Rebalancing due to Short Term defensive consideration:

Due to market conditions, the AMC may invest beyond the range set out in the asset allocation. Subject to the Regulations, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view applicable regulations and political and economic factors. In the event that the asset allocation of the Scheme should deviate from the ranges as noted in the asset allocation table above, then the portfolio of the Scheme will be rebalanced by the Fund Manager to the position indicated in the asset allocation table above. Such changes in the asset allocation will be for short term and defensive considerations as per para 1.9.1(b) of SEBI Master Circular on Mutual Funds.

In case of deviation, if any, from the asset allocation pattern, the AMC shall rebalance the portfolio within a period of 7 calendar days in accordance with Para 4.5.5 Master Circular on Mutual Funds.

Portfolio Rebalancing due to Passive Breach:

In accordance with para 4.5.5 of SEBI Master Circular on Mutual Funds, in case of change in constituents of the index due to periodic review, the portfolio of ETF shall be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio of ETF in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

Additionally, in the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 days from the date of allotment/ listing.

B. WHERE WILL THE SCHEME INVEST

The scheme would invest in the securities which are constituents of Nifty Midcap 100 Index in the same proportion as in the Index. Additionally, the Scheme may also invest in debt and money market instruments.

For detailed information kindly refer Section II (A).

C. WHAT ARE THE INVESTMENT STRATEGIES

The Scheme employs an investment approach designed to track the performance of Nifty Midcap 100 Index. The Scheme seeks to achieve this goal by investing in securities constituting the Nifty Midcap 100 Index in same proportion as in the Index. The Scheme will invest at least 95% of its total assets in the securities comprising the Underlying Index. The Scheme may also invest in debt and money market instruments to meet the liquidity and expense requirements. The Scheme may also take exposure in derivative instruments for short duration when securities of the Underlying Index are not readily available in needed quantities within the required time frame, or for rebalancing at the time of change in Underlying Index or in case of corporate actions.

Risk Mitigation and Portfolio Diversification

The Nifty Midcap 100 Total Return index consists of 100 midcap constituents and uses free float market capitalization method to allocate capital. This ensures that the index is well diversified. Free float based capital allocation ensures that due consideration is given to liquidity of underlying constituents. Currently the highest capital allocation made in the index is less than 4%.

Risk Control

Risk is an inherent part of the investment function. Effective Risk management is critical to fund management for achieving financial soundness. Investment by the Scheme would be made as per the investment objective of the Scheme and in accordance with SEBI Regulations. AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for the same. Further, AMC has implemented Bloomberg Portfolio Order Management System as the Front Office System for managing risk. The system has incorporated all the investment restrictions as per the SEBI guidelines and enables identifying and measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

Portfolio Turnover

Portfolio Turnover is defined as the lower of sales or purchase divided by the average corpus during a specified period of time. Generally, Portfolio Turnover would depend upon the rebalancing of the portfolio due to change in composition of the Index or due to corporate actions of the securities constituting the Index.

Tracking Error

Tracking error is defined as the annualized standard deviation of the difference between the daily returns of the Underlying Index and the NAV of the Scheme based on past one year rolling data shall not exceed 2%. Theoretically, the corpus of the Scheme has to be fully invested in the securities comprising the Underlying Index in the same proportion of weightage as the securities have in the Underlying Index. However, it is not possible to invest as per the objective due to reason that the Scheme has to incur expenses, corporate actions pertaining to the Basket including changes to the constituents, regulatory policies, ability of the Fund Manager to closely replicate the Underlying Index, etc. The Scheme's returns may therefore deviate from those of its Underlying Basket. Tracking Error may arise due to the following reasons:-

1. Fees and expenses of the Scheme.
2. Cash balance held by the Scheme due to subscriptions, redemption, etc.
3. Corporate actions
4. The Scheme has to invest in the securities in whole numbers and has to round off the quantity of securities shares.
5. Changes in the constituents of the underlying Basket. Whenever there are any changes, the Scheme has to reallocate its investment as per the revised Basket but market conditions may not offer an opportunity to rebalance its portfolio to match the Basket and such delay may affect the NAV of the Scheme.
6. Lack of Liquidity

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error shall not exceed by 2% p.a.

In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMC, the tracking error may exceed 2% and the same will be intimated to the Trustees with corrective actions taken by the AMC, if any.

The Fund shall disclose the tracking error based on past one year rolling data, on a daily basis, on the website of the Mutual Fund and AMFI.

Tracking Difference:

Tracking difference i.e. the annualized difference of daily returns between the index or goods and the NAV of the ETF will be disclosed on the website of the AMC and AMFI, on a monthly basis, for tenures 1 year, 3 year, 5 year, 10 year and since the date of allotment of units.

D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?

The performance of the Scheme will be benchmarked to Nifty Midcap 100 Total Return Index. As the Scheme is an ETF Scheme and would invest in securities constituting Nifty Midcap 100 Total Return Index, the said index is an appropriate benchmark for the Scheme.

Total Return variant of the index (TRI) will be used for performance comparison.

PART III- OTHER DETAILS

A. COMPUTATION OF NAV

The Net Asset Value (NAV) per unit under the Scheme will be computed by dividing the net assets of the Scheme by the number of units outstanding on the valuation day. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VIII of the SEBI (MF) Regulations, or such norms as may be specified by SEBI from time to time.

The Net Asset Value (NAV) of the units under the Scheme shall be calculated as follows:

Market or Fair Value of Scheme's investments +

Current Assets - Current Liabilities and Provision

No. of Units outstanding under Scheme on the Valuation Day

The NAV will be calculated up to four decimals.

The NAV shall be calculated and announced on each working day.

Hence, for the purposes of valuation and calculating NAV of the Scheme for a particular day, the last available prices of securities on principal stock exchange shall be considered (which would be the previous day's closing prices). This will enable the disclosure of the NAV of the Scheme before the deadline as provided by SEBI guidelines.

ILLUSTRATION OF NAV:

If the net assets of the Scheme, after considering applicable expenses, are Rs.10,45,34,345.34 and units outstanding are 10,00,000, then the NAV per unit will be computed as follows:

$10,45,34,345.34 / 10,00,000 = \text{Rs. } 10.4534 \text{ per unit (rounded off to four decimals)}$

The repurchase price shall not be lower than 97% of the NAV. For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

B. NEW FUND OFFER (NFO) EXPENSES

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees, marketing and advertising, registrar expenses, printing and stationary, bank charges etc. The entire NFO expenses till the date of allotment of mutual fund units to investors, has been borne by the AMC.

C. ANNUAL SCHEME RECURRING EXPENSES

These are the fees and expenses for operating the Scheme. These expenses include but are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer agents' fees & expenses, marketing and selling costs etc.

The AMC has estimated that upto 0.90 % of the daily net assets of the scheme shall be charged to the scheme as expenses. For the actual current expenses being charged, the investor should refer to the website of MOMF.

Particulars	% p.a. of daily Net Assets
Investment Management and Advisory Fees	Upto 0.90%
Audit fees/fees and expenses of trustee	
Custodial fees	
Registrar & Transfer Agent Fees including cost of providing account statement/IDCW/redemption cheque/warrants

Costs of statutory Advertisements	
Incentives paid to Market Makers, if any^	
Other Expenses (to be specified as per Reg 66 of SEBI MF Regulations)	
Maximum Base expense ratio (TER) permissible under Regulation 66	Upto 0.90%
Statutory levies (including GST) on all expenses excluding brokerage and transaction cost	As per prevailing rate
Statutory levies (including GST) on brokerage and transaction cost	As per prevailing rate
Total Expense Ratio permissible under Regulation 67	Upto 0.90%

The BER shall include:

- Investment and Advisory fees (sub-regulation 4 of Regulation 66)
- Recurring expenses (sub-regulation 5 of Regulation 66)
- Charges/ commission/ fees related to distribution of mutual fund schemes (Sub regulation 6 of Regulation 66)

In addition to the limits as specified in Regulation 67 of SEBI (Mutual Funds) Regulations 2026 Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the scheme:

- ### Schemes may charge expense incurred towards brokerage, for the purpose of execution of trade, over

and above the base expense ratio subject to a maximum of 0.06 per cent of trade value in case of cash market transactions and 0.02 per cent of trade value in case of derivatives transactions. Expense charged towards brokerage, over and above the specified limit, shall not be part of the base expense ratio limit specified in the table given above.

- Transaction cost means regulatory levies and any other expenses charged by the stock exchanges, clearing corporation, and clearing house, as applicable. Such transaction costs shall not form part of the base expense ratio.
- Statutory levy means levy imposed by state government and central government.
- **As per para 11.9.1 of SEBI Master Circular on Mutual Funds, the charges applicable for investor education and awareness initiatives from ETFs/Index Funds shall be 0.01% of daily net assets of the scheme. Further with reference to para 11.6.3 of SEBI Master Circular on Mutual Funds, the additional distribution commission shall be paid from the 2 basis points on daily net assets, mandatorily set aside annually by the AMC towards investor education, awareness, and financial inclusion initiatives, subject to applicable clawback provisions.
- Any expense other than those specified in sub-regulation 66 (4), sub-regulation 66 (5), sub regulation 66(6), sub-regulation 66(9) and sub-regulation 66(10), shall not be charged to the scheme and shall be borne by the AMC or trustee or sponsors.
- No charges other than the base expense ratio, brokerage cost, transaction cost, statutory levy and exit load including levies as may be specified by the SEBI, shall be charged to the investors.
- Any expenditure in excess of the base limits specified in these regulations shall be borne by the asset management company or the trustees or sponsors. If any expense of the scheme is borne by asset management company or by the trustee or sponsors, the same shall be done only after the investment and advisory fees charged to the scheme, if any, is fully reversed.
- ^As per clause 4.5.1. (d) of SEBI Master Circular on Mutual Funds, incentive to be paid to Market Makers shall be charged to the ETF scheme but within the maximum permissible limit of TER.

Following are the principles of incentive structure:

- MOAMC may decide to pay compensation or remuneration to MMs depending upon various criteria such as volumes, bid-ask spread, inventory maintain by MMs / Aps. Maintenance by MM of minimum unit creation size of ETF available on both bid and ask side of trades, as may be decided by AMC and MM from time to time.
- All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. The BER (Base Expense Ratio) of the Direct Plan will be lower to the extent of the distribution expenses/commission which is charged in the Regular Plan and no commission for distribution of Units will be paid / charged under the Direct Plan.
- The Mutual Fund would update the current expense ratios on the website (www.motilaloswalmf.com) atleast three working days prior to the effective date of the change. Investors can refer to “Base Expense

Ratio” section on <https://www.motilaloswalmf.com/downloads/mutual-fund/totalexpensratio> for Total Expense Ratio (BER) details

Illustration of impact of expense ratio on returns of the Scheme

Particulars	Regular Plan	Direct Plan
	Amount (Rs.)	
Amount Invested at the beginning of the year	NA	10,000
Net asset before expenses		11,500
Expenses other than Distribution Expenses 0.15%		17.25
Distribution Expenses 0.50%		0.00
Returns after Expenses at the end of the Year		1,482.75

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less.
- Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

D. LOAD STRUCTURE

Load is an amount which is paid by the investor to subscribe to the units or to redeem the units from the Scheme. This exit load charged (net of GST) will be credited back to the Scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC <https://www.motilaloswalmf.com/> or may call at toll free no. 91 8108622222 and +91 2240548002 or your distributor.

Type of Load	Load chargeable (as %age of NAV)
Exit	NIL

There is no entry/exit load on units of the Scheme bought or sold through the secondary market on the Stock Exchange. However, an investor would be paying cost in the form of a bid and ask spread and brokerage, as charged by his broker for buying/selling units of the Scheme.

*** Liquidity window for Investors of ETFs with AMCs**

The redemption of units of the Scheme upto INR 25 Crores, directly with AMC, without any exit load, in case of the following scenarios:

- Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or

- iii. Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

In case of the above scenarios, applications received from investors for redemption upto 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day.

The above instances shall be tracked by the AMC on a continuous basis and in case if any of the above mentioned scenario arises, the same shall be disclosed on the website of AMC.

The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure, AMC will issue an addendum and display it on the website/Investor Service Centres.

Any imposition or enhancement in the load structure shall apply on a prospective basis and in no case the same would affect the existing investors adversely. Bonus units shall not be subject to entry and exit load.

Under the Scheme, the AMC reserves the right to modify/alter the load structure if it so deems fit in the interest of smooth and efficient functioning of the scheme, subject to maximum limits as prescribed under the SEBI Regulations. The load may also be changed from time to time and in case of exit/redemption, load may be linked to the period of holding.

For any change in the load structure, the AMC would undertake the following steps:

1. The addendum detailing the changes will be attached to SID and Key Information Memorandum (KIM). The addendum will be circulated to all the distributors so that the same can be attached to all SID and KIM already in stock.
2. Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all Investor Service Centres and distributors/brokers offices.
3. The introduction of the exit load/CDSC along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load/CDSC.
4. The Fund shall display an Addendum in respect of such changes on its website <https://www.motilaloswalmf.com/>.
5. Any other measure that the Mutual Fund shall consider necessary.

The investor is requested to check the prevailing load structure of the Scheme before investing.

There is no entry/exit load on units of the Scheme bought or sold through the secondary market on the Stock Exchange. However, an investor would be paying cost in the form of a bid and ask spread and brokerage, as charged by his broker for buying/selling units of the Scheme.

From the exit load including Contingent Deferred Sales Charge (CDSC) charged to the Unitholders by the Scheme, a maximum of 1% of the redemption value shall be retained by the Scheme in a separate account and will be utilised towards meeting the selling and distribution expenses including commissions to the distributor. Any amount in excess of 1% of the redemption value shall be credited to the Scheme immediately.

The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure, AMC will issue an addendum and display it on the website/Investor Service Centres.

Any imposition or enhancement in the load structure shall apply on a prospective basis and in no case the same would affect the existing investors adversely.

Under the Scheme, the AMC reserves the right to modify/alter the load structure if it so deems fit in the interest of smooth and efficient functioning of the scheme, subject to maximum limits as prescribed under the SEBI Regulations. The load may also be changed from time to time and in case of exit/redemption, load may be linked to the period of holding.

For any change in the load structure, the AMC would undertake the following steps:

1. The addendum detailing the changes will be attached to SID and Key Information Memorandum (KIM). The addendum will be circulated to all the distributors so that the same can be attached to all SID and KIM already in stock.
2. Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all Investor Service Centres and distributors/brokers offices.
3. The introduction of the exit load/CDSC along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load/CDSC.
4. The Fund shall display an Addendum in respect of such changes on its website (www.motilaloswalmf.com).
5. Any other measure that the Mutual Fund shall consider necessary.

SECTION II

I. INTRODUCTION

A. DEFINITIONS/INTERPRETATION

All references to “Master Circular” refer to Master Circular for Mutual Funds no. HO/24/13/11(1)2026-IMD-POD-1/1/7602/2026 issued by SEBI dated March 20, 2026 as amended from time to time

For detailed definitions please refer link <https://www.motilaloswalmf.com/download/sid-related-documents>

B. REQUIREMENT OF MINIMUM INVESTORS IN THE SCHEME

As the scheme is an exchange traded fund, the provision of minimum number of investors and maximum holding by the investor is not applicable as per para 7.19 of SEBI Master Circular on Mutual Funds.

C. RISK FACTORS

Scheme Specific Risk Factors

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme’s NAV, trading price, yield, return and/or its ability to meet its objectives.

- **Market Risk**

The Scheme’s NAV will react to stock market movements. The Investor may lose money over short or long period due to fluctuation in Scheme’s NAV in response to factors such as performance of companies whose stock comprises the underlying portfolio, economic and political developments, changes in interest rates, inflation and other monetary factors and movement in prices of underlining investments.

- **Risks associated with investing in Equities**

- a. Investments in the equity shares of the Companies constituting the Underlying Index are subject to price fluctuation on daily basis. The volatility in the value of equity is due to various micro and macro-economic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme.
- b. The Scheme would invest in the securities comprising the Underlying Index in the same proportion as the securities have in the Index. Hence, the risk associated with the corresponding Underlying Index would be applicable to the Scheme. The Underlying Index has its own criteria and policy for inclusion/exclusion of securities from the Index, its maintenance thereof and effecting corporate actions. The Fund would invest in the securities of the Index regardless of investment merit, research, without taking a view of the market and without adopting any defensive measures. The Fund would not select securities in which it wants to invest but is guided by the Underlying Index. As such the Scheme is not actively managed but is passively managed.
- c. As the units of the Scheme are listed on the Stock Exchange, trading in the units of the Scheme may be halted due to market conditions or for reasons that in the view of the Exchange Authorities or SEBI. There could also be trading halts caused by extraordinary market volatility and pursuant to NSE/BSE and SEBI circuit filter rules and the Scheme would not be able to buy/sell securities in case of

subscriptions/redemptions, which may impact the Scheme. Further, there can be no assurance that the requirements of the exchange necessary to maintain the listing of the Scheme will continue to be met or will remain unchanged.

- d. Listing and trading of the units are undertaken on the Stock Exchanges within the rules, regulation and policy of the Stock Exchange and SEBI. Any change in trading rules, regulation and policy by the regulatory authority would have a bearing on the trading of the units of the Scheme and its prices.
- e. Though the Scheme is listed on the NSE and BSE, there is no assurance that an active secondary market will develop or be maintained. Hence, there would be times when trading in the units of the Scheme would be infrequent.
- f. The NAV of the Scheme reflect the valuation of its investment and any changes in market value of its investments would have a bearing on its NAV. When the units are traded on the Stock Exchange, the units of the Scheme may trade at prices which can be different from the NAV due to various factors like demand and supply for the units of the Scheme, perceived trends in the market outlook, etc.
- g. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme portfolio.
- h. Investors should note that even though the Scheme is an open ended Scheme, subscription/redemptions directly with the Fund would be limited to such investors who have the ability to subscribe/redeem the units of the Scheme in specific lot sizes. Generally, these lot sizes are larger as compared to normal funds. Even though this Scheme is open ended due to large lot size, very few investors can directly subscribe and redeem the units of the Scheme. However, investors wishing to subscribe/redeem units in other than specific lot sizes can do so by buying/selling the same on the Stock Exchange unless no quotes are available on the exchange for 3 trading days consecutively.
- i. Tracking error may arise due to various reasons like fees and expenses charged to the Scheme, dividend received, corporate actions, change in the Underlying Index, etc. Tracking error has an impact on the performance of the Scheme. The Scheme's returns may therefore deviate from those of its Underlying Basket. However, the Fund would endeavor to keep the tracking error as low as possible.
- j. Risks of investing in the Midcap sector
 - Given the lower liquidity in small cap equity shares, achieving the investment objectives may be affected.
 - The companies, being smaller in size, are more prone to adverse effects of prolonged general economy wide adversity such as a slow down or recession.

- **Right to Limit Redemptions**

The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day subject to the guidelines/circulars issued by the Regulatory Authorities from time to time.

- **Asset Class Risk**

The returns from the types of securities in which the Scheme invests may under perform from the various general securities markets or different asset classes. Different types of securities tend to go through cycles of out-performance and under-performance in comparison with the general securities markets.

- **Interest Rate Risk**

Changes in interest rates will affect the Scheme's Net Asset Value. The prices of securities usually increase as interest rates decline and usually decrease as interest rates rise. The extent of fall or rise in the prices is guided by duration, which is a function of the existing coupon, days to maturity and increase or decrease in the level of interest rate. The new level of interest rate is determined by the rate at which the government raises new money and/or the price levels at which the market is already dealing in existing securities. Prices of long-term securities generally fluctuate more in response to interest rate changes than short-term securities. The price risk is low in the case of the floating rate or inflation-linked bonds. The price risk does not exist if the investment is made under a repo agreement. Debt markets, especially in developing markets like India, can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the NAV.

- **Credit Risk**

Credit Risk means that the issuer of a security may default on interest payments or even paying back the principal amount on maturity. (i.e. the issuer may be unable to make timely principal and interest payments on the security). Even where no default occurs, the prices of security may go down because the credit rating of an issuer goes down. It must be, however, noted that where the Scheme has invested in Government securities, there is no risk to that extent.

- **Liquidity or Marketability Risk**

This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market. Trading Volumes, settlement periods and transfer procedures may restrict the liquidity of the investments made by the Scheme. Different segments of the Indian financial markets have different settlement periods and such period may be extended significantly by unforeseen circumstances leading to delays in receipt of proceeds from sale of securities. As liquidity of the investments made by the Scheme could, at times, be restricted by trading volumes and settlement periods, the time taken by the Fund for redemption of units may be significant in the event of an inordinately large number of redemption requests or restructuring of the Scheme.

- **Risk associated with ETF**

- **Passive Investments:**

As the scheme proposes to invest not less than 95% of the net assets in the securities of the benchmark Index, the Scheme will not be actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets. The value of the Scheme's investments, may be affected generally by factors affecting equity markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down

- **Market risk:**

ETFs are typically designed to track the performance of certain indices, market sectors, or groups of assets such as stocks, bonds, or commodities. ETF managers may use different strategies to achieve this goal, but in

general they do not have the discretion to take defensive positions in declining markets. Investors must be prepared to bear the risk of loss and volatility associated with the underlying index/assets.

- **Tracking errors:**
Tracking errors refer to the disparity in performance between an ETF and its underlying index/assets. Tracking errors can arise due to factors such as the impact of transaction fees and expenses incurred to the ETF, changes in composition of the underlying index/assets, and the ETF manager's replication strategy.
- **Trading at discount or premium:**
An ETF may be traded at a discount or premium to its Net Asset Value (NAV). This price discrepancy is caused by supply and demand factors, and may be particularly likely to emerge during periods of high market volatility and uncertainty.
- **Liquidity risk:**
Authorized participants (APs) are Exchange Participants that provide liquidity to facilitate trading in ETFs. Although most ETFs are supported by one or more APs, there is no assurance that active trading will be maintained.
- As the units of the Scheme are listed on the Stock Exchange, trading in the units of the Scheme may be halted due to market conditions or for reasons that in the view of the Exchange Authorities or SEBI. There could also be trading halts caused by extraordinary market volatility and pursuant to NSE and SEBI circuit filter rules and the Scheme would not be able to buy/sell securities in case of subscriptions/redemptions, which may impact the Scheme. Further, there can be no assurance that the requirements of the exchange necessary to maintain the listing of the Scheme will continue to be met or will remain unchanged.
- Listing and trading of the units are undertaken on the Stock Exchanges within the rules, regulation and policy of the Stock Exchange and SEBI. Any change in trading rules, regulation and policy by the regulatory authority would have a bearing on the trading of the units of the Scheme and its prices.
- Though the Scheme is listed on the NSE, there is no assurance that an active secondary market will develop or be maintained. Hence, there would be times when trading in the units of the Scheme would be infrequent.
- The NAV of the Scheme reflects the valuation of its investment and any changes in market value of its investments would have a bearing on its NAV. When the units are traded on the Stock Exchange, the units of the Scheme may trade at prices which can be different from the NAV due to various factors like demand and supply for the units of the Scheme, perceived trends in the market outlook, etc.
- In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme portfolio.
- Investors can directly approach the AMC for redemption of units of ETFs, for transaction of up to INR 25 Cr. without any exit load, in case of the following scenarios:

- i. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
 - ii. No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
 - iii. Total bid size on the exchange is less than half of creation unit size daily, averaged over a period of 7 consecutive trading days.
- Investors should note that even though the Scheme is an open ended Scheme, subscription/redemptions directly with the Fund would be limited to such investors who have the ability to subscribe/redeem the units of the Scheme in specific lot sizes. Generally, these lot sizes are larger as compared to normal funds. Even though this Scheme is open ended due to large lot size, very few investors can directly subscribe and redeem the units of the Scheme. However, investors wishing to subscribe/redeem units in other than specific lot sizes can do so by buying/selling the same on the Stock Exchange unless no quotes are available on the exchange for 3 trading days consecutively.
- Tracking error may arise due to various reasons like fees and expenses charged to the Scheme, dividend received, corporate actions, change in the Underlying Index, etc. Tracking error has an impact on the performance of the Scheme. The Scheme's returns may therefore deviate from those of its Underlying Basket. However, the Fund would endeavor to keep the tracking error as low as possible.
- **Risks associated with Investing in Derivatives**
Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

- **Risks associated with Segregated portfolio**

The AMC / Trustee shall decide on creation of segregated portfolio of the Scheme in case of a credit event/actual default at issuer level. Accordingly, Investor holding units of segregated portfolio may not be able to liquidate their holding till the time recovery of money from the issuer. The Security comprised of segregated portfolio may not realise any value. Further, Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

- **Risk associated with investing in fixed income securities and Money Market Instruments**

- Credit risk:** Credit risk or default risk refers to the risk which may arise due to default on the part of the issuer of the fixed income security (i.e. will be unable to make timely principal and interest payments on the security). Because of this risk, debentures are sold at a yield spread above those offered on Treasury securities, which are sovereign obligations and generally considered to be free of credit risk. Normally, the value of a fixed income security will fluctuate depending upon the actual changes in the perceived level of credit risk as well as the actual event of default.
- Counterparty risk:** Counterparty refers to the counterparty's inability to honor its commitments (payment, delivery, repayment, etc.) and to risk of default. This risk relates to the quality of the counterparty to which the scheme has exposures. Losses can occur in particular for the settlement/delivery of financial instruments.
- Interest Rate risk:** This risk is associated with movements in interest rate depends on various factors such as government borrowing, inflation, economic performance etc. The value of investments will appreciate/depreciate if the interest rates fall/rise. However, if the investments are held on till maturity of the investments, the value of the investments will not be subjected to this risk.
- Reinvestment risk:** This risk arises from uncertainty in the rate at which cash flows from the securities may be reinvested. This is because the bond will pay coupons, which will have to be reinvested. The rate at which the coupons will be reinvested will depend upon prevailing market rates at the time the coupons are received.
- Liquidity or Marketability Risk:** This refers to the ease at which a security can be sold at or near its true value. The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is characteristic of the Indian fixed income market.
- Different types of fixed income securities in which the Scheme would invest carry different levels and types of risk. Accordingly, the Scheme risk may increase or decrease depending upon its investment pattern. e.g. corporate bonds carry a higher level of risk than Government securities. Further even among corporate bonds, bonds, which are AAA rated, are comparatively less risky than bonds, which are AA rated.
- The Net Asset Value (NAV) of the Scheme, to the extent invested in Debt and Money Market securities, will be affected by changes in the general level of interest rates. The NAV of the Scheme is expected to increase from a fall in interest rates while it would be adversely affected by an increase in the level of interest rates.

- **Risks associated with investing in TREPS Segments**

The mutual fund is a member of securities and TREPS segments of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in TREPS segments are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). The mutual fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time. In the event that the default waterfall is triggered and the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, the scheme may lose an amount equivalent to its contribution to the default fund allocated to the scheme on a pro-rata basis.

- **Market Risk**

The Scheme's NAV will react to stock market movements. The value of investments in the scheme may go down over a short or long period due to fluctuations in Scheme's NAV in response to factors such as performance of companies whose stock comprises the underlying portfolio, economic and political developments, changes in government policies, changes in interest rates, inflation and other monetary factors causing movement in prices of underlining investments.

- **Concentration risk**

This is the risk arising from over exposure to few securities/issuers/sectors.

- **Passive Investments**

The Scheme is not actively managed. Since the Scheme is replicating the underlying index, it may be affected by a general decline in the respective markets relating to its underlying index. The Scheme as per its investment objective invests in Securities which are constituents of its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

- **Right to Limit Redemptions**

The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day subject to the guidelines/circulars issued by the Regulatory Authorities from time to time.

- **Risk Factors relating to Portfolio Rebalancing**

In the event that the asset allocation of the Scheme deviates from the ranges as provided in the asset allocation table in this SID, then the Fund Manager will rebalance the portfolio of the Scheme to the position indicated in the asset allocation table. However, if market conditions do not permit the Fund Manager to rebalance the portfolio of the Scheme then the AMC would notify the Board of the Trustee Company and the Investment Committee of the AMC with appropriate justifications.

- **ETF Fund**

The Scheme being an ETF fund follows a passive investment technique and shall only invest in Securities comprising one selected index as per investment objective of the Scheme. The Fund Manager would invest in the Securities comprising the underlying index irrespective of the market conditions. If the Securities market declines, the value of the investment held by the Scheme shall decrease.

- **Risks associated with Securities Lending**

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes stock lending as prescribed in the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities lent. The Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

- **Trading through mutual fund trading platforms of BSE and/ or NSE**

In respect of transaction in Units of the Scheme through BSE and/ or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/ or NSE and their respective clearing corporations on which the Mutual Fund has no control.

- **Risk associated with potential change in Tax structure**

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the 'Income Tax Act 1961' or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

Risk Control

Risk is an inherent part of the investment function. Effective Risk management is critical to fund management for achieving financial soundness. Investment by the Scheme would be made as per the investment objective of the Scheme and in accordance with SEBI Regulations. AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for the same. The system has incorporated all the investment restrictions as per the SEBI guidelines and enables identifying and measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

D. Risk mitigation strategies

Risk and Description	Risk mitigates / management strategy
<u>Risks associated with Equity investment</u>	
<u>Market Risk</u> The Scheme is vulnerable to movements in the prices of securities invested by the Scheme, which could have a material bearing on the overall returns from the Scheme. The value of the underlying Scheme investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets.	Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index.

<u>Liquidity risk</u> The liquidity of the Scheme's investments is inherently restricted by trading volumes in the securities in which they invests.	The Scheme will try to maintain a proper asset-liability match to ensure redemption payments are made on time and not affected by illiquidity of the underlying stocks.
<u>Tracking Error risk (Volatility/ Concentration risk):</u> The performance of the Scheme may not commensurate with the performance of the underlying Index viz. Midcap 100 Index on any given day or over any given period.	<u>Tracking Error risk (Volatility/ Concentration risk):</u> Over a short to medium period, the Scheme may carry the risk of variance between portfolio composition and Benchmark. The objectives of the scheme are too closely track the performance of the Underlying Index over the same period, subject to tracking error. The Scheme would endeavor to maintain a low tracking error by actively aligning the portfolio in line with the Index.
<u>Derivatives Risk</u> As and when the Scheme trades in the derivatives market there are risk factors and issues concerning the use of derivatives since derivative products are specialized instruments that require investment techniques and risk analyses different from those associated with stocks and bonds.	Derivatives will be used in the form of Index Options, Index Futures and other instruments as may be permitted by SEBI. All derivatives trade will be done only on the exchange with guaranteed settlement. The AMC monitors the portfolio and regulatory limits for derivatives through its front office monitoring system. Exposure to derivatives of stocks or underlying index will be done based on requisite research. Exposure with respect to derivatives shall be in line with regulatory limits and the limits specified in the SID. No OTC contracts will be entered into.
Risks associated with money market investment	
<u>Market Risk/ Interest Rate Risk</u> As with all fixed income securities, changes in interest rates may affect the Scheme's Net Asset Value as the prices of securities generally increase as interest rates decline and generally decrease as interest rates rise. Prices of long-term securities generally fluctuate more in response to interest rate changes than do short-term securities. Indian debt markets can be volatile leading to the possibility of price movements up or down in fixed income securities and thereby to possible movements in the	The Scheme may invest in money market instruments having relatively shorter maturity thereby mitigating the price volatility due to interest rate changes generally associated with long-term securities.

NAV.	
<u>Liquidity or Marketability Risk</u> This refers to the ease with which a security can be sold at or near to its valuation yield- to maturity (YTM).	The Scheme may invest in money market instruments having relatively shorter maturity. While the liquidity risk for short maturity securities may be low, it may be high in case of medium to long maturity securities.
<u>Credit Risk</u> Credit risk or default risk refers to the risk that an issuer of a fixed income security may default (i.e., will be unable to make timely principal and interest payments on the security).	Management analysis may be used for identifying company specific risks. Management's past track record may also be studied.

E. SPECIAL CONSIDERATIONS

- Prospective investors should study this SID and SAI carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, financial, investment or any other matters and are advised to consult their legal, tax, financial and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming units, before making a decision to invest/redeem/hold units.

In view of the individual nature of tax consequences, each Unitholder is advised to consult his / her own professional tax advisor.

- Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise.
- The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in SAI.

The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies as may be required or necessary.

- Motilal Oswal Asset Management Company Limited (MOAMC) undertakes the following activities other than that of managing the Schemes of MOMF and has also obtained NOC from SEBI for the same:
 - a. MOAMC is a registered Portfolio Manager under SEBI (Portfolio Managers) Regulations, 1993 bearing registration number INP000000670 dated August 21, 2017.
 - b. MOAMC acts as an Investment Manager to the Schemes of Motilal Oswal Alternative Investment Trust and is registered under SEBI (Alternative Investment Funds) Regulations, 2012 as Category III AIF bearing registration number IN/AIF3/13-14/0044 and IN/AIF3/19-20/0799 respectively.
 - c. MOAMC has incorporated a wholly owned subsidiary in Mauritius which acts as an Investment Manager to the funds based in Mauritius.
 - d. MOAMC has incorporated a wholly owned subsidiary in India which currently undertakes Investment Advisory Services to offshore clients.

AMC confirms that there is no conflict of interest between the aforesaid activities managed by AMC. In the situations of unavoidable conflicts of interest, the AMC undertakes that it shall satisfy itself that adequate disclosures are made of source of conflict, potential 'material risk or damage' to investor interest and develop parameters for the same.

- Apart from the above-mentioned activities, the AMC may undertake any business activities other than in the nature of management and advisory services provided to pooled assets including offshore funds, insurance funds, pension funds, provident funds, if any of such activities are not in conflict with the activities of the mutual fund subject to receipt of necessary regulatory approvals and approval of Trustees and by ensuring compliance with provisions of regulation 21 (b) (i to viii). Provided further that the asset management company may, itself or through its subsidiaries, undertake portfolio management services and advisory services for other than broad based fund till further directions, as may be specified by the Board, subject to compliance with the following additional conditions:-
 - i) it satisfies the Board that key personnel of the asset management company, the system, back office, bank and securities accounts are segregated activity wise and there exist system to prohibit access to inside information of various activities;
 - ii) it meets with the capital adequacy requirements, if any, separately for each of such activities and obtain separate approval, if necessary under the relevant regulations.

Explanation:—For the purpose of this regulation, the term 'broad based fund' shall mean the fund which has at least twenty investors and no single investor account for more than twenty five percent of corpus of the fund.

- The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day.
- As the liquidity of the Scheme's investments may sometimes be restricted by trading volumes and settlement periods, the time taken by the Fund for Redemption of Units may be significant in the event of an inordinately large number of Redemption requests. The Trustee has the right to limit redemptions under certain circumstances. Please refer to the section "Right to limit Redemption".
- Pursuant to the provisions of Prevention of Money Laundering Act, 2002 (PMLA), if after due diligence, the AMC believes that any transaction is suspicious in nature as regards money laundering, the AMC shall have absolute discretion to report such suspicious transactions to FIU-IND (Financial Intelligence Unit – India) or such other authorities as prescribed under the rules/guidelines issued thereunder by SEBI and/or RBI and take any other actions as may be required for the purposes of fulfilling its obligations under PMLA and rules/guidelines issued thereunder by SEBI and/or RBI without obtaining the prior approval of the investor/Unitholder/ any other person.
- Termination of the scheme(s)
The Trustees reserve the right to terminate the scheme at any time. Regulation 36 of the SEBI Regulations provides that any scheme of a mutual fund may be wound up after repaying the amount due to the unitholders:
 - (a) On the happening of any event which, in the opinion of the trustees, requires the scheme to be wound up; or
 - (b) If seventy-five percent of the unitholders of a scheme pass a resolution that the scheme be wound up; or
 - (c) If SEBI so directs in the interest of the unitholders.
 - (d) Where a scheme is wound up under the above Regulation, the trustees shall give a notice disclosing the circumstances leading to the winding up of the scheme:
 - (a) to SEBI; and
 - (b) in two daily newspapers having circulation all over India & a vernacular newspaper circulating at the place where the mutual fund is formed.

In case of termination of the scheme, regulation 38 of the SEBI (mutual Funds) Regulations, 2026 shall apply.

Creation of Unit Size

Each Creation Unit consists of 1,25,000 units of Motilal Oswal Nifty Midcap 100 ETF. As explained earlier, the Creation Unit is made up of 2 components i.e. Portfolio Deposit and Cash Component. The Portfolio Deposit will be determined by the Fund as per the weights of each security in the Underlying Index. The value of this Portfolio Deposit will change due to change in prices during the day. The number of shares of each security that constitute the Portfolio Deposit will remain constant unless there is any corporate action in the Underlying Index or there is a rebalance in the Underlying Index

The example of Creation Unit as on March 31, 2026 for Motilal Oswal Nifty Midcap 100 ETF is as follows:

The above is just an example to illustrate the calculation of cash component. Cash Component will vary depending upon the actual charges incurred like Custodial Charges and other.

Listing of Mutual Fund schemes that are in the process of winding up

The Scheme shall comply with the para 8.2 of SEBI Master on Mutual Funds in the event of Winding-up in terms of Regulation 36 MF Regulations.

The AMC, its sponsor, employees of AMC and Trustee shall not be permitted to transact (buy or sell) in the units of such schemes that are under the process of being wound up. The compliance of the same will be monitored both by the Board of AMC and Trustee.

II. INFORMATION ABOUT THE SCHEME

A. WHERE WILL THE SCHEME INVEST?

Investment in Equity and equity related Instruments

The Scheme will invest in the securities which are constituents of Nifty Midcap 100 Index in the same proportion as in the Index. The investments restriction and the limits are specified in Schedule Sixth of SEBI (Mutual Funds) Regulations, 2026 and Master Circular on SEBI Mutual Fund which are mentioned in the section ‘Investment Restrictions’.

Investment in Debt and Money market instruments

The Scheme may also invest in debt and money market instruments. The investment restrictions and the limits are specified in the Schedule Sixth of SEBI (Mutual Funds) Regulations, 2026 and Master Circular on SEBI Mutual Fund which are mentioned in the section ‘Investment Restrictions’.

Investment in Derivatives

The Scheme may take an exposure to equity derivatives of constituents of the Underlying Index when securities of the Index are unavailable, insufficient or for rebalancing at the time of change in Index or in case of corporate actions, for a short period of time. The total exposure to derivatives would be restricted to 5% of the net assets of the Scheme.

The Scheme may use derivative instruments such as stock futures and options contracts, warrants, convertible securities, swap agreements or any other derivative instruments that are permissible or may be permissible in future under applicable regulations and such investments shall be in accordance with the investment objective of the Scheme.

Index futures/options are meant to be an efficient way of buying/selling an index compared to buying/selling a portfolio of physical shares representing an index for ease of execution and settlement. Index futures/options can be an efficient way of achieving the scheme’s investment objective. Notwithstanding the pricing, they can help in reducing the Tracking Error in the Scheme. Index futures/options may avoid the need for trading in individual components of the index, which may not be possible at times, keeping in mind the circuit filter system and the liquidity in some of the individual stocks. Index futures/options can also be helpful in reducing the transaction costs and the processing costs on account of ease of execution of one trade compared to several trades of shares comprising the Underlying Index and will be easy to settle compared to physical portfolio of shares representing the Underlying Index.

In case of investments in index futures/options, the risk/reward would be the same as investments in portfolio of shares representing an index. However, there may be a cost attached to buying an index future/option. Further there could be an element of settlement risk, which could be different from the risk in settling physical shares. This

settlement risk is likely to be minimized if the exchange acts as the clearing corporation and the counter party, as is the practice in the developed markets. The Scheme will not maintain any leveraged or trading positions.

Limit for investment in derivatives instruments

Derivatives shall mean derivatives instruments as permitted by SEBI, including derivative exposure in accordance with c para 13.15 of Master Circular on Mutual Funds 4 and other amendments issued by SEBI from time to time, the following conditions shall apply to the Scheme's participation in the derivatives market. The investment restrictions applicable to the Scheme's participation in the derivatives market will be as prescribed or varied by SEBI or by the Trustees (subject to SEBI requirements) from time to time.

As and when SEBI amends the limits in position limits for exchange traded derivative contracts in future, the aforesaid position limits, to the extent relevant, shall be read as if they were substituted with the SEBI amended limits.

Risk Associated with these Strategies

- The risk of mis-pricing or improper valuation and the inability of derivatives to correlate perfectly with underlying assets, rates and indices.
- Execution Risk: The prices which are seen on the screen need not be the same at which execution will take place.

B. INVESTMENT RESTRICTIONS

The following are the investment restrictions as contained in the Sixth Schedule and and Chapter 13 of SEBI Master Circular on Mutual Funds amendments thereof to SEBI (MF) Regulations which are applicable to the Scheme at the time of making investments:

1. The Mutual fund scheme's investment in equity shares, equity related instruments and debt instruments shall only be made in listed or to be listed securities except that mutual fund can invest in:
 - (a) unlisted Government Securities and money market instruments other than commercial papers; and
 - (b) unlisted non-convertible debentures to the extent and in the manner as specified by the Board.
2. The Mutual Fund shall buy and sell securities on the basis of deliveries and shall in all cases of purchases, take delivery of relevant securities and in all cases of sale, deliver the securities:

Provided that a Mutual Fund may engage in short selling of securities in accordance with the framework relating to short selling and securities lending and borrowing specified by the SEBI:

Provided further that a Mutual Fund may enter into derivatives transactions in a recognized stock exchange, subject to the framework specified by the SEBI:

Provided further that sale of Government security already contracted for purchase shall be permitted in accordance with the guidelines issued by the Reserve Bank of India in this regard.

3. The Mutual Fund under all its schemes shall not own more than ten per cent of any company's paid up capital carrying voting rights.

4. Transfers of investments from one scheme to another scheme in the same Mutual Fund shall be allowed only if,
 - (a) such transfers are done at the prevailing market price for quoted instruments on spot basis.
[Explanation - “Spot basis” shall have same meaning as specified by stock exchange for spot transactions;]
 - (b) the securities so transferred shall be in conformity with investment objective of the scheme to which such transfer has been made and the Policy on Inter Scheme Transfer prepared in compliance with para 13.19 of SEBI Master Circular on Mutual Funds as amended from time to time.
5. The Scheme may invest in another scheme under the same asset management company or any other Mutual Fund without charging any fees, provided that aggregate inter-scheme investment made by all schemes under the same management or in schemes under the management of any other asset management company shall not exceed 5% of the net asset value of the Mutual Fund. Provided that this para shall not apply to any fund of funds scheme.
6. Pending deployment of funds of a Scheme in terms of investment objectives of the Scheme, the Mutual Fund may invest the funds of the scheme in short-term deposits of scheduled commercial banks, subject to the following guidelines issued by SEBI and as may be amended from time to time.

Pursuant to the para 13.7 of SEBI Master Circular on Mutual Funds, where the cash in the scheme is parked in short term deposits of Scheduled Commercial Banks pending deployment, the scheme shall abide by the following guidelines:

- (a) “Short Term” for such parking of funds by the Scheme shall be treated as a period not exceeding 91 days. Such short-term deposits shall be held in the name of the Scheme.
 - (b) The Scheme shall not park more than 15% of net assets in short term deposit(s) of all the scheduled commercial banks put together. However, such limit may be raised to 20% with prior approval of the Trustees.
 - (c) Parking of funds in short term deposits of associate and sponsor scheduled commercial banks together shall not exceed 20% of total deployment by the Mutual Fund in short term deposits.
 - (d) The Scheme shall not park more than 10% of the net assets in short term deposit(s), with any one scheduled commercial bank including its subsidiaries.
 - (e) The Scheme shall not park funds in short term deposit of a bank which has invested in that Scheme. Trustees/AMCs shall also ensure that the bank in which a scheme has STD do not invest in the said scheme until the scheme has STD with such bank
 - (f) The AMC will not charge any investment management and advisory fees for funds under a Plan parked in short term deposits of scheduled commercial banks.
 - (g) The above provisions will not apply to term deposits placed as margins for trading in cash and derivatives market.
7. A mutual fund scheme shall not invest in unlisted debt instruments including commercial papers, except Government Securities and other money market instruments.

Provided that Mutual Fund Schemes may invest in unlisted non-convertible debentures up to a maximum of 10% of the debt portfolio of the scheme subject to such conditions as may be specified by the Board from time to time:

Provided further that mutual fund schemes shall comply with the norms under this clause within the time and in the manner as may be specified by the Board.

Provided further that the norms for investments by mutual fund schemes in unrated debt instruments shall be specified by the Board from time to time.

For the purpose listed debt instruments shall include listed and to be listed debt instruments.

8. The Scheme shall not make any investment in:
 - (a) any unlisted security of an associate or group company of the sponsor; or
 - (b) any security issued by way of private placement by an associate or group company of the sponsor; or
 - (c) the listed securities of group companies of the sponsor which is in excess of 25 per cent of the net assets.
9. The Scheme shall not make any investment in any fund of funds Scheme.
10. The Scheme shall not invest more than 10 per cent of its NAV in the equity shares or equity related instruments of any company. Provided that, the limit of 10 per cent shall not be applicable for investments in case of index fund or sector or industry specific scheme.
11. The Mutual Fund may borrow to meet liquidity needs, for the purpose of repurchase, redemption of units and such borrowings shall not exceed 20% of the net asset of the Scheme and duration of the borrowing shall not exceed 6 months. The Mutual Fund may borrow from permissible entities at prevailing market rates and may offer the assets of the Mutual Fund as collateral for such borrowing.
12. No sponsor of a mutual fund, its associate or group company including the asset management company of the fund, through the schemes of the mutual fund or otherwise, individually or collectively, directly or indirectly, have –
 - a. 10% or more of the share-holding or voting rights in the asset management company or the trustee company of any other mutual fund; or
 - b. representation on the board of the asset management company or the trustee company of any other mutual fund.
13. No term loans will be advanced by the Scheme.
14. The Scheme will comply with any other Regulations applicable to the investments of Mutual Funds from time to time.

All investment restrictions shall be applicable at the time of making investments. The AMC/ Trustees from time to time may alter these investment restrictions in conformity with the SEBI Regulations, so as to permit the Scheme to make its investments in the full spectrum of permitted investments to achieve its investment objective.

same.	
Restrictions, if any, on the right to freely retain or dispose of units being offered.	As the Units of the Scheme are issued in demat (electronic) form will be transferred and transmitted in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time.
Cut off timing for subscriptions/ redemptions/ switches This is the time before which your application (complete in all respects) should reach the official points of acceptance.	The requirement of “cut-off” timing for NAV applicability as prescribed by SEBI from time to time shall not be applicable for direct transaction with AMCs in ETFs by MMs / APs and other eligible investors. In case of the underneath scenarios, applications received from investors for redemption upto 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day. Investors can directly approach the AMC for redemption of units of ETFs, for transaction of up to INR 25 Cr. without any exit load, in case of the following scenarios: - Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or - No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or - Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.
Minimum amount for purchase/redemption/switches (mention the provisions for ETFs, as may be applicable, for direct subscription/redemption with AMC.	Ongoing Basis: On the Exchange: 1 unit and in multiples thereof. Directly with the Mutual Fund: For Market makers: The minimum amount for purchase/redemption would be in creation unit size of 1,25,000 units and in multiples thereof. For other eligible investors: Direct transaction pertaining to subscription / redemption shall be facilitated by AMC for investors only for transactions greater than INR 25 Cr. (termed as other eligible investors). Any order placed for redemption or subscription directly with the AMC must be execution value of greater than INR 25 Cr.

Accounts Statements	The AMC shall send an allotment confirmation specifying the units allotted by way of email and/or SMS within 5 working days of receipt of valid application/transaction to the Unit holders registered e-mail address and/ or mobile number (whether units are held in demat mode or in account statement form). A Consolidated Account Statement (CAS) detailing all the transactions across all mutual funds (including transaction charges paid to the distributor) and holding at the end of the month shall be sent to the Unit holders in whose folio(s) transaction(s) have taken place during the month by mail or email on or before 15th of the succeeding month. Half-yearly CAS shall be issued at the end of every six months (i.e. September/ March) on or before 21st day of succeeding month, to all investors providing the prescribed details across all schemes of mutual funds and securities held in dematerialized form across demat accounts, if applicable For further details, refer SAI.
Redemption	The redemption or repurchase proceeds shall be dispatched to the unitholders within three working days from the date of redemption or repurchase.
Right to limit Redemptions	The Trustee may, in the general interest of the Unitholders of the Scheme and when considered appropriate to do so based on unforeseen circumstances/unusual market conditions, impose restriction on redemption of Units of the Schemes. The following requirements will be observed before imposing restriction on redemptions: a. Restriction may be imposed when there are circumstances leading to a systemic crisis or event that severely constricts market liquidity or the efficient functioning of markets such as: i. Liquidity issues - when market at large becomes illiquid affecting almost all securities rather than any issuer specific security. AMCs should have in place sound internal liquidity management tools for schemes. Restriction on redemption cannot be used as an ordinary tool in order to manage the liquidity of a scheme. Further, restriction on redemption due to illiquidity of a specific security in the portfolio of a scheme due to a poor investment decision shall not be allowed.

	ii. Market failures, exchange closures - when markets are affected by unexpected events which impact the functioning of exchanges or the regular course of transactions. Such unexpected events could also be related to political, economic, military, monetary or other emergencies. iii. Operational issues - when exceptional circumstances are caused by force majeure, unpredictable operational problems and technical failures (e.g. a black out). Such cases can only be considered if they are reasonably unpredictable and occur in spite of appropriate diligence of third parties, adequate and effective disaster recovery procedures and systems b. Restriction on redemption may be imposed for a specific period of time not exceeding 10 working days in any 90 days' period. c. Any such imposition requires specific approval of Board of AMCs and Trustees and the same shall be immediately informed to SEBI. d. When restriction on redemption is applied the following procedure shall be followed: a) Redemption requests upto Rs. 2lakh will not be subject to such restriction. b) In case of redemption requests above Rs. 2 lakhs, the AMC shall redeem the first Rs. 2 lakhs without restriction and remaining part over above be subject to such restriction. Units of the Scheme which are issued in demat (electronic) form will be transferred and transmitted in accordance with the provisions of SEBI (Depositories and Participants) Regulations, as may be amended from time to time. Right to Limit Fresh Subscription The Trustees reserves the right at its sole discretion to withdraw / suspend the allotment / Subscription of Units in the Scheme temporarily or indefinitely, at the time of NFO or otherwise, if it is viewed that increasing the size of such Scheme may prove detrimental to the Unit holders of such Scheme. An order to Purchase the Units is not binding on and may be rejected by the Trustees or the AMC unless it has been confirmed in writing by the AMC and/or payment has been received.
--	---

	Physical Units which are held in the form of account statement: Additions/deletion of names in case of Units held in other than demat mode in the form of account statement will not be allowed under any folio of the Scheme. However, on request from the Unitholder, Unit certificates will be issued in lieu of account statement for the same. The AMC will issue a Unit certificate to the applicant within 5 Business Days of the receipt of request for the certificate. Unit certificate, if issued, must be duly discharged by the Unit holder(s) and surrendered along with the request for redemption/switch or any other transaction of Units covered therein. The AMC shall, on production of instrument of transfer together with relevant unit certificates, register the transfer and return the unit certificate to the transferee within thirty days from the date of such production. The above provisions in respect of deletion of names will not be applicable in case of death of Unit holder (in respect of joint holdings) as this is treated as transmission of Units and not transfer.
Bank Mandate	As per SEBI requirements, it is mandatory for an investor to provide his/her bank account number in the Application Form. The Bank Account details as mentioned with the Depository should be mentioned. If depository account details furnished in the application form are invalid or not confirmed in the depository system, the application may be rejected. The Application Form without the Bank account details would be treated as incomplete and rejected. Notwithstanding any of the above conditions, any application may be accepted or rejected at the sole and absolute discretion of the Trustee.
Delay in payment of redemption / repurchase proceeds/dividend	The AMC shall be liable to pay interest to the Unitholders at such rate as may be specified vide para 15.4 of SEBI Master Circular on Mutual Funds for the period of such delay (presently @ 15% per annum).
Unclaimed Redemption Amount	In accordance with para 15.5 of SEBI Master Circular on Mutual Funds the AMC shall display the list of names and addresses of investors in whose folios there are unclaimed amounts. The website shall also include the process of claiming the unclaimed amount along with necessary forms and document. Further, the unclaimed amount along with its prevailing value shall be disclosed to investors separately in their periodic statement of accounts/CAS. Further, pursuant to said circular on treatment of unclaimed redemption, redemption amounts remaining unclaimed based on expiry of payment instruments will be identified on a monthly basis and

	amounts of unclaimed redemption would be deployed in the respective Unclaimed Amount Plan(s) as follows: • Motilal Oswal Liquid Fund - Unclaimed Redemption - Upto 3 years • Motilal Oswal Liquid Fund - Unclaimed Redemption - Greater than 3 years. Provided that such schemes where the unclaimed redemption amounts are deployed shall be only those Overnight scheme/ Liquid scheme / Money Market Mutual Fund schemes which are placed in A-1 cell (Relatively Low Interest Rate Risk and Relatively Low Credit Risk) of Potential Risk Class matrix as per para 6.18 Clause 17.5 of SEBI Master Circular on Mutual Funds Further, no exit load shall be charged in these plans capped as per TER of direct plan of such scheme or at 50bps whichever is lower. Investors who claim the unclaimed amounts during a period of three years from the due date shall be paid initial unclaimed amount along-with the income earned on its deployment. Investors, who claim these amounts after 3 years, shall be paid initial unclaimed amount along-with the income earned on its deployment till the end of the third year. After the third year, the income earned on such unclaimed amounts shall be used for the purpose of investor education.
Disclosure w.r.t investment by minors	Minors through Parents/Lawful Guardian. AMC will follow uniform process 'in respect of investments made in the name of a minor through a guardian' in terms of para 15.13 of SEBI Master Circular on Mutual Funds Upon the minor attaining the status of major, the minor in whose name the investment was made, shall be required to provide all the KYC details, PAN details as mentioned under the paragraph "Anti Money Laundering and Know Your Customer", updated bank account details including cancelled original cheque leaf of the new account and his specimen Signature duly authenticated by his banker. No further transactions shall be allowed till the status of the minor is changed to major. The minor unit holder shall be represented either by natural parent (father and mother) or by a legal guardian. Payment of investment shall be from the authorised banking channels and from the bank account of minor or joint account of minor with guardian.

	The process of minor attaining major and status of investment etc. is mention in Statement of Additional Information (SAI).
KYC Requirements	Investor are requested to take note that it is mandatory to complete the KYC requirements (including updation of Permanent Account Number) for all unit holders, including for all joint holders and the guardian in case of folio of a minor investor. Accordingly, financial transactions (including redemptions, switches and all types of systematic plans) and non-financial requests are liable to be rejected, if the unit holders have not completed the KYC requirements. Notwithstanding in the above cases, the AMC reserves the right to ask for any requisite documents before processing of financial and non-financial transactions or freeze the folios as appropriate. Unit holders are advised to use the applicable KYC Form for completing the KYC requirements and submit the form at the point of acceptance. Further, upon updation of PAN details with the KRA (KRA-KYC)/ CERSAI (CKYC), the unit holders are requested to intimate us/our Registrar and Transfer Agent their PAN information along with the folio details for updation in our records.
