| <b>XVII.</b> | <b>Segregated portfolio/side pocketing disclosure</b> | <p>SEBI vide clause 5.5 of SEBI Master Circular on Mutual Fund, has advised that portfolios by mutual fund schemes investing in debt and money market instruments should have provision in the concerned SID for creating portfolio segregation.</p> <p><b>Segregated Portfolio:</b> The portfolio comprising of debt and money market instruments, which might be affected by a credit event and shall also include the unrated debt or money market instruments affected by actual default.</p> <p>The AMC / Trustee shall decide on creation of segregated portfolio of the Scheme in case of a credit event/actual default at issuer level. Accordingly, Investor holding units of segregated portfolio may not able to liquidate their holding till the time recovery of money from the issuer. The Security comprised of segregated portfolio may not realise any value. Further, listing of units of segregated portfolio in recognized stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.</p> <p><b>For further details, kindly refer SAI.</b></p> |

## PART II. INFORMATION ABOUT THE SCHEME

### A. HOW WILL THE SCHEME ALLOCATE ITS ASSETS?

The asset allocation pattern of the Scheme would be as follows:

| Instruments                                          | Indicative Allocations<br>(% of total assets) |         |
|------------------------------------------------------|-----------------------------------------------|---------|
|                                                      | Minimum                                       | Maximum |
| Constituents of Nifty PSE Index                      | 95%                                           | 100%    |
| Units of Liquid schemes and Money Market instruments | 0%                                            | 5%      |

Money Market Instruments includes Commercial papers, Commercial bills, Treasury bills, TREPS, Government securities having an unexpired maturity up to one year, call or notice money, certificate of deposit, Bills Rediscounting, usance bills, and any other like instruments as specified by the Reserve Bank of India(RBI)/ Securities and Exchange Board of India (SEBI) from time to time.

As per clause 13.18.1 of SEBI Master Circular on Mutual Funds, the cumulative gross exposure through Constituents of Constituents of Nifty PSE Total Return Index and units of Liquid schemes / Money Market Instrument, derivative positions, other permitted securities/assets and such other securities/assets as may be permitted by the Board from time to time will not exceed 100% of the net assets of the scheme.

The Scheme, will hold all the securities that comprise of underline Index in the same proportion as the index subject to tracking error. Expectation is that, over a period of time, the tracking error of the Scheme relative to the performance of the Underlying Index will be relatively low.

The Investment Manager would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of tracking error relative to performance of the Underlying Index.

Cash and cash equivalents as per Pursuant to para 13.18.6 (a) of SEBI Master Circular on Mutual funds and SEBI letter no. SEBI/HO/IMD-II/DOF3/ OW/P/ 2021/ 31487 / 1 dated November 03, 2021 which includes T-bills, Government Securities and Repo on Government Securities having residual maturity of less than 91 calendar Days, shall not be considered for the purpose of calculating gross exposure limit.

However, at all times the portfolio will adhere to the overall investment objectives of the Schemes.

| 2.            | Equity Derivatives for non- hedging purposes | The Scheme may take exposure to equity derivatives of the index itself or its constituent stocks may be undertaken when equity shares are unavailable, insufficient or for rebalancing in case of corporate actions for a temporary period. Other than for above purposes, the Scheme will not invest in Equity Derivatives. These investments would be for a short period of time i.e. 7 days. Exposure towards Equity Derivatives instruments shall not exceed 20% of the net assets of the Scheme. If the exposure falls outside the above mentioned asset allocation pattern, the portfolio to be rebalanced by AMC within 7 days from the date of said deviation. The Fund shall not write options or purchase instruments with embedded written options. When constituent's securities of underlying Index are available again, derivative positions in these securities would be unwound. | In accordance with para 13.15 of SEBI Master Circular on Mutual Funds                                                                            |
| 3.            | Securitized Debt                             | The scheme will not make any                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                     | -                                                                                                                                                |

**Portfolio Rebalancing due to Short Term Defensive Consideration:**

Subject to the Regulations, the asset allocation pattern indicated above for the Scheme may change from time to time, keeping in view applicable regulations and political and economic factors. In the event that the asset allocation of the Scheme should deviate from the ranges as noted in the asset allocation table above, then the portfolio of the Scheme will be rebalanced by the Fund Manager to the position indicated in the asset allocation table above. Such changes in the asset allocation will be for short term and defensive considerations as per para 1.9.1(b) of SEBI Master Circular on Mutual Funds.

In case of deviation, if any, from the asset allocation pattern, the AMC shall rebalance the portfolio within a period of 7 calendar days in accordance with Para 4.5.5 Master Circular on Mutual Funds.

**Portfolio Rebalancing due to Passive Breach :**

In accordance with para 4.5.5 of SEBI Master Circular on Mutual Funds, in case of change in constituents of the index

due to periodic review, the portfolio of the fund shall be rebalanced within 7 calendar days. Any transactions undertaken in the scheme portfolio of the fund in order to meet the redemption and subscription obligations shall be done while ensuring that post such transactions replication of the portfolio with the index is maintained at all points of time.

Additionally, in the event of involuntary corporate action, the scheme shall dispose the security not forming part of the underlying index within 7 days from the date of allotment/ listing.

## **B. WHERE WILL THE SCHEME INVEST?**

The Scheme will invest in Equity and Equity related instruments including derivatives. The Scheme may invest its corpus in units of liquid schemes and Money Market Instruments.

Subject to the Regulations and other prevailing Laws as applicable, the corpus of the Scheme can be invested in any (but not exclusively) of the following securities:

- Equity and Equity related instruments including derivatives
- Units of Liquid Schemes and Money Market Instruments (including reverse repos, Commercial Deposit, Commercial Paper, Treasury Bills and Tri-Party Repos) permitted by SEBI/RBI or in alternative investment for the call money market as may be provided by RBI to meet the liquidity requirements.
- Derivative including Index Futures, Stock Futures, Index Options and Stock Options etc. and such other derivatives instruments permitted under Regulations.
- Mutual Fund units
- Any other instruments as may be permitted by RBI/SEBI under prevailing laws from time to time.

The investment restrictions and the limits are specified in the Schedule VI of SEBI Regulations which is mentioned in the section 'Investment Restrictions'.

The Securities mentioned above could be listed, unlisted, secured, unsecured, rated or unrated and of any maturity. The Securities may be acquired through initial public offerings, secondary market operations, and rights offers or negotiated transactions.

**For detailed information kindly refer Section II.**

## **C. WHAT ARE THE INVESTMENT STRATEGIES?**

The Scheme follows a passive investment strategy and seeks to invest in the constituent of the Nifty PSE Index. The scheme aims to achieve returns equivalent to the benchmark subject to tracking error.

The scheme would also invest in units of Liquid/ debt schemes, debt, and money market instruments as stated in the asset allocation table.

Subject to the SEBI regulations as applicable from time to time, the scheme may participate in securities lending.

### **Portfolio Turnover**

Portfolio Turnover is defined as the lower of sales or purchase divided by the average corpus during a specified period of time. The Scheme, being an open ended Scheme, it is expected that there would be a number of subscriptions and redemptions on a daily basis. However, it is difficult to measure with reasonable accuracy the likely turnover in the portfolio of the Scheme.

### **Tracking Error**

Tracking error is defined as the standard deviation of the difference between the daily returns of the Underlying Index and the NAV of the Scheme. Theoretically, the corpus of the Scheme has to be fully invested in the securities comprising the Underlying Index in the same proportion of weightage as the securities have in the Underlying Index. However, it is not possible to invest as per the objective due to reason that the Scheme has to incur expenses, corporate actions pertaining to the Index including changes to the constituents, regulatory policies, ability of the Fund Manager to closely replicate the Underlying Index, lack of liquidity, etc. The Scheme's returns may therefore deviate from those of its Underlying Index. Tracking Error may arise due to the following reasons:

1. Fees and expenses of the Scheme.
2. Cash balance held by the Scheme due to dividend received, subscriptions, redemption, etc.
3. Halt in trading on the stock exchange due to circuit filter rules.
4. Corporate actions
5. The Scheme has to invest in the securities in whole numbers and has to round off the quantity of securities shares.
6. Delay in dividend payout, and withholding tax on dividend.
7. Changes in the constituents of the underlying Index. Whenever there are any changes, the Scheme has to reallocate its investment as per the revised Index but market conditions may not offer an opportunity to rebalance its portfolio to match the Index and such delay may affect the NAV of the Scheme.
8. Lack of Liquidity

The AMC would monitor the tracking error of the Scheme on an ongoing basis and would seek to minimize tracking error to the maximum extent possible. Under normal market circumstances, such tracking error is not expected to exceed by 2% p.a.

In case of unavoidable circumstances in the nature of force majeure, which are beyond the control of the AMC, the tracking error may exceed 2% and the same will be intimated to the Trustees with corrective actions taken by the AMC, if any.

Tracking Error: The Fund shall disclose the tracking error based on past one year rolling data, on a daily basis, on the website of the Mutual Fund and AMFI.

Tracking Difference: The annualized difference of daily returns between the index and the NAV of the Fund shall be disclosed on the website of the Mutual Fund and AMFI, on a monthly basis, for tenures 1 year, 3 years, 5 years,

10 years and since the date of allotment of units.

**For detailed derivatives strategies, please refer SAI.**

#### **D. HOW WILL THE SCHEME BENCHMARK ITS PERFORMANCE?**

The performance of the Scheme will be benchmarked to Nifty PSE Total Return Index.

The index mentioned as benchmark above, is ideal benchmark for this scheme, since the investment objective of the scheme is to replicate / track the performance of the index.

#### **E. WHO MANAGES THE SCHEME?**

**vi. Investments of AMC in the Scheme**

Subject to SEBI (Mutual Fund) Regulation 22(3)(a) and para 7.13 of SEBI Master Circular on Mutual Funds, the AMC may invest in the scheme during the New Fund Offer (NFO) or continuous offer period. However, the AMC shall not charge any fees on such investments.

For the details pertaining to the said investment visit <https://www.motilaloswalmf.com/download/regulatory-updates>

## **PART III- OTHER DETAILS**

### **A. COMPUTATION OF NAV**

The Net Asset Value (NAV) per unit under the Scheme will be computed by dividing the net assets of the Scheme by the number of units outstanding on the valuation day. The Mutual Fund will value its investments according to the valuation norms, as specified in Schedule VII of the SEBI (MF) Regulations and para 9.1 of SEBI Master Circular on Mutual Funds, or such norms as may be specified by SEBI from time to time.

The Net Asset Value (NAV) of the units under the Scheme shall be calculated as follows:

NAV (Rs.) =  $\frac{\text{Market or Fair Value of Scheme's investments} + \text{Current Assets} - \text{Current Liabilities and Provision}}{\text{No. of Units outstanding under Scheme on the Valuation Day}}$

No. of Units outstanding under Scheme on the Valuation Day

The NAV will be calculated up to four decimals.

The NAV shall be calculated and disclosed on each business day. The computation of NAV shall be in conformity with SEBI Regulations and guidelines as prescribed from time to time.

#### **Illustration of NAV:**

If the net assets of the Scheme, after considering applicable expenses, are Rs.10,45,34,345.34 and units outstanding are 10,00,0000, then the NAV per unit will be computed as follows:

$10,45,34,345.34 / 10,00,000 = \text{Rs. } 10.4534 \text{ per unit (rounded off to four decimals)}$

The repurchase price shall not be lower than 97% of the NAV. For other details such as policies w.r.t computation of NAV, rounding off, investment in foreign securities, procedure in case of delay in disclosure of NAV etc. refer to SAI.

### **B. NEW FUND OFFER (NFO) EXPENSES**

These expenses are incurred for the purpose of various activities related to the NFO like sales and distribution fees, marketing and advertising, registrar expenses, printing and stationary, bank charges etc.

The entire NFO expenses were borne by AMC.

### **C. ANNUAL SCHEME RECURRING EXPENSES**

These are the fees and expenses for operating the Scheme. These expenses include but are not limited to Investment Management and Advisory Fee charged by the AMC, Registrar and Transfer agents' fees & expenses, marketing and selling costs etc.

The AMC has estimated that upto 0.90% of the daily net assets of the scheme will be charged to the scheme as expenses as permitted under Regulation 66 of SEBI (MF) Regulations. For the actual current expenses being charged, the investor should refer to the website of the Fund. For more details, also refer to the notes below the table.

The BER shall include:

Investment and Advisory fees (sub-regulation 4 of Regulation 66)

Recurring expenses (sub-regulation 5 of Regulation 66)

Charges/ commission/ fees related to distribution of mutual fund schemes (Sub regulation 6 of Regulation 66)

In addition to the limits as specified in Regulation 67 of SEBI (Mutual Funds) Regulations 2026 Total Recurring Expenses (Total Expense Limit) as specified above, the following costs or expenses may be charged to the scheme:

### Schemes may charge expense incurred towards brokerage, for the purpose of execution of trade, over and above the base expense ratio subject to a maximum of 0.06 per cent of trade value in case of cash market transactions and 0.02 per cent of trade value in case of derivatives transactions. Expense charged towards brokerage, over and above the specified limit, shall not be part of the base expense ratio limit specified in the table given above.

Transaction cost means regulatory levies and any other expenses charged by the stock exchanges, clearing corporation, and clearing house, as applicable. Such transaction costs shall not form part of the base

expense ratio.

Statutory levy means levy imposed by state government and central government.

\*\* As per para 11.9.1 of SEBI Master Circular on Mutual Funds, the charges applicable for investor education and awareness initiatives from ETFs/Index Funds shall be 0.01% of daily net assets of the scheme. Further with reference to para 11.6.3 of SEBI Master Circular on Mutual Funds, the additional distribution commission shall be paid from the 2 basis points on daily net assets, mandatorily set aside annually by the AMC towards investor education, awareness, and financial inclusion initiatives, subject to applicable claw-back provisions.

Any expense other than those specified in sub-regulation 66 (4), sub-regulation 66 (5), sub regulation 66(6), sub-regulation 66(9) and sub-regulation 66(10), shall not be charged to the scheme and shall be borne by the AMC or trustee or sponsors.

No charges other than the base expense ratio, brokerage cost, transaction cost, statutory levy and exit load including levies as may be specified by the SEBI, shall be charged to the investors.

Any expenditure in excess of the base limits specified in these regulations shall be borne by the asset management company or the trustees or sponsors. If any expense of the scheme is borne by asset management company or by the trustee or sponsors, the same shall be done only after the investment and advisory fees charged to the scheme, if any, is fully reversed.

^As per clause 4.5.1. (d) of SEBI Master Circular on Mutual Funds, incentive to be paid to Market Makers shall be charged to the ETF scheme but within the maximum permissible limit of TER.

Following are the principles of incentive structure:

- MOAMC may decide to pay compensation or remuneration to MMs depending upon various criteria such as volumes, bid-ask spread, inventory maintain by MMs / APs. Maintenance by MM of minimum unit creation size of ETF available on both bid and ask side of trades, as may be decided by AMC and MM from time to time.

All fees and expenses charged in a direct plan (in percentage terms) under various heads including the investment and advisory fee shall not exceed the fees and expenses charged under such heads in a regular plan. The BER (Base Expense Ratio) of the Direct Plan will be lower to the extent of the distribution expenses/commission which is charged in the Regular Plan and no commission for distribution of Units will be paid / charged under the Direct Plan.

The Mutual Fund would update the current expense ratios on the website ([www.motilaloswalmf.com](http://www.motilaloswalmf.com)) atleast three working days prior to the effective date of the change. Investors can refer to “Base Expense Ratio” section on <https://www.motilaloswalmf.com/downloads/mutual-fund/totalexpensratio> for Total Expense Ratio (BER) details.

### Illustration of impact of expense ratio on returns of the Scheme

| Particulars                                      | Regular Plan | Direct Plan |
|--------------------------------------------------|--------------|-------------|
|                                                  | Amount (Rs.) |             |
| Amount Invested at the beginning of the year     | N.A          | 10,000      |
| Net asset before expenses                        |              | 11,500      |
| Expenses other than Distribution Expenses _0.15% |              | 17,25       |
| Distribution Expenses 0.50%                      |              | 0.00        |
| Returns after Expenses at the end of the Year    |              | 1,482.75    |

- The purpose of the above illustration is purely to explain the impact of expense ratio charged to the Scheme and should not be construed as providing any kind of investment advice or guarantee of returns on investments.
- It is assumed that the expenses charged are evenly distributed throughout the year. The expenses of the Direct Plan under the Scheme may vary with that of the Regular Plan under the Scheme.
- Calculations are based on assumed NAVs, and actual returns on your investment may be more, or less. Any tax impact has not been considered in the above example, in view of the individual nature of the tax implications. Each investor is advised to consult his or her own financial advisor.

### D. LOAD STRUCTURE

Exit Load is an amount which is paid by the investor to redeem the units from the Scheme. This exit load charged (net of GST) will be credited back to the Scheme. Load amounts are variable and are subject to change from time to time. For the current applicable structure, please refer to the website of the AMC [www.motilaloswalmf.com](http://www.motilaloswalmf.com) or may call at toll free no. 91 8108622222 and +91 2240548002 or your distributor.

| Type of Load | Load chargeable (as %age of NAV) |
|--------------|----------------------------------|
| Exit         | Nil                              |

There is no entry/exit load on units of the Scheme bought or sold through the secondary market on the Stock Exchange. However, an investor would be paying cost in the form of a bid and ask spread and brokerage, as charged by his broker for buying/selling units of the Scheme.

The AMC shall ensure the repurchase price will not be lower than 97% of the Applicable NAV.

Please Note that the investor is requested to check the prevailing load structure of the Scheme before investing.

#### \* Liquidity window for Investors of ETFs with AMCs:

In case of redemption of units of the Scheme upto INR 25 Crores, directly with AMC, without any exit load, in case of the following scenarios:

- i. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or
- ii. No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or
- iii. Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

In case of the above scenarios, applications received from investors for redemption upto 3.00 p.m. on any trading day, shall be processed by the AMC at the closing NAV of the day. The above instances shall be tracked by the AMC on a continuous basis and in case if any of the above mentioned scenario arises, the same shall be disclosed on the website of AMC. The investor is requested to check the prevailing load structure of the Scheme before investing. For any change in load structure, AMC will issue an addendum and display it on the website/Investor Service Centers. Any imposition or enhancement in the load structure shall apply on a prospective basis and in no case the same would affect the existing investors adversely. Under the Scheme, the AMC reserves the right to modify/alter the load structure if it so deems fit in the interest of smooth and efficient functioning of the scheme, subject to maximum limits as prescribed under the SEBI Regulations. The load may also be changed from time to time and in case of exit/redemption, load may be linked to the period of holding.

**For any change in the load structure, the AMC would undertake the following steps:**

1. The addendum detailing the changes will be attached to SID and Key Information Memorandum (KIM). The addendum will be circulated to all the distributors so that the same can be attached to all SID and KIM already in stock.
2. Arrangements shall be made to display the changes/modifications in the SID in the form of a notice in all Investor Service Centers and distributors/ brokers offices.
3. The introduction of the exit load along with the details shall be stamped in the acknowledgement slip issued to the investors on submission of the application form and may also be disclosed in the statement of accounts issued after the introduction of such load.
4. The Fund shall display the addendum on its website (<https://www.motilaloswalmf.com/>).
5. Any other measure that the Mutual Fund shall consider necessary.

### **I. INTRODUCTION**

#### **A. Definitions/Interpretation**

All references to “Master Circular” refer to Master Circular for Mutual Funds no. HO/24/13/11(1)2026-IMD-POD-1/I/7602/2026 issued by SEBI dated March 20, 2026 as amended from time to time

For detailed definitions please refer link <https://www.motilaloswalmf.com/downloads/sid-related-documents>

#### **B. Requirement of Minimum Investors**

As Motilal Oswal Nifty PSE ETF is an exchange traded fund, the provision of minimum number of investors and maximum holding by the investor is not applicable as per SEBI Circular having reference to para 7.19. of SEBI Master circular on mutual funds.

#### **C. Risk Factors**

##### **Scheme Specific Risk Factors**

The Scheme is subject to the principal risks described below. Some or all of these risks may adversely affect Scheme’s NAV, trading price, yield, return and/or its ability to meet its objectives.

- **Risks associated with investing in Equities**

- a. Investments in the equity shares of the Companies constituting the Underlying Index are subject to price fluctuation on daily basis. The volatility in the value of equity is due to various micro and macro-economic factors like economic and political developments, changes in interest rates, etc. affecting the securities markets. This may have adverse impact on individual securities/sector and consequently on the NAV of Scheme.
- b. The Scheme would invest in the securities comprising the Underlying Index in the same proportion as the securities have in the Index. Hence, the risk associated with the corresponding Underlying Index would be applicable to the Scheme. The Underlying Index has its own criteria and policy for inclusion/exclusion of securities from the Index, its maintenance thereof and effecting corporate actions. The Fund would invest in the securities of the Index regardless of investment merit, research, without taking a view of the market and without adopting any defensive measures. The Fund would not select securities in which it wants to invest but is guided by the Underlying Index. As such the Scheme is not actively managed but is passively managed.

- c. **Risks of Total Return**

Dividends are assumed to be reinvested into the constituents of underlying index after the ex-dividend date of the constituents However in practice, the dividend is received with a lag. This can lead to tracking error.

- **Market Risk**

The Scheme’s NAV will react to stock market movements. The value of investments in the scheme may go down over a short or long period due to fluctuations in Scheme’s NAV in response to factors such as performance of companies whose stock comprises the underlying portfolio, economic and political developments, changes in government policies, changes in interest rates, inflation and other monetary factors causing movement in prices of underlining investments.

- **Concentration risk**

This is the risk arising from over exposure to few securities/issuers/sectors.

- **Passive Investments**

The Scheme is not actively managed. Since the Scheme is linked to index, it may be affected by a general decline in the Indian markets relating to its underlying index. The Scheme as per its investment objective invests in Securities which are constituents of its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets.

- **Right to Limit Redemptions**

The Trustee, in the general interest of the unit holders of the Scheme offered under this SID and keeping in view of the unforeseen circumstances/unusual market conditions, may limit the total number of Units which can be redeemed on any Business Day subject to the guidelines/circulars issued by the Regulatory Authorities from time to time.

- **Risk Factors relating to Portfolio Rebalancing**

In the event that the asset allocation of the Scheme deviates from the ranges as provided in the asset allocation table in this SID, then the Fund Manager will rebalance the portfolio of the Scheme to the position indicated in the asset allocation table. However, if market conditions do not permit the Fund Manager to rebalance the portfolio of the Scheme then the AMC would notify the Board of the Trustee Company and the Investment Committee of the AMC with appropriate justifications.

**Risks Associated with Money Market Instruments**

- **Price-Risk or Interest-Rate Risk:** Fixed income securities such as bonds, debentures and money market instruments run price-risk or interest-rate risk. Generally, when interest rates rise, prices of existing fixed income securities fall and when interest rates drop, such prices increase. The extent of fall or rise in the prices is a function of the existing coupon, days to maturity and the increase or decrease in the level of interest rates.
- **Credit Risk**  
Credit Risk means that the issuer of a security may default on interest payments or even paying back the principal amount on maturity. (i.e. the issuer may be unable to make timely principal and interest payments on the security). Even where no default occurs, the prices of security may go down because the credit rating of an issuer goes down. It must be, however, noted that where the Scheme has invested in Government securities, there is no risk to that extent.
- **Liquidity or Marketability Risk:** This refers to the ease with which a security can be sold at or near to its valuation yield-to-maturity (YTM). The primary measure of liquidity risk is the spread between the bid price and the offer price quoted by a dealer. Liquidity risk is today characteristic of the Indian fixed income market.

- **Reinvestment Risk:** Investments in fixed income securities may carry reinvestment risk as interest rates prevailing on the interest or maturity due dates may differ from the original coupon of the bond. Consequently, the proceeds may get invested at a lower rate.
- **Pre-payment Risk:** Certain fixed income securities give an issuer the right to call back its securities before their maturity date, in periods of declining interest rates. The possibility of such prepayment may force the fund to reinvest the proceeds of such investments in securities offering lower yields, resulting in lower interest income for the fund.
- **Spread Risk:** In a floating rate security the coupon is expressed in terms of a spread or mark up over the benchmark rate. In the life of the security this spread may move adversely leading to loss in value of the portfolio. The yield of the underlying benchmark might not change, but the spread of the security over the underlying benchmark might increase leading to loss in value of the security.
- Different types of securities in which the scheme would invest as given in the SID carry different levels and types of risk. Accordingly, the scheme's risk may increase or decrease depending upon its investment pattern. E.g. corporate bonds carry a higher amount of risk than Government securities. Further even among corporate bonds, bonds, which are AA rated, are comparatively more risky than bonds, which are AAA rated.
- **Risks associated with Investing in Derivatives**  
Derivative products are leveraged instruments and can provide disproportionate gains as well as disproportionate losses to the investor. Execution of such strategies depends upon the ability of the fund manager to identify such opportunities. Identification and execution of the strategies to be pursued by the fund manager involve uncertainty and decision of the fund manager may not always be profitable. No assurance can be given that the fund manager will be able to identify or execute such strategies.

Derivative products are specialized instruments that require investment techniques and risk analysis different from those associated with stocks. The use of a derivative requires an understanding not only of the underlying instrument but of the derivative itself. Derivatives require the maintenance of adequate controls to monitor the transactions entered into, the ability to assess the risk that a derivative adds to the portfolio and the ability to forecast price or interest rate movements correctly. There is a possibility that a loss may be sustained by the portfolio as a result of the failure of another party (usually referred to as the "counterparty") to comply with the terms of the derivatives contract. Other risks in using derivatives include the risk of mispricing or improper valuation of derivatives and the inability of derivatives to correlate perfectly with underlying assets, rates and indices, illiquidity risk whereby the Scheme may not be able to sell or purchase derivative quickly enough at a fair price. The risks associated with the use of derivatives are different from or possibly greater than, the risks associated with investing directly in securities and other traditional investments.

- **Risks associated with Segregated portfolio**  
The AMC / Trustee shall decide on creation of segregated portfolio of the Scheme in case of a credit event/actual default at issuer level. Accordingly, Investor holding units of segregated portfolio may not be able to liquidate their

holding till the time recovery of money from the issuer. The Security comprised of segregated portfolio may not realise any value. Further, Listing of units of segregated portfolio in recognised stock exchange does not necessarily guarantee their liquidity. There may not be active trading of units in the stock market. Further trading price of units on the stock market may be significantly lower than the prevailing NAV.

- **Risks associated with Securities Lending**

Securities Lending is a lending of securities through an approved intermediary to a borrower under an agreement for a specified period with the condition that the borrower will return equivalent securities of the same type or class at the end of the specified period along with the corporate benefits accruing on the securities borrowed.

In case the Scheme undertakes stock lending as prescribed in the Regulations, it may, at times be exposed to counter party risk and other risks associated with the securities lending. Unitholders of the Scheme should note that there are risks inherent to securities lending, including the risk of failure of the other party, in this case the approved intermediary, to comply with the terms of the agreement entered into between the lender of securities i.e. the Scheme and the approved intermediary. Such failure can result in the possible loss of rights to the collateral put up by the borrower of the securities, the inability of the approved intermediary to return the securities deposited by the lender and the possible loss of any corporate benefits accruing to the lender from the securities lent. The Fund may not be able to sell such lent securities and this can lead to temporary illiquidity.

- **Tracking Error and Tracking Difference Risk**

The Fund Manager would not be able to invest the entire corpus exactly in the same proportion as in the underlying index due to certain factors such as the fees and expenses of the Scheme, corporate actions, cash balance and changes to the underlying index and regulatory restrictions, lack of liquidity which may result in Tracking Error. Hence it may affect AMC's ability to achieve close correlation with the underlying index of the Scheme. The Scheme's returns may therefore deviate from its underlying index. "Tracking Error" is defined as the standard deviation of the difference between daily returns of the underlying index and the NAV of the Scheme. The Fund Manager would monitor the Tracking Error of the Scheme on an ongoing basis and would seek to minimize the Tracking Error to the maximum extent possible. There can be no assurance or guarantee that the Scheme will achieve any particular level of Tracking Error relative to performance of the underlying Index. Tracking difference refers to annualized difference of daily returns between the index and the NAV of the ETF / Index fund.

- **Trading through mutual fund trading platforms of BSE and/ or NSE**

In respect of transaction in Units of the Scheme through BSE and/ or NSE, allotment and redemption of Units on any Business Day will depend upon the order processing/settlement by BSE and/ or NSE and their respective clearing corporations on which the Mutual Fund has no control.

- **Risks associated with investing in Government of India Securities**

- Market Liquidity risk with fixed rate Government of India Securities even though the Government of India Securities market is more liquid compared to other debt instruments, on certain occasions, there could be difficulties in transacting in the market due to extreme volatility leading to constriction in market volumes. Also,

the liquidity of the Scheme may suffer in case the relevant guidelines issued by Reserve Bank of India undergo any adverse changes.

- Interest Rate risk associated with Government of India Securities - while Government of India Securities generally carry relatively minimal credit risk since they are issued by the Government of India, they do carry price risk depending upon the general level of interest rates prevailing from time to time. Generally, when interest rates rise, prices of fixed income securities fall and when interest rates decline, the prices of fixed income securities increase. The extent of fall or rise in the prices is a function of the coupon rate, days to maturity and the increase or decrease in the level of interest rates. The price-risk is not unique to Government of India Securities. It exists for all fixed income securities. Therefore, their prices tend to be influenced more by movement in interest rates in the financial system than by changes in the government's credit rating. By contrast, in the case of corporate or institutional fixed income Securities, such as bonds or debentures, prices are influenced by their respective credit standing as well as the general level of interest rates.

- **Risks associated with investing in TREPS Segments**

The mutual fund is a member of securities and TREPS segments of the Clearing Corporation of India (CCIL). All transactions of the mutual fund in government securities and in TREPS segments are settled centrally through the infrastructure and settlement systems provided by CCIL; thus reducing the settlement and counterparty risks considerably for transactions in the said segments. The members are required to contribute an amount as communicated by CCIL from time to time to the default fund maintained by CCIL as a part of the default waterfall (a loss mitigating measure of CCIL in case of default by any member in settling transactions routed through CCIL). The mutual fund is exposed to the extent of its contribution to the default fund of CCIL at any given point in time. In the event that the default waterfall is triggered and the contribution of the mutual fund is called upon to absorb settlement/default losses of another member by CCIL, the scheme may lose an amount equivalent to its contribution to the default fund allocated to the scheme on a pro-rata basis.

- **Risk associated with ETF**

1. **Passive Investments:** As the scheme proposes to invest not less than 95% of the net assets in the securities of the benchmark Index, the Scheme will not be actively managed. The Scheme may be affected by a general decline in the Indian markets relating to its Underlying Index. The Scheme invests in the securities included in its underlying index regardless of their investment merit. The AMC does not attempt to individually select stocks or to take defensive positions in declining markets. The value of the Scheme's investments, may be affected generally by factors affecting equity markets, such as price and volume volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors. Consequently, the NAV of the Units of the Scheme may fluctuate and can go up or down.
2. **Market risk:** ETFs are typically designed to track the performance of certain indices, market sectors, or groups of assets such as stocks, bonds, or commodities. ETF managers may use different strategies to achieve this goal,

but in general they do not have the discretion to take defensive positions in declining markets. Investors must be prepared to bear the risk of loss and volatility associated with the underlying index/assets.

3. **Tracking errors:** Tracking errors refer to the disparity in performance between an ETF and its underlying index/assets. Tracking errors can arise due to factors such as the impact of transaction fees and expenses incurred to the ETF, changes in composition of the underlying index/assets, and the ETF manager's replication strategy.
4. **Trading at discount or premium:** An ETF may be traded at a discount or premium to its Net Asset Value (NAV). This price discrepancy is caused by supply and demand factors, and may be particularly likely to emerge during periods of high market volatility and uncertainty.
5. **Liquidity risk:** Authorized participants (APs) are Exchange Participants that provide liquidity to facilitate trading in ETFs. Although most ETFs are supported by one or more APs, there is no assurance that active trading will be maintained.
6. As the units of the Scheme are listed on the Stock Exchange, trading in the units of the Scheme may be halted due to market conditions or for reasons that in the view of the Exchange Authorities or SEBI. There could also be trading halts caused by extraordinary market volatility and pursuant to NSE/BSE and SEBI circuit filter rules and the Scheme would not be able to buy/sell securities in case of subscriptions/redemptions, which may impact the Scheme. Further, there can be no assurance that the requirements of the exchange necessary to maintain the listing of the Scheme will continue to be met or will remain unchanged.
7. Listing and trading of the units are undertaken on the Stock Exchanges within the rules, regulation and policy of the Stock Exchange and SEBI. Any change in trading rules, regulation and policy by the regulatory authority would have a bearing on the trading of the units of the Scheme and its prices.
8. Though the Scheme is listed on the NSE, there is no assurance that an active secondary market will develop or be maintained. Hence, there would be times when trading in the units of the Scheme would be infrequent.
9. The NAV of the Scheme reflects the valuation of its investment and any changes in market value of its investments would have a bearing on its NAV. When the units are traded on the Stock Exchange, the units of the Scheme may trade at prices which can be different from the NAV due to various factors like demand and supply for the units of the Scheme, perceived trends in the market outlook, etc.
10. In certain cases, settlement periods may be extended significantly by unforeseen circumstances. The inability of the Scheme to make intended securities purchases due to settlement problems could cause the Scheme to miss certain investment opportunities as in certain cases, settlement periods may be extended significantly by unforeseen circumstances. Similarly, the inability to sell securities held in the Scheme portfolio may result, at times, in potential losses to the Scheme, and there can be a subsequent decline in the value of the securities held in the Scheme portfolio.

11. Investors can directly approach the AMC for redemption of units of ETFs, for transaction of up to INR 25 Cr. without any exit load, in case of the following scenarios: i. Traded price (closing price) of the ETF units is at discount of more than 1% to the day end NAV for 7 continuous trading days, or ii. No quotes for such ETFs are available on stock exchange(s) for 3 consecutive trading days, or iii. Total bid size on the exchange is less than half of creation units size daily, averaged over a period of 7 consecutive trading days.

12. Tracking error may arise due to various reasons like fees and expenses charged to the Scheme, dividend, corporate actions, change in the Underlying Index, etc. Tracking error has an impact on the performance of the Scheme. The Scheme's returns may therefore deviate from those of its Underlying Basket. However, the Fund would endeavor to keep the tracking error as low as possible.

- **Risk associated with investing in Repo of Corporate Bond Securities**

To the extent the scheme invests in Repo of Corporate Bond Securities, the scheme will be subject to following risks –

Corporate Bond Repo will be subject to counter party risk. The Scheme will be exposed to credit risk on the underlying collateral– downward migration of rating. The scheme may impose adequate haircut on the collateral to cushion against any diminution in the value of the collateral. Collateral will require to be rated AA and above rated where potential for downgrade/default is low. In addition, appropriate haircuts are applied on the market value of the underlying securities to adjust for the illiquidity and interest rate risk on the underlying instrument.

Liquidity of collateral: In the event of default by the counterparty, the scheme would have recourse to recover its investments by selling the collateral in the market. If the underlying collateral is illiquid, then the Mutual Fund may incur an impact cost at the time of sale (lower price realization).

- **Risk associated with potential change in Tax structure**

This summary of tax implications given in the taxation section (Units and Offer Section III) is based on the current provisions of the applicable tax laws. This information is provided for general purpose only. The current taxation laws may change due to change in the 'Income Tax Act 1961' or any subsequent changes/amendments in Finance Act/Rules/Regulations. Any change may entail a higher outgo to the scheme or to the investors by way of securities transaction taxes, fees, taxes etc. thus adversely impacting the scheme and its returns.

- **Risk associated with Nifty PSE ETF**

The scheme is passively managed ETF fund. The Scheme portfolio is focused on public sector enterprises, leading to lower diversification compared to broader market indices. Further Changes in economic conditions, regulations, or government policies affecting these sectors can significantly influence returns.

### **Risk Control**

Risk is an inherent part of the investment function. Effective Risk management is critical to fund management for achieving financial soundness. Investment by the Scheme would be made as per the investment objective of the Scheme and in accordance with SEBI Regulations. AMC has adequate safeguards to manage risk in the portfolio construction process. Risk control would involve managing risk in order to keep in line with the investment

objective of the Scheme. The risk control process would include identifying the risk and taking proper measures for the same. The system has incorporated all the investment restrictions as per the SEBI guidelines and enables identifying and measuring the risk through various risk management tools like various portfolio analytics, risk ratios, average duration and analyses the same and acts in a preventive manner.

#### D. Risk mitigation strategies:

| <b><u>Market Risk</u></b><br>The Scheme is vulnerable to movements in the prices of securities invested by the Scheme, which could have a material bearing on the overall returns from the Scheme. The value of the underlying Scheme investments, may be affected generally by factors affecting securities markets, such as price and volume, volatility in the capital markets, interest rates, currency exchange rates, changes in policies of the Government, taxation laws or any other appropriate authority policies and other political and economic developments which may have an adverse bearing on individual securities, a specific sector or all sectors including equity and debt markets. | Market risk is inherent to an equity scheme. Being a passively managed scheme, it will invest in the securities included in its Underlying Index.                                                                                                                                                                                                                                                                                                              |

## **E. Special Considerations:**

1. Prospective investors should study this SID and SAI carefully in its entirety and should not construe the contents hereof as advice relating to legal, taxation, financial, investment or any other matters and are advised to consult their legal, tax, financial and other professional advisors to determine possible legal, tax, financial or other considerations of subscribing to or redeeming units, before making a decision to invest/redeem/hold units.
2. Neither this SID and SAI nor the units have been registered in any jurisdiction. The distribution of this SID or SAI in certain jurisdictions may be restricted or totally prohibited to registration requirements and accordingly, any person who comes into possession of this SID or SAI is required to inform themselves about and to observe any such restrictions and/or legal compliance requirements of applicable laws and Regulations of such relevant jurisdiction. It is the responsibility of any persons in possession of this SID or SAI and any persons wishing to apply for units pursuant to this SID to inform themselves of and to observe, all applicable laws and Regulations of such relevant jurisdiction. Any changes in SEBI/Stock Exchange/RBI regulations and other applicable laws/regulations could have an effect on such investments and valuation thereof.
3. The AMC, Trustee or the Mutual Fund have not authorized any person to issue any advertisement or to give any information or to make any representations, either oral or written, other than that contained in this SID or SAI or as provided by the AMC in connection with this offering. Prospective Investors are advised not to rely upon any information or representation not incorporated in the SID or SAI or as provided by the AMC as having been authorized by the Mutual Fund, the AMC or the Trustee.
4. The tax benefits described in this SID and SAI are as available under the present taxation laws and are available subject to relevant conditions. The information given is included only for general purpose and is based on advice received by the AMC regarding the law and practice currently in force in India as on the date of this SID and the Unitholders should be aware that the relevant fiscal rules or their interpretation may change. As is the case with any investment, there can be no guarantee that the tax position or the proposed tax position prevailing at the time of an investment in the Scheme will endure indefinitely. In view of the individual nature of tax consequences, each Unitholder is advised to consult his / her own professional tax advisor.
5. Redemptions due to change in the fundamental attributes of the Scheme or due to any other reasons may entail tax consequences. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise.
6. The Trustee, AMC, Mutual Fund, their directors or their employees shall not be liable for any of the tax consequences that may arise, in the event that the Scheme is wound up for the reasons and in the manner provided in SAI.

The Mutual Fund may disclose details of the investor's account and transactions there under to those intermediaries whose stamp appears on the application form or who have been designated as such by the investor. In addition, the Mutual Fund may disclose such details to the bankers, as may be necessary for the purpose of effecting payments to the investor. The Fund may also disclose such details to regulatory and statutory authorities/bodies

as may be required or necessary.

7. MOAMC undertakes the following activities other than that of managing the Schemes of MOMF and has also obtained NOC from SEBI for the same:
  - MOAMC is a registered Portfolio Manager under SEBI (Portfolio Managers) Regulations, 1993 bearing registration number INP000000670 dated August 21, 2017.
  - MOAMC acts as an Investment Manager to the Schemes of Motilal Oswal Alternative Investment Trust and is registered under SEBI (Alternative Investment Funds) Regulations, 2012 as Category III AIF bearing registration number IN/AIF3/13-14/0044 and IN/AIF3/19-20/0799 respectively.
  - MOAMC has incorporated a wholly owned subsidiary in Mauritius which acts as an Investment Manager to the funds based in Mauritius.
  - MOAMC has incorporated a wholly owned subsidiary in India which currently undertakes Investment Advisory Services to offshore clients.

AMC confirms that there is no conflict of interest between the aforesaid activities managed by AMC. In the situations of unavoidable conflicts of interest, the AMC undertakes that it shall satisfy itself that adequate disclosures are made of source of conflict, potential 'material risk or damage' to investor interest and develop parameters for the same.

8. Apart from the above-mentioned activities, the AMC may undertake any business activities other than in the nature of management and advisory services provided to pooled assets including offshore funds, insurance funds, pension funds, provident funds, if any of such activities are not in conflict with the activities of the mutual fund subject to receipt of necessary regulatory approvals and approval of Trustees and by ensuring compliance with provisions of regulation 21(b) (i to viii). Provided further that the asset management company may, itself or through its subsidiaries, undertake portfolio management services and advisory services for other than broad based fund till further directions, as may be specified by the Board, subject to compliance with the following additional conditions: -
  - It satisfies the Board that key personnel of the asset management company, the system, back office, bank and securities accounts are segregated activity wise and there exist system to prohibit access to inside information of various activities;

The Value of Portfolio Deposit and Cash Component would vary from time to time and would be declared by the Fund on a daily basis.

The cash component is arrived in the following manner:

|                |           |
|----------------|-----------|
| Date           | 30-Mar-26 |
| Index Value    | 9,559     |
| Tracking Ratio | 100       |
| NAV            | 97.14     |
| Creation Unit  | 30,000    |
| Amount         | 29,14,125 |
| CU Amount      | 28,88,822 |
| Cash Component | 25,303    |

The above is just an example to illustrate the calculation of cash component. Cash Component will vary depending upon the actual charges incurred. Please note:

1. Transaction charges like brokerage, depository charges etc. are payable by the investor on per creation request and will be as determined by the AMC at the time of transaction.
2. Cash component is an indicative amount and will be collected/paid as applicable on the date of purchase/redemption. It will vary depending upon the actual charges incurred and other incidental charges for creating units.
3. For accrued interest calculation of dated Government securities, the day count convention of 30/360 is followed.

The units of the Scheme would be allotted at the applicable NAV. Investors under the Scheme will have an option to hold the Units either in dematerialized (electronic) form or in physical form. In case of investors opting to hold Units in dematerialized mode, the Units will be credited to the investors' depository account (as per the details provided by the investor). Further, a holding statement could be obtained from the Depository Participants by the Investor. In case of investors opting to hold the Units in physical mode, on allotment, the AMC/Fund will send to the Unitholders, an account statement specifying the number of units allotted by way of physical form (where email address is not registered) and/or email and/or SMS within 5 Business Days from the receipt of the Fund to the registered address/e-mail address and/or mobile number. Normally, no certificates will be issued. However, on</p> |

| <b>How to Apply and other details</b> | <p>1. This section must be read in conjunction with Statement of Additional Information Fund (herewith referred as “SAI”). Investors should mandatorily use the Application Forms, Transactions Request, included in the KIM and other standard forms available at the Investor Service Centers/ <a href="https://www.motilaloswalmf.com/">https://www.motilaloswalmf.com/</a> for any financial/non-financial transactions. Any transactions received in any non-standard forms are liable to be rejected.</p> <p>Investors are advised to fill up the details of their bank account numbers on the application form in the space provided. In order to protect the interest of the Unit holders from fraudulent encashment of cheques, SEBI has made it mandatory for investors in mutual funds to state their bank account numbers in their applications. SEBI has also made it mandatory for investors to mention their Permanent Account Number (PAN) transacting in the units of Motilal Oswal Mutual Fund (herewith referred as “MOMF”), irrespective of the amount of transaction.</p> <p>Please also note that the KYC is mandatory for making investment in mutual funds schemes irrespective of the amount, for details please refer to SAI. The application (both direct application and application routed through Distributor) should be complete in all respects along with the cheque / pay order / demand draft / other payment instruction should be submitted at the Investor Service Center, Official Point of Acceptance of Transaction, at the registered and corporate office of the AMC and the office of the Registrar during their Business Hours on their respective Business Day. No outstation cheques or stock invests will be accepted. Currently, the option to invest in the Scheme through payment mode as Cash is not available. The Trustees reserves the right to change/modify above provisions at a later date.</p> |
