placed before the Board of Trustees and AMC for ratification"

Equity and related securities

Traded Equities including Preference Shares:

Traded securities are valued at the last quoted closing price on the Principal Stock Exchange i.e. National Stock Exchange of India Limited (NSE). NSE shall be the primary exchange for pricing except in the case of schemes passively tracking an index published by Bombay Stock Exchange (BSE). For schemes passively tracking a BSE Index, the primary stock exchange for pricing shall be BSE. When on a particular valuation day, a security has not been traded on Principal Stock Exchange (NSE or BSE) but has been traded on other stock exchange (BSE or NSE), then price of other stock exchange will be considered. If the security is not traded either on NSE and BSE, the earliest previous day's closing price shall be used, provided such day is not more than thirty days prior to the valuation date. If it is beyond 30 calendar days, it will be valued like a non-traded security.

Non-Traded/ Thinly Traded Equities :

If the securities are not traded on any stock exchange for a period of thirty calendar days prior to the valuation date, the securities are treated as 'non-traded securities'.

Thinly traded equity/equity related securities are those securities whose trades in a month, are less than Rs.5 lacs and the total volume is less than 50,000 shares.

When a security is not traded on any stock exchange, on the date of valuation, then the previous closing price on NSE/BSE/ any other stock exchange will be used provided such closing price is not exceeding a period of 30 calendar days. In all other cases

Non traded/thinly traded securities have been valued "in good faith" on the basis of Fair valuation principles laid down by the SEBI and as per valuation policy"

Foreign Securities

The prices of securities which are denominated in foreign currencies (i.e. ADR/GDR/ETF/Offshore securities) are priced at the closing price in the respective principal stock exchange.

The price is converted into INR. Conversion is done using the Reuters rates published at 11.30 GMT on the respective date.

Debt, Money Market and related securities

3.4 TREATMENT OF UNREALISED APPRECIATION / DEPRECIATION:

Appreciation/depreciation in value of investments in securities is calculated at Portfolio level by comparing the carrying cost with the market / fair value of the investment in security.

Further Clause 2 of the Eleventh schedule of SEBI Regulation which deals with the Contents of Balance Sheet and Disclosure in financial statements states that, when Investments are marked to market, the total income of the scheme shall include unrealised depreciation or appreciation on investments and accordingly, the unrealised appreciation is credited to income of the Revenue Account of the scheme, prior to arriving at the distributable surplus.

Such unrealised appreciation in value of investment for the year is then transferred to the unrealised appreciation reserve before arriving at the distributable surplus of the Scheme. The unrealised depreciation in value of investment is charged to Revenue account.

g. Impairment of financial assets

In accordance with Ind AS 109, the Fund uses 'Expected Credit Loss' (ECL) model, for evaluating impairment of financial assets other than those measured at fair value through profit and loss (FVTPL).

Expected credit losses are measured through a loss allowance at an amount equal to:

i) The 12-months expected credit losses (expected credit losses that result from those default events on the financial instrument that are possible within 12 months after the reporting date); or

ii) Full lifetime expected credit losses (expected credit losses that result from all possible default events over the life of the financial instrument)"

For trade receivables, the Fund applies 'simplified approach' which requires expected lifetime losses to be recognised from initial recognition of the receivables. The Fund uses historical default rates to determine impairment loss on the portfolio of trade receivables. At every reporting date, these historical default rates are reviewed and changes in the forward-looking estimates are analyzed.

For other assets, the Fund uses 12-month ECL to provide for impairment loss where there is no significant increase in credit risk. If there is significant increase in credit risk full lifetime ECL is used."

3.5 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Fund or the counterparty.

3.6 Foreign currency transactions and balances

Transactions in foreign currencies are initially recorded by the Fund's functional currency at exchange rates prevailing at the date the transaction first qualifies for recognition. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency spot rates of exchange at the reporting date. Exchange differences arising on settlement or translation of monetary items are recognised in profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined. The gain or loss arising on translation of non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item."

3.7 Equalisation account

When units are issued or redeemed, the distributable surplus (excluding unit premium reserve, but including balance of distributable surplus at the beginning of the year) as on the date of the transaction is determined. Based on the number of units outstanding on the transaction date, the distributable surplus (excluding unit premium reserve, but including balance of distributable surplus at the beginning of the year) associated with each unit is computed. The per unit amount so determined is credited / debited to the equalisation account on issue / redemption of each unit respectively.

The balance in equalisation account is transferred to revenue account at the year-end without affecting the net income of the Scheme.

3.8 Determination of net asset value

The net asset value of the units of the Scheme is determined separately for the units issued under the options.

For reporting the net asset values within the portfolio, the Scheme's daily income earned, including realised profit or loss and unrealised gain or loss in the value of investments, and expenses accrued, are allocated to the related plans in proportion to their respective daily net assets arrived at by multiplying day end outstanding units to previous day's closing net asset value.

3.9 Unit capital

Unit capital represents the net outstanding units at the balance sheet date, thereby reflecting all transactions relating to the period ended on that date.

Upon issue and redemption of units, the net premium or discount to the face value of units is adjusted against the unit premium reserve of each option, after an appropriate portion of the issue proceeds and redemption payouts is credited/debited to the equalisation account.

3.10 Taxes

No income tax provision has been made as the Fund qualifies as a recognized Mutual Fund under section 10(23D) of the Income Tax Act, 1961.

However, some dividend and interest income received by the Fund is subject to withholding tax imposed in certain countries of origin. Income that is subject to such tax is recognised net of the taxes and the corresponding withholding tax is not recognised as tax expense.

3.11 Expenses

a. All expenses are accounted on an accrual basis.

b. New Fund offer (NFO) expenses: New Fund offer expenses for the Schemes are borne by the AMC.

c. In accordance with SEBI, the Mutual Fund/AMC have the discretion to charge the Total Expense Ratio (TER) as per SEBI limit as Investment Management and Advisory Fees or charge both Investment Management and Advisory Fees and other expenses appropriately within the overall SEBI TER limit. The schemes have been charged Investment Management and Advisory Fees within the overall SEBI TER limit after charging commission expenses, contribution to investor education fund and trusteeship fees. With effect from October 22, 2018 all scheme related expenses have been charged to the scheme.

d. As per the SEBI circular, the schemes have been charged 0.02% (in case of ETFs and Index funds 0.01%) per annum towards Investor Education Fund on daily net assets within the maximum SEBI TER limits as per Regulation 52 of SEBI (Mutual Fund) Regulations.

e. Additional amount towards expenses specified in the said Regulation 52 not exceeding 0.05% of the daily net assets of the Scheme wherever exit load has been charged to the schemes.

f. GST on Investment Management and Advisory Fees is charged over and above the cumulative limits as specified above.

g. As per the SEBI Regulations, effective April 1, 2023, brokerage and transaction costs (including all taxes) incurred for the purpose of execution of trade is expensed out i.e., charged to Revenue Account which were Capitalised prior to April 1, 2023. Any costs towards brokerage and transaction costs in excess of 0.12% in case of cash market transaction and 0.05% in case of derivatives transactions is charged Total Expense Ratio of the Scheme. Securities Transaction Tax incurred at the time of execution of trades is considered over and above the mentioned limits.

3.12 Cash and cash equivalents

Cash and Cash equivalents includes balances with banks, demand deposit placed with scheduled banks with original maturities of three months or less, and demand deposits placed with institutions, Reverse Repo and Tri Party Repo.

3.13 Statement of cash flows

Cash flows are reported using the indirect method, whereby net profit before tax is adjusted for the effects of transactions of non-cash future, any deferrals or accruals of past or future operating cash receipts or payments and item of expenses associated with investing or financing cash flows. The cash flows from operating and financing activities of the Fund are segregated.

3.14 Computation Of Nav:

The NAV of a Scheme is computed separately for units issued under the various Plan/Options. Although the net assets of all plans/options are managed as a single portfolio, for computing the daily NAV, incomes including unrealised appreciation/depreciation are allocated to every plan/option in proportion of plan/option Net Assets. Expenses are then computed on the plan/option Net Assets after income allocation.

3.15 Unit Premium Reserve ('UPR') And Income Equalisation:

When units are issued/redeemed, the portion of the premium which is attributable to the realised gains is credited/debited to the Revenue Account for the period as Income Equalisation. The balance portion of the premium that is attributable to unrealised gains and accumulated UPR balance is credited/debited to the UPR.

The distributable amount is determined by deducting from Surplus as at the end of the period, the net unrealised appreciation in the value of investments as at the end of the period and accumulated UPR balance. The credit balance in the UPR is considered to be at par with the unit capital and is not taken into account in the determination of the distributable surplus.

If units are sold at a price lower than the face value, the difference is debited to the Revenue Account as Income Equalisation. Dividend is declared only when the Distributable Surplus is positive."

3.16 Accumulated Load:

Load represents amounts charged to investors at the the time of entry into or exit from the scheme. The difference between the per unit Net Asset Value (NAV) and the repurchase price is considered as Load.

The Scheme has not charged any Entry load on units subscriptions and switches except for Systematic Investment Plans ("SIPs") registered prior to July 31, 2009 (as the circular is applicable to SIPs registered on or after August 1, 2009) which are accounted in Accumulated Load Account.

Up to September 30, 2012 Exit load collected upto 1% of the redemption proceeds is accounted in Accumulated Load Account and any amount in excess of 1% of the redemption proceeds is credited to the Revenue Account as Load Income. Any surplus in Accumulated Load Account is treated as income as and when considered appropriate.

Upto September 30, 2012, in compliance with the terms of SEBI Circular dated March 9, 2011, the Accumulated load balance needs to be segregated into two separate accounts in the books of the scheme. One account should reflect load balance as on July 31, 2009 and the other reflecting accretions after July 31, 2009.

In terms of the SEBI (Mutual Funds) (Second Amendment) Regulations, 2012 dated September 26, 2012, with effect from October 1, 2012, all Exit load collected is credited to the scheme net of service tax/goods and service tax as Load income."

56 FAIR VALUE MEASUREMENT

The Scheme measures its investments in financial instruments, such as Corporate Bond, Certificates of deposit, Commercial paper, State Government Securities and Central Government Securities at fair value at each reporting date.

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorized within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

i) Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities

ii) Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

iii) Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

Assessing the significance of a particular input requires judgement, considering factors specific to the asset or liability.

Valuation Techniques and Classification:

Corporate Bonds and Commercial papers are valued at average of scrip level prices provided by CRISIL & ICRA LTD for individual securities. If security level price for new security purchased (primary allotment or secondary market) is not available from Valuation Agencies, the valuation of such securities shall be done at the weighted average yield of all the purchases made by Motilal Oswal Mutual Fund from the day of allotment/purchase. The inputs that are significant to valuation are generally observable. Corporate Bonds and Commercial Papers which are listed have been classified as Level 1 and Certificate of Deposits which are unlisted have been classified as Level 2.

Central Government and State Government securities are valued based on the aggregated prices provided by CRISIL & ICRA. The inputs that are significant to valuation are generally observable. Central government and state government securities which are listed have been classified as Level 1.

Details of financial instruments recognised at fair value are as follows:

ii) Credit risk

Credit risk is the risk that the Fund will incur a loss because its counterparties fail to discharge their contractual obligations. The Fund is exposed to the risk of credit-related losses that can occur as a result of a counterparty or issuer being unable or unwilling to honor its contractual obligations.

The AMC's policy is to closely monitor the creditworthiness of the Fund's counterparties by reviewing their credit ratings, financial statements and press releases on a regular basis.

1. Credit quality analysis

The Scheme's exposure to credit risk arises in respect of the following financial instruments:"

a) Cash and cash equivalents:

b) Contract for sale of investment in securities and Derivative financial instruments receivable:

c) Securities Lending and Borrowing (SLB):

d) Investments in debt and money market securities; and

e) Derivative assets.

a) Cash and cash equivalents

The cash and cash equivalents are held with bank. Reverse Repo in Corporate Bond, Reverse Repo in Government Securities and Tri Party Repo (TREPS).

Reverse Repo in Government Securities and Tri Party Repo (TREPS) has zero credit risk as transactions in these securities are executed on CCIL platform with guaranteed settlement.

Reverse Repo in Corporate Bond transactions are currently done on OTC basis and settled on non-guaranteed basis. Credit risks could arise if the counterparty does not return the security as contracted on due date. The liquidation of underlying bonds in case of counterparty default would depend on the liquidity of the bond and market conditions at that time. This risk is largely mitigated, as the choice of counterparties is largely restricted and also haircuts are applicable on the underlying bonds depending on credit ratings."

b) Contract for sale of investment in securities and Derivative financial instruments receivable

Contract for sale of investment in securities and Derivative financial instruments receivable represent margin accounts and sales transactions awaiting settlement. Credit risk relating to unsettled transactions is considered small due to the short settlement period involved and the high credit quality of the brokers used and contracts are generally settled through clearing agent of recognized stock exchange.

c) Securities Lending and Borrowing

Credit risk relating to receivables from Securities Lending and Borrowing is considered small due to the amount and quality of collateral and the high credit quality of the counterparties / intermediaries used and contracts are generally settled through clearing agent of recognized stock exchange.

The amounts shown below reflect over-collateralization and so differ from the amounts disclosed in **Annexure 14**

Details of the amount of collateral accepted/given in respect of SLB and the amounts shown below reflect over-collateralisation and so differ from the amounts disclosed in Note.

e) Derivatives

The Scheme may use derivatives instruments like Interest Rate Swaps or other derivative instruments for the purpose of hedging and portfolio balancing, as permitted under the SEBI Regulations and guidelines. Usage of derivatives will expose the Schemes to risk inherent to such derivatives e.g. when a credit event such as a default occurs - all outstanding transactions under the agreement with the counterparty are terminated, the termination value is assessed and only a single net amount is payable in settlement of all transactions with the counterparty.

The derivatives are entered into with bank and financial institution counterparties, which are rated, based on ratings provided by credit rating agencies.

The analysis of derivative assets and derivative liabilities outstanding as at March 31, 2026 and March 31, 2025 are given in **Annexure 12**

There were no significant concentrations in the debt and money market instruments portfolio of credit risk to any individual issuer or group of issuers at March 31, 2026 or March 31, 2025 as these investments are made in accordance with the guidelines on investment limits/restrictions prescribed by SEBI/ AMFI/SID from time to time.

3. Expected Credit Loss principles

For purposes of impairment assessment, the Funds' assets which are measured at amortized cost are considered to have low credit risk as they are not due for payment at the end of the reporting period and there has been no significant increase in the risk of default on the receivables since initial recognition.

Accordingly, for the purpose of impairment assessment for these receivables, the loss allowance is measured at an amount equal to 12-month expected credit losses ("ECL"). The ECL for these assets as at the end of the reporting period is not significant.

The main concentration of credit risk to which the Fund is exposed arises from the Fund's investments in Corporate Bond, Certificates of deposit, Commercial paper. These classes of financial assets are not subject to IND AS 109's impairment requirements as they are measured at FVTPL. The carrying value of these assets represents the Fund's maximum exposure to credit risk on financial instruments not subject to the Ind AS 109 impairment requirements on the respective reporting dates. Hence, no separate maximum exposure to credit risk disclosure is provided for these instruments.

iii) Liquidity risks

Liquidity risk is the risk that the Fund will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Fund's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Fund's reputation.

The responsibility for liquidity risk management rests with the AMC and the Trustees, who has established an appropriate liquidity risk management framework for the management of the Fund's short-term, medium-term and long-term funding and liquidity management requirements. The Fund manages liquidity risk by maintaining adequate reserves, banking facilities and by continuously monitoring forecast and actual cash flows, and by matching the maturity profiles of financial assets and liabilities.

The liquidity analysis of Financial Liabilities of Funds based on contractually agreed undiscounted cashflows is given in **Annexure 15**

43 OFFSETTING FINANCIAL ASSETS AND FINANCIAL LIABILITIES

In the normal course of business, the Fund may enter into various netting arrangements or other similar agreements that do not meet the criteria for offsetting in the statements of financial position but still allow for the related amounts to be set off in certain circumstances, such as bankruptcy or termination of the contracts. The Fund has not offset any financial assets and financial liabilities in the Balance Sheet.

The ISDA and similar master netting agreements do not meet the criteria for offsetting in the Balance Sheet. This is because they create a right of set-off of recognized amounts that is enforceable only following an event of default, insolvency or bankruptcy of the Fund or the counterparties. In addition, the Fund and its counterparties do not intend to settle on a net basis or to realize the assets and settle the liabilities simultaneously.

The Fund did not hold any financial assets and financial liabilities that are subject to an enforceable master netting or similar agreement that covers similar financial instruments.
